The Delano Union School District ensures the following policies and procedures to

obtain the active involvement of employees and authorized employee representatives in developing and implementing the plan:

- Management will work with and allow employees and authorized employee representatives to participate in:
  - Identifying, evaluating, and determining corrective measures to prevent workplace violence. Management will have monthly safety meetings with employees and their representatives to discuss identification of workplace violence related concerns/hazards, evaluate those hazards and/or concerns, and how to correct them. These meetings could involve brainstorming sessions, discussions of recent incidents, and reviews of safety procedures.
  - Designing and implementing training. Employees are encouraged to participate in designing and implementing training programs, and their suggestions are incorporated into the training materials. For example, an employee might suggest a new training scenario based on a recent incident.
  - Reporting and investigating workplace violence incidents. Reporting violent incidents will take place using a workplace violence incident log and will be given to Supervisor or to the Director of Safety and Security. The log will be sent to the Director of Safety and Security, who will review the incident log and determine if further investigation is warranted. Additionally, concerns or reports of workplace violence may be reported anonymously on the District website.
- Management will ensure that all workplace violence policies and procedures within this written plan are clearly communicated and understood by all employees. Managers and supervisors will enforce the rules fairly and uniformly.

- The plan shall be in effect at all times and in all work areas and be specific to the hazards and corrective measures for each work area and operation.

## **EMPLOYEE COMPLIANCE**

Our system to ensure that employees comply with the rules and work practices that are designed to make the workplace more secure, and do not engage in threats or physical actions which create a security hazard for others in the workplace, include at a

- Provide retraining to employees whose safety performance is deficient with the WVPP.
- Recognizing employees who demonstrate safe work practices that promote the WVPP in the workplace.
- Discipline employees for failure to comply with the WVPP pursuant to terms of collective bargaining agreements.

## **COMMUNICATION WITH EMPLOYEES**

We recognize that open, two-way communication between our management team, staff, and other employers, about workplace violence issues is essential to a safe and productive workplace. The following communication system is designed to facilitate a continuous flow of workplace violence prevention information between management and staff in a form that is readily understandable by all employees, and consists of one or more of the following:

- Employees will not be prevented from accessing their mobile or other communication devices to seek emergency assistance, assess the safety of a situation, or communicate with a person to verify their safety. Employees' concerns will be investigated in a timely manner and they will be informed of the results of the investigation and any corrective actions to be taken. The District Director of Safety and Security shall be responsible for investigating and/or taking corrective actions in a timely manner.
- Updates on the status of investigations and corrective actions are provided to employees through email and at safety meetings. These updates could include information about the progress of investigations, the results of investigations, and any corrective actions taken.
- Updates during daily/weekly/monthly/quarterly meetings with other employers in the building (at or near and around the same worksite) to discuss the plan and any updates. These meetings could involve sharing updates to the plan, discussing recent incidents, and coordinating training sessions.
- Sharing training materials and incident reports with other employers to ensure a coordinated response to any incidents.
