DUSD Nondiscrimination in Employment Board Policy 4030

The Governing Board is determined to provide district employees, interns, volunteers, and job applicants a safe, positive environment where they are assured of full and equal employment access and opportunities, protection from harassment or intimidation, and freedom from any fear of reprisal or retribution for asserting their employment rights in accordance with law. This policy shall apply to all district employees and, to the extent required by law, to interns, volunteers, and job applicants.

No district employee shall be discriminated against or harassed by any coworker, supervisor, manager, or other person with whom the employee comes in contact in the course of employment, on the basis of the employee's actual or perceived race, religious creed, color, national origin, ancestry, age, marital status, pregnancy, physical or mental disability, medical condition, genetic information, military and veteran status, gender, gender identity, gender expression, sex, or sexual orientation or his/her association with a person or group with one or more of these actual or perceived characteristics.

Discrimination in employment based on the characteristics listed above is prohibited in all areas of employment and in all employment-related practices, including the following:

1. Discrimination in hiring, compensation, terms, conditions, and other privileges of employment
2. Taking of an adverse employment action, such as termination or the denial of employment, promotion, job assignment, or training
3. Unwelcome conduct, whether verbal, physical, or visual, that is so severe or pervasive as to adversely affect an employee's employment opportunities, or that has the purpose or effect of unreasonably interfering with the individual's work performance or creating an intimidating, hostile, or offensive work environment
4. Actions and practices identified as unlawful or discriminatory pursuant to Government Code 12940 or 2 CCR 11006-11086, such as:
 - a. Sex discrimination based on an employee's pregnancy, childbirth, breastfeeding, or any related medical condition or on an employee's gender, gender expression, or gender identity, including transgender status
 - b. Religious creed discrimination based on an employee's religious belief or observance, including his/her religious dress or grooming practices, or based on the district's failure or refusal to use reasonable means to accommodate an employee's religious belief, observance, or practice which conflicts with an employment requirement.
 - c. Disability discrimination based on a district requirement for a medical or psychological examination of a job applicant, or an inquiry into whether a job applicant has a mental or physical disability or a medical condition or as to the severity of any such disability or condition, without the showing of a job-related need or business necessity
 - d. Disability discrimination based on the district's failure to make reasonable accommodation for the known physical or mental disability of an employee or to engage in a timely, good faith, interactive process with an employee, to determine effective reasonable accommodations for the employee, when he/she has requested reasonable accommodation for a known physical or mental disability or medical condition

The Board also prohibits retaliation against any district employee who opposes any discriminatory employment practice by the district or its employees, agents, or representatives or who complains, testifies, assists, or in any way participates in the district's complaint process pursuant to this policy. No employee who requests an accommodation for any protected characteristic listed in this policy shall be subjected to any punishment or sanction, regardless of whether the request was granted. (Government Code 12940)

Complaints concerning employment discrimination, harassment, or retaliation shall immediately be investigated in accordance with procedures specified in the accompanying administrative regulation.

DUSD Nondiscrimination in Employment B.P 4030 (Continued)

Any supervisory or management employee who observes or has knowledge of an incident of prohibited discrimination or harassment shall report the incident to the Superintendent or designated district coordinator as soon as practical after the incident. All other employees are encouraged to report such incidents to their supervisor immediately. The district shall protect any employee who reports such incidents from retaliation.

The Superintendent or designee shall use all appropriate means to reinforce the district's nondiscrimination policy. He/she shall provide training and information to employees about how to recognize harassment, discrimination, or other related conduct, how to respond appropriately, and components of the district's policies and regulations regarding discrimination. The Superintendent or designee shall regularly review the district's employment practices and, as necessary, shall take action to ensure district compliance with the nondiscrimination laws.

In addition, the Superintendent or designee shall post, in a conspicuous place on district premises, the California Department of Fair Employment and Housing publication on workplace discrimination and harassment issued pursuant to 2 CCR 11013.

Complaint Procedure

Any complaint alleging unlawful discrimination or harassment shall be addressed in accordance with the following procedures:

1. **Notice and Receipt of Complaint:** A complainant may inform his/her direct supervisor, another supervisor, the coordinator, the Superintendent or, if available, a complaint hotline or an ombudsman.

The complainant may file a written complaint in accordance with this procedure, or if he/she is an employee, may first attempt to resolve the situation informally with his/her supervisor.

A supervisor or manager who has received information about an incident of discrimination or harassment, or has observed such an incident, shall report it to the coordinator, whether or not the complainant files a written complaint.

The written complaint should contain the complainant's name, the name of the individual who allegedly committed the act, a description of the incident, the date and location where the incident occurred, any witnesses who may have relevant information, other evidence of the discrimination or harassment, and any other pertinent information which may assist in investigating and resolving the complaint.

2. **Investigation Process:** The coordinator shall initiate an impartial investigation of an allegation of discrimination or harassment within five business days of receiving notice of the alleged discriminatory or harassing behavior, regardless of whether a written complaint has been filed or whether the written complaint is complete.

The coordinator shall meet with the complainant to describe the district's complaint procedure and discuss the actions being sought by the complainant in response to the allegation. The coordinator shall inform the complainant that the investigation of the allegations will be fair, timely, and thorough and will be conducted in a manner that provides all parties due process and reaches reasonable conclusions based on the evidence collected. He/she shall also inform the parties that the investigation will be kept confidential to the extent possible, but that some information may be revealed as necessary to conduct an effective investigation.

If the coordinator determines that a detailed fact-finding investigation is necessary, he/she shall begin the investigation immediately. As part of this investigation, the coordinator should interview the complainant, the person accused, and other persons who could be expected to have relevant information.

The coordinator shall track and document the progress of the investigation to ensure reasonable progress and shall inform the parties as necessary.

When necessary to carry out his/her investigation or to protect employee safety, the coordinator may discuss the complaint with the Superintendent or designee, district legal counsel, or the district's risk manager.

The coordinator also shall determine whether interim measures, such as scheduling changes, transfers, or leaves, need to be taken before the investigation is completed to ensure that further incidents are prevented. The coordinator shall ensure that such interim measures do not constitute retaliation.

3. **Written Report on Findings and Remedial/Corrective Action:** No more than 20 business days after receiving the complaint, the coordinator shall conclude the investigation and prepare a written report of his/her findings. This timeline may be extended for good cause. If an extension is needed, the coordinator shall notify the parties and explain the reasons for the extension.

The report shall include the decision and the reasons for the decision and shall summarize the steps taken during the investigation. If a determination has been made that discrimination or harassment occurred, the report also shall include any corrective action(s) that have been or will be taken to address the

DUSD Nondiscrimination in Employment AR 4030 (Continued)

behavior, provide appropriate options for remedial actions and resolutions for the complainant, and ensure that retaliation or further discrimination or harassment is prevented.

The report shall be presented to the complainant, the person accused, and the Superintendent or designee.

4. Appeal to the Governing Board: The complainant or the person accused may appeal any findings to the Board within 10 business days of receiving the written report of the coordinator's findings. The Superintendent or designee shall provide the Board with all information presented during the investigation. Upon receiving an appeal, the Board shall schedule a hearing as soon as practicable. Any complaint against a district employee shall be addressed in closed session in accordance with law. The Board shall render its decision within 10 business days.

The time limits for filing such complaints are as follows:

If 15 percent or more of students enrolled in a particular district school speak a single primary language other than English, the district's policy, regulation, forms, and notices concerning the UCP shall be translated into that language, in accordance with Education Code 234.1 and 48985. In all other instances, the district shall ensure meaningful access to all relevant UCP information for parents/guardians with limited English proficiency.

Filing of Complaints

The complaint shall be presented to the compliance officer who shall maintain a log of complaints received, providing each with a code number and a date stamp.

All complaints shall be filed in writing and signed by the complainant. If a complainant is unable to put a complaint in writing due to conditions such as a disability or illiteracy, district staff shall assist him/her in the filing of the complaint. (5 CCR 4600)

Complaints shall also be filed in accordance with the following rules, as applicable:

1. A complaint alleging district violation of applicable state or federal law or regulations governing the programs specified in the accompanying Board policy (item #1 of the section "Complaints Subject to UCP") may be filed by any individual, public agency, or organization. (5 CCR [4630](#))
2. Any complaint alleging noncompliance with law regarding the prohibition against student fees, deposits, and charges or any requirement related to the LCAP may be filed anonymously if the complaint provides evidence, or information leading to evidence, to support an allegation of noncompliance. A complaint about a violation of the prohibition against the charging of unlawful student fees may be filed with the principal of the school or with the Superintendent or designee. However, any such complaint shall be filed no later than one year from the date the alleged violation occurred. (Education Code [49013](#), [52075](#); 5 CCR [4630](#))
3. A complaint alleging unlawful discrimination (such as discriminatory harassment, intimidation, or bullying) may be filed only by persons who allege that they have personally suffered unlawful discrimination or who believe that an individual or any specific class of individuals has been subjected to unlawful discrimination. The complaint shall be initiated no later than six months from the date that the alleged unlawful discrimination occurred, or six months from the date that the complainant first obtained knowledge of the facts of the alleged unlawful discrimination. The time for filing may be extended for up to 90 days by the Superintendent or designee for good cause upon written request by the complainant setting forth the reasons for the extension. (5 CCR [4630](#))
4. When a complaint alleging unlawful discrimination (such as discriminatory harassment, intimidation, or bullying) is filed anonymously, the compliance officer shall pursue an investigation or other response as appropriate, depending on the specificity and reliability of the information provided and the seriousness of the allegation.
5. When the complainant of unlawful discrimination (such as discriminatory harassment, intimidation, or bullying) or the alleged victim, when not the complainant, requests confidentiality, the compliance officer shall inform the complainant or victim that the request may limit the district's ability to investigate the conduct or take other necessary action. When honoring a request for confidentiality, the district shall nevertheless take all reasonable steps to investigate and resolve/respond to the complaint consistent with the request.

DUSD Uniform Complaint Procedures AR 1312.3 (Continued)

Mediation

Within three business days after receiving the complaint, the compliance officer may informally discuss with all the parties the possibility of using mediation. Mediation shall be offered to resolve complaints that involve more than one student and no adult. However, mediation shall not be offered or used to resolve any complaint involving an allegation of sexual assault or where there is a reasonable risk that a party to the mediation would feel compelled to participate. If the parties agree to mediation, the compliance officer shall make all arrangements for this process.

Before initiating the mediation of a complaint alleging retaliation or unlawful discrimination (such as discriminatory harassment, intimidation, or bullying), the compliance officer shall ensure that all parties agree to make the mediator a party to relevant confidential information. The compliance officer shall also notify all parties of the right to end the informal process at any time.

If the mediation process does not resolve the problem within the parameters of law, the compliance officer shall proceed with an investigation of the complaint.

The use of mediation shall not extend the district's timelines for investigating and resolving the complaint unless the complainant agrees in writing to such an extension of time. If mediation is successful and the complaint is withdrawn, then the district shall take only the actions agreed upon through the mediation. If mediation is unsuccessful, the district shall then continue with subsequent steps specified in this administrative regulation.

Investigation of Complaint

Within 10 business days after the compliance officer receives the complaint, the compliance officer shall begin an investigation into the complaint.

Within one business day of initiating the investigation, the compliance officer shall provide the complainant and/or the complainant's representative with the opportunity to present the information contained in the complaint to the compliance officer and shall notify the complainant and/or representative of the opportunity to present the compliance officer with any evidence, or information leading to evidence, to support the allegations in the complaint. Such evidence or information may be presented at any time during the investigation.

In conducting the investigation, the compliance officer shall collect all available documents and review all available records, notes, or statements related to the complaint, including any additional evidence or information received from the parties during the course of the investigation. The compliance officer shall individually interview all available witnesses with information pertinent to the complaint, and may visit any reasonably accessible location where the relevant actions are alleged to have taken place. At appropriate intervals, the compliance officer shall inform both parties of the status of the investigation.

To investigate a complaint alleging retaliation or unlawful discrimination (such as discriminatory harassment, intimidation, or bullying), the compliance officer shall interview the alleged victim(s), any alleged offenders, and other relevant witnesses privately, separately, and in a confidential manner. As necessary, additional staff or legal counsel may conduct or support the investigation.

A complainant's refusal to provide the district's investigator with documents or other evidence related to the allegations in the complaint, failure or refusal to cooperate in the investigation, or engagement in any other obstruction of the investigation may result in the dismissal of the complaint because of a lack of evidence to support the allegation. Similarly, a respondent's refusal to provide the district's investigator with documents or other evidence related to the allegations in the complaint, failure or refusal to cooperate in the investigation, or engagement in any other obstruction of the investigation may result in a finding, based on evidence collected, that a violation has occurred and in the imposition of a remedy in favor of the complainant. (5 CCR [4631](#))

In accordance with law, the district shall provide the investigator with access to records and other information related to the allegation in the complaint and shall not in any way obstruct the investigation. Failure or refusal of the district to cooperate in the investigation may result in a finding based on evidence collected that a violation has occurred and in the imposition of a remedy in favor of the complainant. (5 CCR [4631](#))

DUSD Uniform Complaint Procedures AR 1312.3 (Continued)

Timeline for Final Decision

Unless extended by written agreement with the complainant, the compliance officer shall prepare and send to the complainant a written report, as described in the section "Final Written Decision" below, within 60 calendar days of the district's receipt of the complaint. (5 CCR [4631](#))

For any complaint alleging unlawful discrimination (such as discriminatory harassment, intimidation, and bullying), the respondent shall be informed of any extension of the timeline agreed to by the complainant. The respondent also shall be sent the district's final written decision at the same time it is provided to the complainant.

(cf. [9321](#) - Closed Session Purposes and Agendas)

(cf. [9321.1](#) - Closed Session Actions and Reports)

If the Board hears the complaint, the compliance officer shall send the Board's decision to the complainant within 60 calendar days of the district's initial receipt of the complaint or within the time period that has been specified in a written agreement with the complainant. (5 CCR [4631](#))

For any complaint alleging unlawful discrimination (such as discriminatory harassment, intimidation, and bullying), the respondent shall be informed of any extension of the timeline agreed to by the complainant, shall be sent the district's final written decision, and, in the same manner as the complainant, may file a complaint with the Board if dissatisfied with the decision.

Final Written Decision

For all complaints, the district's final written decision shall include: (5 CCR [4631](#))

1. The findings of fact based on the evidence gathered. In reaching a factual determination, the following factors may be taken into account:

- e. Past instances of similar conduct by any alleged offenders
- f. Past false allegations made by the complainant

2. The conclusion(s) of law

3. Disposition of the complaint

4. Rationale for such disposition

For complaints of retaliation or unlawful discrimination (such as discriminatory harassment, intimidation, or bullying), the disposition of the complaint shall include a determination for each allegation as to whether retaliation or unlawful discrimination has occurred.

The determination of whether a hostile environment exists may involve consideration of the following:

- a. The manner in which the misconduct affected one or more students' education
- b. The type, frequency, and duration of the misconduct
- c. The relationship between the alleged victim(s) and offender(s)

5. Corrective action(s), including any actions that have been taken or will be taken to address the allegations in the complaint and including, with respect to a student fees complaint, a remedy that comports with Education Code 49013 and 5 CCR 4600

For complaints of unlawful discrimination (such as discriminatory harassment, intimidation, or bullying), the decision may, as required by law, include:

- a. The corrective actions imposed on the respondent
 - b. Individual remedies offered or provided to the complainant or another person who was the subject of the complaint, but this information should not be shared with the respondent.
 - c. Systemic measures the school has taken to eliminate a hostile environment and prevent recurrence
6. Notice of the complainant's and respondent's right to appeal the district's decision to CDE within 15 calendar days, and procedures to be followed for initiating such an appeal

The decision may also include follow-up procedures to prevent recurrence or retaliation and for reporting any subsequent problems.

In consultation with district legal counsel, information about the relevant part of a decision may be communicated to a victim who is not the complainant and to other parties who may be involved in implementing the decision or are affected by the complaint, as long as the privacy of the parties is protected. In a complaint alleging unlawful discrimination (such as discriminatory harassment, intimidation, and bullying), notice of the district's decision to the alleged victim shall include information about any sanction to be imposed upon the respondent that relates directly to the alleged victim.

If the complaint involves a limited-English-proficient student or parent/guardian and the student involved is enrolled in a school at which 15 percent or more of the students speak a single primary language other than English, then the decision shall also be translated into that language pursuant to Education Code 48985. In all other instances, the district shall ensure meaningful access to all relevant information for parents/guardians with limited English proficiency.

For complaints alleging unlawful discrimination based on state law (such as discriminatory harassment, intimidation, and bullying), the decision shall also include a notice to the complainant that:

1. The complainant may pursue available civil law remedies outside of the district's complaint procedures, including seeking assistance from mediation centers or public/private interest attorneys, 60 calendar days after the filing of an appeal with CDE. (Education Code 262.3)
2. The 60 days moratorium does not apply to complaints seeking injunctive relief in state courts or to discrimination complaints based on federal law. (Education Code 262.3)
3. Complaints alleging discrimination based on race, color, national origin, sex, gender, disability, or age may also be filed with the U.S. Department of Education, Office for Civil Rights at www.ed.gov/ocr within 180 days of the alleged discrimination.

Corrective Actions

When a complaint is found to have merit, the compliance officer shall adopt any appropriate corrective action permitted by law. Appropriate corrective actions that focus on the larger school or district environment may include, but are not limited to, actions to reinforce district policies; training for faculty, staff, and students; updates to school policies; or school climate surveys.

For complaints involving retaliation or unlawful discrimination (such as discriminatory harassment, intimidation, or bullying), appropriate remedies that may be offered to the victim but not communicated to the respondent may include, but are not limited to, the following:

DUSD Uniform Complaint Procedures AR 1312.3 (Continued)

7. Restorative justice
8. Follow-up inquiries to ensure that the conduct has stopped and there has been no retaliation
9. Determination of whether any past actions of the victim that resulted in discipline were related to the treatment the victim received and described in the complaint

1. Transfer from a class or school as permitted by law
2. Parent/guardian conference
3. Education regarding the impact of the conduct on others
4. Positive behavior support
5. Referral to a student success team
6. Denial of participation in extracurricular or co-curricular activities or other privileges as permitted by law

When an employee is found to have committed retaliation or unlawful discrimination (such as discriminatory harassment, intimidation, or bullying), the district shall take appropriate disciplinary action, up to and including dismissal, in accordance with applicable law and collective bargaining agreement.

The district may also consider training and other interventions for the larger school community to ensure that students, staff, and parents/guardians understand the types of behavior that constitute unlawful discrimination (such as discriminatory harassment, intimidation, or bullying), that the district does not tolerate it, and how to report and respond to it.

When a complaint is found to have merit, an appropriate remedy shall be provided to the complainant or other affected person.

However, if a complaint alleging noncompliance with the laws regarding student fees, deposits, and other charges, physical education instructional minutes for students in elementary schools, or any requirement related to the LCAP is found to have merit, the district shall provide a remedy to all affected students and parents/guardians subject to procedures established by regulation of the State Board of Education. (Education Code 49013, 51223, 52075)

For complaints alleging noncompliance with the laws regarding student fees, the district shall attempt in good faith, by engaging in reasonable efforts, to identify and fully reimburse all affected students and parents/guardians who paid the unlawful student fees within one year prior to the filing of the complaint. The complainant or respondent shall specify the basis for the appeal of the decision and how the facts of the district's decision are incorrect and/or the law has been misapplied. The appeal shall be sent to CDE with a copy of the original locally filed complaint and a copy of the district's decision in that complaint. (5 CCR 4632)

Upon notification by CDE that the complainant or respondent has appealed the district's decision, the Superintendent or designee shall forward the following documents to CDE: (5 CCR 4633)

Sexual Harassment

The Facts About Sexual Harassment

The *Fair Employment and Housing Act* (FEHA) defines sexual harassment as harassment based on sex or of a sexual nature; gender harassment; and harassment based on pregnancy, childbirth, or related medical conditions. The definition of sexual harassment includes many forms of offensive behavior, including harassment of a person of the same gender as the harasser. The following is a partial list of types of sexual harassment:

- Unwanted sexual advances
- Offering employment benefits in exchange for sexual favors
- Actual or threatened retaliation
- Leering; making sexual gestures; or displaying sexually suggestive objects, pictures, cartoons, or posters
- Making or using derogatory comments, epithets, slurs, or jokes
- Sexual comments including graphic comments about an individual's body; sexually degrading words used to describe an individual; or suggestive or obscene letters, notes, or invitations
- Physical touching or assault, as well as impeding or blocking movements
- Sexual desire is not necessary

The mission of the Department of Fair Employment and Housing is to protect the people of California from unlawful discrimination in employment, housing and public accommodations, and from the perpetration of acts of hate violence.

Employers' Obligations

All employers must take the following actions against harassment:

- Take all reasonable steps to prevent discrimination and harassment from occurring. If harassment does occur, take effective action to stop any further harassment and to correct any effects of the harassment.
- Develop and implement a sexual harassment prevention policy with a procedure for employees to make complaints and for the employer to investigate complaints. Policies should include provisions to:
 - Fully inform the complainant of his/her rights and any obligations to secure those rights.
 - Fully and effectively investigate. The investigation must be thorough, objective, and complete. Anyone with information regarding the matter should be interviewed. A determination must be made and the results communicated to the complainant, to the alleged harasser and, as appropriate, to all others directly concerned.
 - Take prompt and effective corrective action if the harassment allegations are proven. The employer must take appropriate action to stop the harassment and ensure it will not continue. The employer must also communicate to the com-

plaintant that action has been taken to stop the harassment from recurring. Finally, appropriate steps must be taken to remedy the complainant's damages, if any.

- Post the Department of Fair Employment and Housing (DFEH) employment poster (DFEH - 162) in the workplace (available through the DFEH publications line [916] 478-7201 or Web site).
- Distribute an information sheet on sexual harassment to all employees. An employer may either distribute this pamphlet (DFEH 185) or develop an equivalent document that meets the requirements of Government Code section 12950(b). This pamphlet may be duplicated in any quantity. **However, this pamphlet is not to be used in place of a sexual harassment prevention policy, which all employers are required to have.**
- All employees should be made aware of the seriousness of violations of the sexual harassment policy and must be cautioned against using peer pressure to discourage harassment victims from complaining.
- Employers who do business in California and employ 50 or more part-time or full-time employees *must* provide at least two hours of sexual harassment training every two years to each supervisory employee and to all new supervisory employees within six months of their assumption of a supervisory position.

- A program to eliminate sexual harassment from the workplace is not only required by law, but is the most practical way for an employer to avoid or limit liability if harassment should occur despite preventive efforts.

Employer Liability

All employers, regardless of the number of employees, are covered by the harassment section of the FEHA. Employers are generally liable for harassment by their supervisors or agents. Harassers, including both supervisory and non-supervisory personnel, may be held personally liable for harassing an employee or coworker or for aiding and abetting harassment.

Additionally, the law requires employers to take "all reasonable steps to prevent harassment from occurring." If an employer has failed to take such preventive measures, that employer can be held liable for the harassment. A victim may be entitled to damages, even though no employment opportunity has been denied and there is no actual loss of pay or benefits.

In addition, if an employer knows or should have known that a **non-employee** (e.g. client or customer) has sexually harassed an employee, applicant, or person providing services for the employer and fails to take immediate and appropriate corrective action, the employer may be held liable for the actions of the non-employee.

- An employer might avoid liability if
- the harasser is not in a position of authority.

 - b. To all employees given new job assignments for which training has not previously been received

DUSD Employee Safety Administrative Regulation 4157 (Continued)

- c. Whenever new substances, processes, procedures, or equipment is introduced into the workplace and represents a new hazard
- d. Whenever the district is made aware of a new or previously unrecognized hazard
- e. To supervisors, to familiarize them with the safety and health hazards to which employees under their immediate direction and control may be exposed

(cf. 4131 - Staff Development)

(cf. 4231 - Staff Development)

(cf. 4331 - Staff Development)

Labor/Management Safety and Health Committee

The district's labor/management safety and health committee shall: (8 CCR 3203)

1. Meet regularly, but not less than quarterly.
2. Prepare and make available to affected employees written records of the safety and health issues discussed at committee meetings and maintained for review by the California Department of Industrial Relations' Division of Occupational Safety and Health (Cal/OSHA) upon request. These records shall be maintained for at least one year.
3. Review results of the periodic, scheduled worksite inspections.
4. Review investigations of occupational accidents and causes of incidents resulting in occupational injury or illness or exposure to hazardous substances. As appropriate, the committee may submit suggestions to the Superintendent or designee regarding the prevention of future incidents.
5. Review investigations of alleged hazardous conditions brought to the attention of any committee member. When determined necessary by the committee, it may conduct its own inspection and investigation to assist in remedial solutions.
6. Submit recommendations to assist in the evaluation of employee safety suggestions.
7. Upon request of Cal/OSHA, verify abatement action taken by the district to abate citations issued by Cal/OSHA.

Hearing Protection

Whenever employee noise exposure equals or exceeds the standards specified in law, the Superintendent or designee shall implement a hearing conservation program in accordance with state and federal regulations, including, when required, monitoring of sound levels, audiometric testing of affected employees, the provision of hearing protectors, and employee training. (8 CCR 5095-5100; 29 CFR 1910.95)

Eye Safety Devices

Eye safety devices shall be worn by employees whenever they are engaged in or observing an activity involving hazards or hazardous substances likely to cause injury to the eyes. (Education Code 32030-32034)

First Aid and Medical Services

The Superintendent or designee shall ensure the ready availability of medical personnel for advice and consultation on matters of industrial health or injury. Whenever a workplace is not in close proximity to an infirmary, clinic, or hospital where all injured employees may be treated, the Superintendent or designee shall ensure that at least one employee is adequately trained to provide first aid. (8 CCR 3400)

The Superintendent or designee shall make adequate first aid materials readily available for employees at every worksite. Such materials shall be approved by a consulting physician and shall be kept in a sanitary and usable condition. The Superintendent or designee shall frequently inspect all first aid materials and replenish them as

necessary. (8 CCR 3400)

To avoid unnecessary delay in medical treatment in the event of an employee's serious injury or illness, the Superintendent or designee shall use one or more of the following: (8 CCR 3400)

1. A communication system for contacting a physician or emergency medical service, such as access to 911 or equivalent telephone system. The communication system or the employees using the system shall have the ability to direct emergency services to the location of the injured or ill employee.

2. Readily accessible and available on-site treatment facilities suitable for treatment of reasonably anticipated injury and illness.

(cf. 5141.6 - School Health Services)

3. Proper equipment for prompt medical transport when transportation of injured or ill employees is necessary and appropriate.

DUSD Emergency Response Plan- Outdoor Air Quality

OBJECTIVES

- A. Continually monitor the ozone or fine particulate matter (PM 2.5) concentrations as measured by the Real-Time Air Advisory Network (RAAN) and reported by the Valley Air District;
- B. To implement procedures designed to lessen and prevent unhealthful consequences from polluted air conditions;
- C. To respond to outdoor physical activity recommendations developed by the Valley Air District in consultation with health researchers at U.S. EPA, UCSF, CSU-Fresno, UC Berkeley, and the Fresno/Madera Medical Society, as presented in the Real-Time Outdoor Activity Risk (ROAR) guidelines

It is the responsibility of District and school site staff to implement the Outdoor Air Quality Safety procedures by:

- A. Consulting with the Superintendent or designee, or the Health Services Director who oversees this work area.
- B. Monitoring the changes in air pollution during the course of each day using RAAN.
- C. Enforcing the physical activity restrictions placed on each child and employee in accordance with ROAR guidelines.
- D. Working cooperatively with the Valley Air District to ensure policies and procedures are updated and reflective of emerging federal and state air quality standards.

DEFINITIONS

Good. When the air quality reported by RAAN reaches Level 1, air quality is considered “Good” and no action is needed.

Moderate. When the air quality reported by RAAN reaches Level 2, air quality is considered “Moderate”. Ensure that sensitive individuals (i.e. for those who have a history of asthma, heart disease, or other respiratory ailments) are medically managing their conditions in accordance with their physicians’ recommendations.

Unhealthy for Sensitive Groups. When the air quality reported by RAAN reaches Level 3, air quality is considered “Unhealthy for Sensitive Groups”. Special consideration must be given to outdoor physical activity for sensitive individuals. Ensure they are medically managing their conditions.

Unhealthy. When the air quality reported by RAAN reaches Level 4, air quality is considered “Unhealthy”. Outdoor activities should be moved indoors if possible. All students and adults should be cautious and curtail or modify outdoor activities in accordance with ROAR guidelines, and avoid any prolonged exertion. Sensitive students and adults should participate only in indoor activities.

Very Unhealthy. When the air quality reported by RAAN reaches Level 5, air quality is considered “Very Unhealthy”. All outdoor activities should be moved indoors, and outdoor athletic classes, practices, and sporting events must be rescheduled or relocated.

PROCEDURES FOR LEVEL 3 (UNHEALTHY FOR SENSITIVE GROUPS)

1. Physical Education and Recess

Sensitive individuals (i.e. students with asthma, respiratory or heart/lung conditions) should remain inside or avoid vigorous outdoor activities.

2. Athletic Practice and Training

Reduce vigorous exercise to 30 minutes per hour of practice time with increased rest breaks and substitutions. Ensure that sensitive individuals are medically managing their condition.

DUSD Emergency Response Plan- Outdoor Air Quality (Continued)

3. Scheduled Athletic Events

Increase rest breaks and substitutions. Ensure that sensitive individuals are medically managing their condition.

PROCEDURES FOR LEVEL 4 (UNHEALTHY)

1. Physical Education and Recess

Exercise indoors or limit vigorous outdoor activities to a maximum of 15 minutes. Sensitive individuals should remain indoors.

2. Athletic Practice and Training

Exercise indoors or reduce vigorous exercise to 30 minutes of practice time with increased rest breaks and substitutions. Sensitive individuals should remain indoors.

3. Scheduled Athletic Events

Increase rest breaks and substitutions. Ensure that sensitive individuals are medically managing their condition.

PROCEDURES FOR LEVEL 5 (VERY UNHEALTHY)

1. Physical Education and Recess

No outdoor activity. All activities should be moved indoors.

2. Athletic Practice and Training

No outdoor activity. All activities should be moved indoors.

3. Scheduled Athletic Events

Event must be rescheduled or relocated.

EXTRAORDINARY EPISODES

1. In the event of an exceptional air pollution event beyond Level 5, the Valley Air District may issue an “Air Alert”, “Health Cautionary Statement”, “Health Advisory”, or “National Weather Service Air Quality Alert” to local media indicating the level of emergency.

2. The Superintendent or designee, or the Health Services Director shall be responsible for notifying schools of such extraordinary circumstances. Transmission of the notification to schools may be accomplished through the same procedures approved by the Superintendent's office for response to disasters of all types.

3. Students and staff should remain indoors, cease all but minimally necessary physical activity, and await emergency response directions.

DUSD Emergency Response Plan- Drinking Water Quality

If/when a Boil Water Advisory is issued, schools and childcare facilities should follow the instructions and guidelines of their state and local public health authorities.

MANAGEMENT ISSUES

The Director of Student Health Services shall be responsible for ongoing management of water-related issues and activities during the boil water advisory and to ensure compliance with health and safety protocols.

Note: Make sure boiled water has cooled to room temperature before using it.

IMMEDIATELY SECURE A SUPPLY OF DRINKABLE WATER

Use bottled water. Bottled water is the best option for drinking if it is available.

Boil water if bottled water is not available: Fill a pot with tap water; Heat the water until bubbles come quickly from the bottom of the pot to the top; Keep heating the water for one more minute; Turn off the heat source and let the water cool; Pour water into a clean, sanitized container with a cover for storage.

Shut off drinking water fountains.

Post signs at drinking fountains, in the kitchen, and bathrooms to advise people not to drink the water.

Use bottled, boiled, or disinfected water for brushing teeth, and for washing wounds or other medical procedures.

Discontinue using tap water for indoor and outdoor play and all recreational activities.

FOOD PREPARATION

Discard all ice or drinks made with tap water.

Discard ready-to-eat food that was prepared with potentially unsafe water prior to the issue of the advisory (e.g., coffee, juice, gelatins, and popsicles). Consult with your local public health department if you are unsure of which foods to discard.

Limit menu to items that require no or little water to prepare.

Use bottled, boiled, or disinfected water for food and beverage preparation activities, washing of fruits and vegetables, and mixing beverages.

Use disposable plates, cups, and utensils, if possible.

HYGIENE AND CLEANING

Note: Washing hands with soap and water is the best way to reduce the number of germs on them in most situations. If soap and water are not available, use an alcohol-based hand sanitizer that contains at least 60% alcohol. Alcohol-based hand sanitizers can quickly reduce the number of germs on hands in some situations, but sanitizers do not eliminate all types of germs. Hand sanitizers are not as effective when hands are visibly dirty or greasy.

Use bottled water, boiled water, or water that has been disinfected with bleach to clean washable toys and surfaces. Household dishwashers generally are safe to use if the water reaches a final rinse temperature of at least 150°F or if the dishwasher has a sanitizing cycle.

Launder items in a washing machine using a hot water rinse cycle. Dry in a dryer for a minimum of 30 minutes.

MANAGING GASTROINTESTINAL ILLNESS (DIARRHEA OR VOMITING)

Staff or children showing signs of gastrointestinal illness (diarrhea or vomiting) should immediately seek medical attention.

Staff or children with diarrhea or vomiting should not return to work or come to school until they have been symptom-free (i.e. having no diarrhea or vomiting) for at least 24 hours.

DUSD Emergency Response Plan- Severe Weather

The following is adapted from the San Diego County Office of Education Comprehensive Safe School Plan Template, July 2016)

Severe weather can be accompanied by high winds, downed trees, and swollen creeks. An emergency response is required when this type of weather poses any risk to the staff and students. Assure that each student's method of returning home is safe and reliable.

Severe Storm

Principal/site administrator actions: Monitor weather forecasts and weather-related communications to determine onset of storm conditions that may affect school operations. Report to site by 6 a.m. to check for power outages, flooding, etc. Determine whether school will be closed or remain open. Notify superintendent of school status. Assign staff to activate staff and parent phone trees. Post school status on school website. Notify utility companies of any break or suspected break in utility lines. Take appropriate action to safeguard school property. Upon passage of the storm, return to normal routine.

Windstorm

Principal/site administrator actions: Monitor weather forecasts to determine onset of storm conditions that may affect school operations. Notify utility companies of any break or suspected break in utility lines. Keep staff and students in sheltered areas of the building until winds have subsided and it is safe to return to the classroom. Take appropriate action to safeguard school property. Upon passage of the storm, return to normal routine.

Staff actions: Evacuate any classrooms bearing full force of wind. Evacuate to lower floor of school building near inside walls. Initiate TAKE COVER with students in the shielded areas within the building. Stay away from windows. Take attendance. Report any missing students to principal/site administrator. Close all blinds and curtains. Avoid auditoriums, gymnasiums and other structures with large roof spans. Remain with students near an inside wall or on lower floors of the building. Make arrangements for special needs, snacks and quiet recreational activities.

DUSD Emergency Response Plan- Utilities Failure

Electrical/Light Failure:

1. Contact M.O.T. department and school site administration.
2. Provide assistance to students, staff and others in the failure area.
3. Do not use candles or other type of open flame for lighting.
4. If in an unlit area, proceed cautiously to an area that has emergency lighting or implement building evacuation procedures.
5. Do not leave the school site unless told to do so by authorized officials.

Gas Leak:

1. Call 911.
2. Contact M.O.T. department and school site administration.
3. Do not turn on lights or any electrical equipment.
4. Determine where the odor of gas is emanating from (a particular room or area, inside or outside the building).
5. Implement building evacuation procedures.
6. Do not leave the school site unless told to do so by authorized officials.

Telephone System Failure

1. Contact Technology department.
2. Utilize alternative means of communication.

Ventilation

1. If smoke or burning smells come from the ventilation system, implement building evacuation procedures.
2. Contact M.O.T. department and school site administration.
3. Do not leave the school site unless told to do so by authorized officials.

Water Leak/Plumbing Failure/Flooding

1. Contact M.O.T. department and school site administration.
2. Do not turn on lights or any electrical equipment.
3. If the source of the water is known, and if safe to do so, turn the local water source off (i.e., unclog the drain or turn off the water).
4. If possible, and if safe to do so, cover or move objects that could be damaged by water. Take only essential steps to avoid or reduce immediate water damage.
5. Implement building evacuation procedures.
6. Do not leave the school site unless told to do so by authorized officials.

Water Supply Failure

1. Contact M.O.T. department and school site administration.
2. Do not consume tap water until told it is safe to do so by authorized officials.
3. Do not leave the school site unless told to do so by authorized officials.

DUSD Emergency Response Plan- Flooding

(The following is adapted from "Sample School Emergency Operations Plan," Federal Emergency Management Agency, March 2011)

DESCRIPTION

Flooding is a natural feature of the climate, topography, and hydrology of Delano and its surrounding areas. Some floods develop slowly during an extended period of rain or in a warming trend following heavy snow. Flash floods can occur quickly, without any visible sign of rain. Catastrophic floods are associated with burst dams and levees, hurricanes, storm surges, tsunamis, and earthquakes.

CORE FUNCTIONS

The City of Delano, the National Weather Service, and other Federal cooperative agencies have an extensive river and weather monitoring system and provide flood watch and warning information to the school community via radio, television, internet, and telephone. In the event of a flood, the Incident Commander, or principal, will activate the Emergency Operations Plan and implement the Incident Command System.

The school P.A. system acts as a warning system to notify staff and students in case of imminent or confirmed flooding, including that due to dam failure. If there is a loss of power, a compressed air horn or megaphone and two-way radios will serve as backup alerting/communication devices.

OPERATIONAL FUNCTIONS/PROCEDURES THAT MAY BE ACTIVATED

Operational functions or procedures that may be activated in the event of a flood include the following: evacuation; reverse evacuation; relocation; parent-student reunification; special needs population; continuity of operations; recovery and psychological healing; mass care.

ACTIVATING THE EMERGENCY OPERATIONS PLAN

Incident Commander Actions: Issue stand-by instructions. Determine if evacuation is required. Notify local law enforcement of intent to evacuate, the location of the safe evacuation site; and the route to be taken to that site. Delegate a search team to ensure that all students have been evacuated.

Activate communications plan. Determine if additional procedures should be activated. Issue directed transportation instruction if students will be evacuated to a safer local by means of buses and cars. Do not allow staff and students to return to the building until proper authorities have determined that it is safe to do so. Communicate with bus drivers. Determine whether school will be closed or remain open. Document all actions taken.

Incident Management Team and Section Chiefs Actions: Monitor radio and internet for flood information and report and developments to the Incident Commander. Review procedures with staff as needed. Disseminate information about the incident and follow up actions as to where the school has relocated and parent-student reunification procedures. Implement the internal and external communications plan. Notify relocation centers and determine an alternative relocation center, if needed, if primary and secondary centers would also be flooded. Implement additional procedures as instructed by the Incident Commander. Take appropriate action to safeguard school property. Document all actions taken.

Staff Actions: Execute evacuation procedures when instructed by the Incident Management Team and/or Section Chiefs. Take the class roster and emergency to-go kits. Take attendance before leaving the campus. Remain with students throughout the evacuation process. Upon arrival at the safe site, take attendance. Report any missing or injured students to the Incident Commander. Do not return to the school building until it has been inspected and determined safe by proper authorities. Document all actions taken.

Bus Driver Actions: If evacuation is by bus, do not drive through flooded streets and/or roads. Do not attempt to cross bridges, overpasses, or tunnels that may be damaged by flooding. If the driver is caught in an unavoidable situation, seek higher ground immediately. If the bus stalls and water is rising, abandon the bus and seek higher ground before the situation worsens. Use two-way radios to communicate with the Incident Commander, Incident Management Team, and Section Chiefs. Document all actions taken.

DUSD Emergency Response Plan- Earthquake

(This section is based on Administrative Regulation 3516.3: Earthquake Emergency Procedure System)

EARTHQUAKE WHILE INDOORS AT SCHOOL

When an earthquake occurs, the following actions shall be taken inside buildings and classrooms:

1. Staff shall have students perform the drop procedure. Students should stay in the drop position until the emergency is over or until further instructions are given.
2. In laboratories, burners should be extinguished, if possible, before taking cover.
3. As soon as possible, staff shall move students away from windows, shelves, and heavy objects or furniture that may fall.
4. After the earthquake, the principal or designee shall determine whether planned evacuation routes and assembly locations are safe and shall communicate with teachers and other staff.
5. When directed by the principal or designee to evacuate, or if classrooms or other facilities present dangerous hazards that require immediate evacuation, staff shall account for all students under their supervision and shall evacuate the building in an orderly manner.

EARTHQUAKE WHILE OUTDOORS ON SCHOOL GROUNDS

When an earthquake occurs, the following actions shall be taken by staff or other persons in authority who are outdoors on school grounds:

1. Staff shall direct students to walk away from buildings, trees, overhead power lines, power poles, or exposed wires.
2. Staff shall have students perform the drop procedure.
3. Staff shall have students stay in the open until the earthquake is over or until further directions are given.

EARTHQUAKE WHILE ON SCHOOL BUS

If students are on the school bus when an earthquake occurs, the bus driver shall take proper precautions to ensure student safety, which may include pulling over to the side of the road or driving to a location away from outside hazards, if possible. Following the earthquake, the driver shall contact the Superintendent or designee for instructions before proceeding on the route or, if such contact is not possible, drive to an evacuation or assembly location.

SUBSEQUENT EMERGENCY PROCEDURES

After an earthquake episode has subsided, the following actions shall be taken:

1. Staff shall extinguish small fires if safe.
2. Staff shall provide first aid to any injured students, take roll, and report missing students to the principal or designee.
3. Staff and students shall refrain from lighting any stoves or burners or operating any electrical switches until the area is declared safe.
4. All buildings shall be inspected for water and gas leaks, electrical breakages, and large cracks or earth slippage affecting buildings.
5. The principal or designee shall post staff at safe distances from all building entrances and instruct staff and students to remain outside the buildings until they are declared safe.
6. The principal or designee shall request assistance as needed from the county or city civil defense office, fire and police departments, city and county building inspectors, and utility companies and shall confer with them regarding the advisability of closing the school.
7. The principal or designee shall contact the Superintendent or designee and request further instructions after assessing the earthquake damage.
8. The Superintendent or designee shall provide updates to parents/guardians of district students and members of the community about the incident, any safety issues, and follow-up directions.

DUSD Emergency Response Plan- Fire

(This section is based on Administrative Regulation 3516.1: Fire Drills and Fires)

FIRE DRILLS

The principal shall cause the fire alarm signal to be sounded at least once every month. (Education Code 32001)

The principal shall also hold fire drills at least once a month at the elementary level, four times every school year at the intermediate level, and not less than twice every school year at the secondary level. (Education Code 32001)

1. The principal shall notify staff as to the schedule for fire drills.
2. Whenever a fire drill is held, all students, teachers and other employees shall be directed to leave the building. (5 CCR 550)
3. Teachers shall ascertain that no student remains in the building.
4. Teachers shall be prepared to select alternate exits and shall direct their classes to these exits whenever the designated escape route is blocked.
5. The principal or designee shall keep a record of each fire drill conducted and file a copy of this record with the office of the Superintendent or designee.

FIRES

When a fire is discovered in any part of the school, the following actions shall be taken:

1. The principal or designee shall sound fire signals, unless the school and/or building is equipped with an automatic fire detection and alarm system. (Education Code 32001)
2. The principal or designee shall call 911.
3. All persons shall be directed to leave the building and shall proceed outside to designated assembly areas.
4. Staff shall give students clear direction and supervision and help maintain a calm and orderly response.
5. In outside assembly areas, teachers shall take roll, report missing students, and provide assistance to any injured students.
6. In outside assembly areas, the principal, designee and/or each department head shall account for their staff, report missing staff, and provide assistance to any injured staff.
7. If the fire is extensive, students shall be taken to an alternate location for protective custody until parents/guardians can pick them up or until they can be safely transported to their homes.

DUSD Emergency Response Plan- Wildfire

In the event of a wildfire in the vicinity of District facilities and/or school sites, the District will initiate shelter in place and/or evacuation procedures, as recommended by or ordered by fire prevention officials or law enforcement, followed by reunification procedures.

(The following is adapted from, “Wildfire Smoke,” Centers for Disease Control and Prevention web site)

Wildfire smoke can harm you in multiple ways. Smoke can hurt your eyes, irritate your respiratory system, and worsen chronic heart and lung diseases. This fact sheet tells you how you can protect your health and be safe if you are exposed to wildfire smoke.

What is Wildfire Smoke and Can it Make Me Sick?

Wildfire smoke is a mix of gases and fine particles from burning vegetation, building materials, and other materials. Wildfire smoke can make anyone sick. Even someone who is healthy can get sick if there is enough smoke in the air. Breathing in smoke can have immediate health effects, including: coughing; trouble breathing normally; stinging eyes; a scratchy throat; runny nose; irritated sinuses; wheezing and shortness of breath; chest pain; headaches; an asthma attack; tiredness; fast heartbeat.

Older adults, pregnant women, children, and people with preexisting respiratory and heart conditions may be more likely to get sick if they breathe in wildfire smoke.

Eight Tips for Protecting Yourself from Breathing Wildfire Smoke

If possible, limit your exposure to smoke. Here are eight tips to help you protect your health:

Pay attention to local air quality reports and the US Air Quality Index . When a wildfire occurs in your area, watch for news or health warnings about smoke. Pay attention to public health messages and take extra safety measures such as avoiding spending time outdoors.

Pay attention to visibility guides if they are available. Although not every community measures the amount of particles in the air, some communities in the western United States have guidelines to help people estimate air quality based on how far they can see.

If you are told to stay indoors, stay indoors and keep your indoor air as clean as possible. Keep windows and doors closed unless it is very hot outside. Run an air conditioner if you have one, but keep the fresh-air intake closed and the filter clean to prevent outdoor smoke from getting inside. Seek shelter elsewhere if you do not have an air conditioner and it is too warm to stay inside with the windows closed.

Use an air filter. Use a freestanding indoor air filter with particle removal to help protect people with heart disease, asthma or other respiratory conditions and the elderly and children from the effects of wildfire smoke. Follow the manufacturer’s instructions on filter replacement and where to place the device.

Do not add to indoor pollution. When smoke levels are high, do not use anything that burns, such as candles and fireplaces. Do not vacuum, because vacuuming stirs up particles already inside your home. Do not smoke tobacco or other products, because smoking puts even more pollution into the air.

Follow your doctor’s advice about medicines and about your respiratory management plan if you have asthma or another lung disease or cardiovascular disease. Call your doctor if your symptoms worsen.

Do not rely on dust masks for protection. Paper “comfort” or “dust” masks commonly found at hardware stores trap large particles, such as sawdust. These masks will not protect your lungs from smoke. An “N95” mask, properly worn, will offer some protection. If you decide to keep a mask on hand,

See the Respirator Fact Sheet provided by CDC’s National Institute for Occupational Safety and Health.

Avoid smoke exposure during outdoor recreation. Wildfires and prescribed burns—fires that are set on purpose to manage land—can create smoky conditions. Before you travel to a park or forest, check to see if any wildfires are happening or if any prescribed burns are planned.

DUSD Emergency Response Plan- Chemical Exposure

(The following is adapted from, "Chemical Hygiene Plan Template," Department of Public Health and Environment, State of Colorado, March 1, 2016)

CHEMICAL SPILLS

Chemical spills can pose a significant risk to human health and the environment. All employees must be trained on how to respond to chemical spills in order to minimize risk. In general, chemical spills can be placed into one of two categories: non-emergency chemical spills, or emergency chemical spills.

NON-EMERGENCY CHEMICAL SPILL PROCEDURES

Non-emergency chemical spills are generally defined as less than one liter, do not involve a highly toxic or reactive material, do not present a significant fire or environmental hazard, and are not in a public area such as a hallway. These spills can be cleaned up by proper trained employees using PPE (e.g., safety glasses/goggles, lab coat, gloves) and a designated spill kit. In general, when a non-emergency spill occurs the area around the spill should be isolated, everyone in the area should be made aware of the spill, and the spilled material should be absorbed and collected using either pads or some other absorbent material such as oil dry or kitty litter. Decontamination of the spill area should be conducted using an appropriate solvent (soap and water is often the most effective).

EMERGENCY CHEMICAL SPILL PROCEDURES

Emergency Chemical Spills are generally defined as greater than one liter, involve a highly toxic or reactive compound, present an immediate fire or environmental hazard, or require additional PPE (e.g., respirator) and specialized training to properly clean up.

The following procedures should be followed in the event of a major emergency chemical spill:

1. Cease all activities and immediately evacuate the affected area (make sure that all personnel and students in the area are aware of the spill and also evacuate).
2. If chemical exposure has occurred to the skin or eyes, the affected personnel should be taken to the nearest safety shower and eyewash station.
3. Call 911, if the situation is, or could become an emergency (e.g., chemical exposure has occurred, a fire or explosion has occurred).
4. The fire alarm should be pulled, which will initiate building evacuations, if any of the following occurs: A fire and/or explosion has occurred (or there is a threat of fire and/or explosion); The large spill (which is either highly toxic or presents an immediate fire or environmental hazard) is in a public area such as a hallway; Toxic vapors are leaving the area where the spill has occurred, such as seeping into the hallway or neighboring rooms; You are unsure of the hazards and feel that the spill could be harmful to building occupants.
5. Ensure that no one else is allowed to enter the area until the spill has been properly cleaned up.

DUSD Emergency Response Plan- Biological Exposure

(The following is adapted from the San Diego County Office of Education Comprehensive Safe School Plan Template, July 2016)

A biological incident involves the discharge of a biological substance in a solid, liquid or gaseous state. Such incidents may include the release of radioactive materials. A biological agent can be introduced through:

- Contaminated letter or package
- Building ventilation system
- Small explosive device to help it become airborne
- Contaminated item such as a backpack, book bag, or other parcel left unattended the food supply
- Aerosol release (for example, with a crop duster or spray equipment)
- Defense against biological release (e.g. anthrax, smallpox, plague, ricin etc.) is difficult because usually appear after some time has lapsed. Indicators that may suggest the release of a biological or chemical substance include multiple victims suffering from: watery eyes, choking or breathing difficulty, twitching or the loss of coordination. Another indicator is the presence of distressed animals or dead birds. Determine which scenario applies and implement the appropriate response procedures.

OUTSIDE THE BUILDING

Staff actions: Notify principal. Move students away from immediate vicinity of danger (if outside, implement Take Cover). Segregate individuals who have been topically contaminated by a liquid from unaffected individuals. Send affected individuals to a designated area medical attention. Follow standard student assembly, accounting and reporting procedures.

Principal/site administrator actions: Initiate shelter in place. Shut off HVAC units. Move to central location where windows and doors can be sealed with duct tape. Call 911. Provide location and nature of the emergency and school actions taken. Notify District Superintendent of the situation. Turn on a battery-powered commercial radio and listen for instructions. Complete the Biological and Chemical Release Response Checklist . Remain inside the building until the Department of Health or Fire Department determines it is safe to leave. Arrange for psychological counseling for students and staff.

INSIDE THE BUILDING

Staff actions: Notify principal or site administrator. Segregate individuals who have been topically contaminated by a liquid from unaffected individuals. Implement evacuation or off-site evacuation, as appropriate. Send affected individuals to a designated area for medical attention. Follow standard student assembly, accounting and reporting procedures. Prepare a list of those who are in the affected area to provide to emergency response personnel.

Principal/site administrator actions: Initiate evacuation of building or off-site evacuation to move students away from immediate vicinity of danger. Move up-wind from the potential danger. Call 911. Provide exact location and nature of emergency. Designate security team to isolate and restrict access to potentially contaminated areas. Wait for instructions from emergency responders (Health or Fire Department). Notify District Superintendent of the situation. Arrange for immediate psychological counseling for students and staff. Complete the Biological and Chemical Release Response Checklist.

Wait to return to the building until it has been declared safe by local HazMat or appropriate agency.

THOSE WHO HAVE DIRECT CONTACT WITH BIOLOGICAL AGENT:

Wash affected areas with soap and water.

Immediately remove and contain contaminated clothing

Do not use bleach on potentially exposed skins.

Remain in safe, but separate area, isolated from those who are unaffected, until emergency response personnel arrive.

DUSD Emergency Response Plan-Attack or Disturbance

In the event of an emergency involving an attack or disturbance (for example, an active shooter), Delano Union School District will implement Code Red procedures, as per the Standard Emergency Response Protocols, combined with shelter in place and/or evacuation procedures as applicable to the specific circumstances.

(The following is excerpted from “Best Practice Considerations for Schools in Active Shooter and Other Armed Assailant Drills,” National Association of School Psychologists and National Association of School Resource Officers, April 2017.)

Active shooter situations are unpredictable and evolve quickly. Typically, the immediate deployment of law enforcement is required to stop the shooting and mitigate harm to victims.

Because active shooter situations are often over within 10 to 15 minutes, before law enforcement arrives on the scene, individuals must prepare both mentally and physically to deal with an active shooter situation.

GOOD PRACTICES FOR COPING WITH AN ACTIVE SHOOTER SITUATION

- Be aware of your environment and any possible dangers.
- Take note of the two nearest exits in any facility you visit.
- If you are in an office or a classroom, stay there and secure the door.
- If you are in a hallway, get into a room and secure the door.
- As a last resort, attempt to take the shooter down. When the shooter is at close range and you cannot flee, your chance of survival is much greater if you try to incapacitate him/her.
- Call 911 when it is safe to do so.

HOW TO RESPOND WHEN AN ACTIVE SHOOTER IS IN YOUR VICINITY

Quickly determine the most reasonable way to protect your own life and the lives of students and coworkers. Remember that students and visitors will follow the lead of employees and managers during an active shooter situation.

1. Evacuate (“Run”)

If there is an escape path, attempt to evacuate the premises. Be sure to: have an escape route and plan in mind; evacuate regardless of whether others agree to follow; leave your belongings behind; help others escape, if possible; prevent individuals from entering an area where the active shooter may be; keep your hands visible; follow the instructions of any police officers; do not attempt to move wounded people; call 911 when you are safe.

2. Hide out (“Hide”)

If evacuation is not possible, find a place to hide where the active shooter is less likely to find you. Your hiding place should: be out of the active shooter’s view; provide protection if shots are fired in your direction (i.e., an office with a closed and locked door); not trap you or restrict your options for movement.

To prevent an active shooter from entering your hiding place: lock the door; blockade the door with heavy furniture.

If the active shooter is nearby: lock the door; silence your cell phone; turn off any source of noise (i.e., radios, television); hide behind large items (i.e., cabinets, desks); remain quiet.

If evacuation and hiding out are not possible: remain calm; dial 911, if possible, to alert police to the active shooter’s location; if you cannot speak, leave the line open and allow the dispatcher to listen.

3. Take action against the active shooter (“Fight”)

As a last resort, and only when your life is in imminent danger, attempt to disrupt and/or incapacitate the active shooter by: acting as aggressively as possible against him/her; throwing items and improvising weapons; yelling; committing to your actions.

DUSD Emergency Response Plan-Attack or Disturbance (Continued)

HOW TO RESPOND WHEN LAW ENFORCEMENT ARRIVES

Law enforcement's purpose is to stop the active shooter as soon as possible. Officers will proceed directly to the area in which the last shots were heard. Officers usually arrive in teams of four; officers may wear regular patrol uniforms or external bulletproof vests, Kevlar helmets, and other tactical equipment. Officers may be armed with rifles, shotguns, handguns. Officers may use pepper spray or tear gas to control the situation. Officers may shout commands, and may push individuals to the ground for their safety.

How to react when law enforcement arrives: remain calm, and follow officers' instructions; put down any items in your hands; immediately raise hands and spread fingers; keep hands visible at all times; avoid making quick movements toward officers such as holding on to them for safety; avoid pointing, screaming, and/or yelling; do not stop to ask officers for help or direction when evacuating, just proceed in the direction from which officers are entering the premises.

Information to provide to law enforcement or 911 operator: location of the active shooter; number of shooters, if more than one; physical description of shooter(s); number and type of weapons held by the shooter(s); number of potential victims at the location.

The first officers to arrive on the scene will not stop to help injured persons. Expect rescue teams comprised of additional officers and emergency medical personnel to follow the initial officers. These rescue teams will treat and remove any injured persons. They may also call upon able-bodied individuals to assist in removing the wounded from the premises.

Once you have reached a safe location or an assembly point, you will likely be held in that area by law enforcement until the situation is under control, and all witnesses have been identified and questioned. Do not leave until law enforcement authorities have instructed you to do so.

ADDITIONAL WAYS TO PREPARE FOR AND PREVENT AN ACTIVE SHOOTER SITUATION

Preparedness: ensure that your facility has at least two evacuation routes; post evacuation routes in conspicuous locations throughout your facility; include law enforcement and first responders during training exercises; encourage law enforcement, emergency responders, SWAT teams, K-9 teams, and bomb squads to train for an active shooter scenario at your location.

Prevention: foster a respectful workplace; be aware of indications of workplace violence and take remedial actions accordingly. Assisting individuals with special needs and disabilities: ensure that emergency plans, evacuation instructions, and any other relevant information address individuals with special needs and/or disabilities; your building should be handicap-accessible, in compliance with ADA requirements.

MANAGING THE CONSEQUENCES OF AN ACTIVE SHOOTER SITUATION

After the active shooter has been incapacitated and is no longer a threat, human resources and/or management should engage in post-event assessments and activities, including: an accounting of all individuals at a designated assembly point to determine who, if anyone, is missing and potentially injured; determining a method for notifying families of individuals affected by the active shooter, including notification of any casualties; assessing the psychological state of individuals at the scene, and referring them to health care specialists accordingly; identifying and filling any critical personnel or operational gaps left in the organization as a result of the active shooter.

(This section is based on Administrative Regulation 3516.2: Bomb Threats)

To maintain a safe and secure environment for district students and staff, the Superintendent or designee shall ensure that the district's emergency and disaster preparedness plan and/or each school's comprehensive safety plan includes procedures for dealing with bomb threats. He/she also shall provide training regarding the procedures to site administrators, safety personnel, and staff members who customarily handle mail, telephone calls, or email.

RECEIVING THREATS

Any staff member receiving a telephoned bomb threat shall try to keep the caller on the line in order to gather information about the location and timing of the bomb and the person(s) responsible. To the extent possible, the staff member should also take note of the caller's gender, age, any distinctive features of voice or speech, and any background noises such as music, traffic, machinery, or voices.

If the bomb threat is received through the mail system or in writing, the staff member who receives it should handle the letter, note, or package as minimally as possible. If the threat is received through electronic means, such as email or text messaging, the staff member should not delete the message.

RESPONSE PROCEDURES

The following procedure shall be followed when a bomb threat is received:

1. Any employee who receives a bomb threat shall immediately call 911 and also report the threat to the Superintendent or designee. If the threat is in writing, the employee shall place the message in an envelope and take note of where and by whom it was found.
2. Any student or employee who sees a suspicious package shall promptly notify the Superintendent or designee.
3. The Superintendent or designee shall immediately use fire drill signals and initiate standard evacuation procedures as specified in the emergency plan.
4. The Superintendent or designee shall turn off any two-way radio equipment which is located in a threatened building.

Law enforcement and/or fire department staff shall conduct the bomb search. No school staff shall search for or handle any explosive or incendiary device. No one shall reenter the threatened building(s) until the Superintendent or designee declares that reentry is safe based on law enforcement and/or fire department clearance. To the extent possible, the Superintendent or designee shall maintain communications with staff, parents/guardians, the Governing Board, other governmental agencies, and the media during the period of the incident. Following the incident, the Superintendent or designee shall provide crisis counseling for students and/or staff as needed.

Any employee or student found to have made a bomb threat shall be subject to disciplinary procedures and/or criminal prosecution.

SUSPICIOUS ITEMS

(This section is based on guidance provided by the Department of Homeland Security)

A suspicious item is any item (e.g., bag, package, vehicle, etc.) that is reasonably believed to contain explosives, an improvised explosive device (IED), or other hazardous material that requires a bomb technician and/or specialized equipment to further evaluate it. Examples that could indicate a bomb include unexplainable wires or electronics, other visible bomb-like components, and unusual sounds, vapors, mists, or odors. Generally speaking, anything that is Hidden, Obviously suspicious, and not Typical (HOT) should be deemed suspicious. In addition, potential indicators for a bomb are threats, placement, and proximity of the item to people and valuable assets.

Not all items are suspicious. An unattended item is an item (e.g., bag, package, vehicle, etc.) of unknown origin and content where there are no obvious signs of being suspicious. Facility search, lock down, or evacuation is not necessary unless the item is deemed to be suspicious.

You may encounter a suspicious item unexpectedly or while conducting a search. If it appears to be a suspicious item, follow these procedures:

1. Remain calm.
 2. Do not touch, tamper with, or move the package, bag, or item.
 3. Notify authorities immediately. A) Notify your facility supervisor, such as a manager, operator, or administrator, or follow your facility's standing operating procedure. B) Call 9-1-1 or your local law enforcement if no facility supervisor is available. C) Explain why it is suspicious.
 4. Follow instructions. Facility supervisors and/or law enforcement will assess the situation and provide guidance regarding shelter-in-place or evacuation.
 5. If no guidance is provided and you feel you are in immediate danger, calmly evacuate the area. Distance and protective cover are the best ways to reduce injury from a bomb.
 6. Be aware. There could be other threats or suspicious items.
- Every situation is unique and should be handled in the context of the facility or environment in which it occurs. Facility supervisors and law enforcement will be in the best position to determine if a real risk is posted and how to respond.

BOMB DETONATION

(This section is based on guidance provided by the Department of Homeland Security)

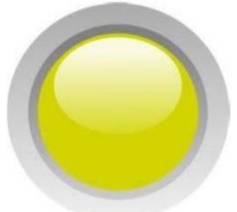

1. Get under a sturdy table or desk if things are falling around you. When they stop falling, leave quickly, watching for obviously weakened floors and stairways.
2. Do not use elevators.
3. Stay low if there is smoke. Do not stop to retrieve personal possessions or make phone calls.
4. Check for fire and other hazards.
5. Once you are out, do not stand in front of windows, glass doors or other potentially hazardous areas.
6. If you are trapped in debris, use a flashlight, whistle or tap on pipes to signal your location to rescuers.
7. Shout only as a last resort to avoid inhaling dangerous dust.
8. Cover your nose and mouth with anything you have on hand.

(The following is adapted from the San Diego County Office of Education Comprehensive Safe School Plan Template, July 2016)

Hazardous Materials Release Response Procedures

Call 911 immediately and follow directions of the emergency responders. In the absence of directions from first responders, assess the situation based on the available information, and then shelter in place or evacuate. **IF ORDERED TO SHELTER IN PLACE:** Conduct reverse evacuation: all students and staff get indoors as quickly as possible. Turn off heating/air conditioning system. Close windows, doors, vents, and seal with duct tape if possible. Allow entrance only through one door; keep the room sealed off. Remain indoors and wait for further instructions. Make every effort to get students indoors, and provide alternative shelter in the office or other secure area for any students who are not sheltered inside of classrooms. **IF ORDERED TO EVACUATE:** Move upwind and uphill from incident location. Administer first aid as needed. Take attendance of students. Evacuate to another school if instructed to do so. If evacuated from the school campus, do not return until emergency responders determine that

DUSD Injury/ Illness Program Home Visit Guide

Delano Union School District staff members are often expected to do home visits as part of their work with students and families. Home visits can be an effective way to connect with students and parents who may be alienated from their school, or be struggling with issues that are preventing them from attending.

Home visiting is an essential intervention to gather information regarding a student's whereabouts, identify and address barriers to attendance and/or achievement, and to connect with students and/or parents/guardians. Home visits give staff an opportunity to express concern and offer support to students and families.

When conducting home visits and other off-site business, DUSD staff shall follow all sign-in and sign-out procedures and are expected to return to the school site prior to the end of work hours, except in an emergency. If staff plans to begin their work day with home visits, staff should notify their supervisor(s) in advance, along with the proposed time the staff will arrive at the school. This protocol is for safety and liability purposes. All staff shall retain copies of their itineraries for their records and for review by their supervisor.

Preparation

- Notify the appropriate administrative or clerical staff of intended home visits and the time you expect to return to your work location.
- Gather and organize student attendance records and any other relevant school records.
- Wear a District or school ID badge; clothing with school/district logo may also be appropriate.
- Identify in advance the locations of the home visit(s) and determine the safest routes to/from the residence(s).

DUSD Integrated Pest Management

RETAIN FOR YOUR RECORDS

Structural and landscape pests can pose significant problems to people and the environment. Toxic pest control chemicals can also pose significant problems to people and the environment. It is, therefore, the policy of the Delano Union School District to incorporate Integrated Pest Management (IPM) procedures for the control of structural and landscape pests. Pest problems will be managed by using IPM methods that reduce risk, are effective, and are economically feasible. Pesticides that pose the least possible hazard and are effective in a manner that minimizes risks to people, property, and the environment will be carefully evaluated before use and will only be used after careful monitoring indicates they are needed according to pre-established guidelines and treatment thresholds.

Integrated Pest Management means a pest management strategy that focuses on long-term prevention or suppression of pest problems through a combination of techniques such as monitoring for pest presence and establishing treatment threshold levels, using nonchemical practices to make the habitat less conducive to pest development, improving sanitation, and employing mechanical and physical controls. This program is administered by the Director of Maintenance, Operations and Transportation (M.O.T.).

DUSD Employees with Infectious Disease Board Policy 4219.41

The Board of Trustees encourages each employee to inform the district as soon as possible if he/she contracts an infectious disease which creates a physical or mental disability. The Board will reasonably accommodate the needs of such individuals. The Board may reassign or grant disability leave to an employee who is unable to perform his/her job responsibilities because of illness or because the employee's illness significantly endangers his/her health or safety or the health or safety of others.

No employee will be discriminated against because of his/her disability. Legal protections established for disabled persons extend to individuals significantly impaired by infectious diseases.

When informed that an employee has a disabling infectious disease, the Superintendent or designee may request that the employee sign a release form to provide confidential medical information and records. In determining a reasonable accommodation of the employee's condition, the Superintendent or designee may consult with public health officials or physicians with expertise in the diagnosis and treatment of infectious disease. The Superintendent or designee may also communicate with the employee's physician regarding the employee's ability to perform the essential requirements of the job with reasonable accommodation and without posing significant health or safety risks to the employee or others.

The Superintendent or designee shall prepare a confidential report which includes his/her recommendation and the medical information upon which it is based. These recommendations shall take into consideration:

1. The nature of the disease and the probability of its being transmitted, including the duration and severity of the risk
2. The physical condition of the employee, including diagnosis, treatment, and prognosis of the condition
3. The actual requirements of the employee's job and the expected type of interaction with others in the school setting

This report shall be forwarded to the Board for confidential review and action.

The job assignment of an employee with a disabling infectious disease shall be reevaluated whenever there is a change in medical knowledge or in the employee's medical regimen or health which might affect his/her assignment.

Confidentiality

The Board and the Superintendent or designee shall ensure that employee rights to confidentiality are strictly observed. The district shall disclose medical record information only to the extent required or permitted by law. The medical records of any employee with a disabling infectious disease shall be held in strict confidence.

DUSD Blood Borne Pathogens Training Program

There is a clear national problem related to occupational safety and health for employees exposed to blood borne pathogens. Concerns about AIDS can make a needle stick or other blood exposure alarming. Yet AIDS is not the only blood borne disease you need to worry about, In fact, you are more likely to be infected from an exposure by the hepatitis B virus (HBV), which is just as deadly.

The Occupational Safety and Health Administration (OSHA) issued a standard that, if followed, is designed to protect you. The standard details ways to substantially reduce your risk of contracting a blood borne disease due to an exposure. The standard applies to those employees who, it is reasonable anticipated, could be exposed to blood borne pathogens as a result of performing their job duties.

DISEASES IN THE BLOOD

Diseases in the blood that you might be exposed to include: Non A non B hepatitis; Hepatitis B, C, and D; human immunodeficiency virus (HIV); syphilis and malaria. The two (2) most significant are hepatitis B (HBV) and human immunodeficiency virus (HIV).

Hepatitis

Hepatitis means inflammation of the liver. The hepatitis B virus is the greatest blood borne hazard faced at work. Approximately 8,700 healthcare workers are infected each year resulting in more than 200 deaths. If you become infected with HBV:

- You may have flu-like symptoms. They may be mild or severe.
- You may not have any indication that you are infected.
- Your blood, saliva, and other body fluids may be infectious.
- You may spread the virus to sexual partners, family members, and even unborn infants.

HBV may severely damage the liver, leading to cirrhosis and death.

Human Immunodeficiency Virus

The human immunodeficiency virus (HIV) attacks the body's immune system, causing the disease known as AIDS or Acquired Immune Deficiency Syndrome. Currently, there is no vaccine to prevent infection. A person infected with HIV:

- May carry the virus without developing symptoms for years.
- Will eventually develop AIDS.
- May suffer from flu-like symptoms, fever, diarrhea, and fatigue.
- May develop AIDS-related illnesses including neurological problems, cancer, and other opportunistic infections.

HIV is transmitted primarily through sexual contact, but may also be transmitted through blood and some body fluids. HIV is not transmitted by touching, feeding, or working around people who carry the disease.

HBV, HIV, and other pathogens may be present in:

Body fluids such as:

- Blood
- Saliva
- Semen
- Vaginal Secretions
- Body fluids visibly contaminated with blood

HOW DISEASES CAN BE SPREAD IN THE WORK PLACE

Blood borne pathogens may enter your body and infect you through a variety of means including:

- An accidental injury by a sharp object contaminated with infectious material. Sharps include:

DUSD Blood Borne Pathogens Training Program (Continued)

- Needles
- Razor Blades
- Broken Glass
- Knives
- Scissors
- Dental braces

Anything that can pierce, puncture, or cut your skin.

- Open cuts, nicks, and skin abrasions, even dermatitis and acne, as well as the mucous membranes of your mouth, eyes, or nose.
- Indirect transmission, such as touching a contaminated object or surface and transferring the infectious material to your mouth, eyes, nose, or open skin.

Contaminated environmental surfaces are a major mode of hepatitis B spread in certain settings. HBV can survive on environmental surfaces dried at room temperatures for at least one week. Surfaces and objects can be heavily contaminated by substances without visible signs.

HOW TO MINIMIZE YOUR RISK

The risks of blood borne diseases in the work place are quite serious. You can learn effective ways of minimizing them. A good place to start is with the Delano Union School District's Exposure Control Plan. A copy is available in each school office and at the District Office. It covers:

- Identification of employees covered by the standard.
- Specific measures that must be taken to minimize your risk of exposure.
- Discussion of five (5) major ways to reduce your risks or exposure to blood borne pathogens on the job:
 1. Engineering Controls
 2. Work Practice Controls
 3. Personal Protective Equipment
 4. Housekeeping
 5. Hepatitis B Vaccine

ENGINEERING CONTROLS

There are physical and mechanical systems provided to eliminate hazards at their source. Some examples are:

- Sharps containers at the site of use.
- Personal protective equipment at the site of use (i.e., gloves, barrier packs)

The effectiveness of engineering controls depends on your appropriate use of them!

WORK PRACTICE CONTROLS

There are specific procedures you must follow on the job to reduce your exposure to blood borne pathogens or infectious materials.

Body Substance Isolation

Body Substance Isolation is based on the assumption that all body substances are potentially infectious. You cannot tell by looking if a person has HIB, HBV, or other infections that can infect you.

Body Substance Isolation requires you to treat all body substances as if they are known to be infected with HIV, HBV, or other blood borne pathogens.

Hand Washing

If infectious material gets on your hands, the sooner you wash it off, the less chance you have of becoming infected.

DUSD Blood Borne Pathogens Training Program (Continued)

- Hand washing keeps you from transferring contamination from your hands to other areas of your body or other surfaces you may contact.
- Every time you remove your gloves, you must wash your hands with non-abrasive soap and running water as soon as you possibly can.
- If skin or mucous membranes come in direct contact with blood, wash or flush with water as soon as possible.
- If antiseptic hand cleanser towelettes are available, use them as a temporary measure only. You must still wash your hands with soap and running water as soon as you can.

Personal Hygiene

Additional self-protection control should be followed to protect you:

- Do not eat, drink, apply cosmetics or lip balms or handle contact lenses where you may be exposed to blood or other potentially infectious materials.
- Avoid petroleum-based lubricants that may eat through latex gloves. Applying hand cream is OK if you thoroughly wash your hands first.
- Do not keep food or drinks in refrigerators, freezers, cabinets, or on shelves, countertops, or bench tops where blood or other potentially infectious materials may be present.

Needle sticks

To avoid needle sticks:

- Do not bend, hand-recap, shear, or break contaminated needles or other sharps. As a general rule, do not recap needles by hand. Recap or remove contaminated needles from disposable syringes only when medically necessary. To recap needles, use a mechanical device or a one-handed technique.
- Place contaminated sharps in an approved container immediately after use.
- Report any sharp containers that are mounted too high or are not easily accessible.

PERSONAL PROTECTIVE EQUIPMENT

Equipment that protects you from contact with potentially infectious materials may include gloves, masks, gowns, aprons, lab coats, face shields, protective eyewear, mouthpieces, resuscitation bags, or other ventilation devices. Under normal work conditions, protective equipment must not allow potentially infectious materials to contact your work clothes, street clothes, undergarments, skin, or mucous membranes. The type of protective equipment appropriate for a given task depends on the degree of exposure you anticipate.

Wear gown, gloves, and eye protection when splash, spray, splatter, or droplets of body substance may be reasonably expected (available on Blood Borne Pathogen Emergency Kit).

Wear gown and gloves when clothing or skin may be reasonably exposed to body substance (available in Blood Borne Pathogens Emergency Kit).

Wear gloves, foot covers, mask and eye protection when large amounts of blood may be encountered (available in Blood Borne Pathogens Emergency Kit).

Use resuscitation devices. Avoid unprotected mouth-to-mouth resuscitation.

Gloves

Gloves act as a barrier between your hands and body substances. Latex gloves are used for first aid emergencies.

DUSD Blood Borne Pathogens Training Program (Continued)

- Gloves must be worn when contact with blood, potentially infectious materials, mucous membranes, or non-intact skin is anticipated.
- Cuts should be covered before gloving.
- Replace gloves as soon as possible if contaminated, torn, punctured or contaminated in any way. *Never wash or reuse gloves.*

Remove gloves in the following manner to prevent contamination of hands:

- Peel one glove off from wrist and hold it in the gloved hand.
- Peel the second glove off from the inside, tucking the first glove inside the second.
- Dispose of gloves in waste container before leaving the area.
- Wash your hands thoroughly after removing gloves.

HOUSEKEEPING

- Good housekeeping protects everyone, and it is everyone's responsibility.
- Equipment and work surfaces are cleaned daily.
- Place infectious waste in red bags marked with the BIOHAZARD label.
- Handle all soiled materials as potentially infectious.

Biohazard

Bags or containers bearing the BIOHAZARD label tell you when the containers hold blood or other potentially infectious materials. Warning labels are also used to designate contaminated equipment.

HBV VACCINATION

- The hepatitis B vaccine is available to all employees of the Delano Union School District who have been determined to be at risk for exposure to blood/body fluids. There is no cost to the employee.
- The vaccine is a yeast derivative and not made from human serum. It is given over six (6) months in a series of three (3) injections.
- The complete series of vaccines is 85%-97% effective in protecting you from getting the disease or becoming a carrier. It is effective for nine (9) years or longer.

You **SHOULD NOT** be vaccinated if:

- You have had the vaccine in the past.
- Your antibody test has revealed that you are immune.
- You are advised by your personal physician not to get the vaccine for medical reasons.

If you have any questions or comments regarding this information, please contact the Coordinator of Health Services:

Linda Hinojosa, RN, at 721-7036, Community Connection Center.

DUSD Bloodborne Pathogens Exposure Plan

POLICY

The Delano Union School District is committed to providing a safe and healthful work environment for our entire staff. In pursuit of this goal, the following Exposure Control Plan (“ECP”) is provided to eliminate or minimize occupational exposure to bloodborne pathogens in accordance with OSHA standard 29 CFR 1910.1030, “Occupational Exposure to Bloodborne Pathogens.” The ECP is a key document to assist our district in implementing and ensuring compliance with the standard, thereby protecting our employees. This ECP includes

- Determination of employee exposure
- Implementation of various methods of exposure control, including: Universal precautions, Engineering and work practice controls, Personal protective equipment, Housekeeping
- Hepatitis B vaccination
- Post-exposure evaluation and follow-up
- Communication of hazards to employees and training
- Recordkeeping
- Procedures for evaluating circumstances surrounding exposure incidents
- Implementation methods for these elements of the standard are discussed in the subsequent pages of this ECP.

PROGRAM ADMINISTRATION

- The Director of Health Services, in partnership with the District Employee Safety Committee, is responsible for implementation of the ECP. The District Employee Safety Committee will maintain, review, and update the ECP at least annually, and whenever necessary to include new or modified tasks and procedures.

Employee Exposure Determination

The following is a list of job classifications in which some employees may have occupational exposure. Included is a list of tasks and procedures, or groups of closely related tasks and procedures, in which occupational exposure may occur for these individuals:

After School Activity and Academic Instructor
After School Site Manager
After School Athletic Coaches: first aid trained provider
Campus Supervisor
Custodian
Health Care and Living Skill Aide: first aid trained provider
Instructional Aide
School Nurse: first aid trained, provides insulin injections, immunizations
Yard Noon Duty Aide

Providers in the SH setting

DUSD METHODS OF IMPLEMENTATION AND CONTROL

Universal Precautions

All employees will utilize universal precautions.

Exposure Control Plan

Employees covered by the bloodborne pathogens standard receive an explanation of this ECP in their annual employee handbook and or during their initial training session. It will also be reviewed at the beginning of each academic school year. If requested, the district will provide an employee with a copy of the ECP free of charge and within 15 days of the request.

The District Employee Safety Committee is responsible for reviewing and updating the ECP annually, or more frequently if necessary, to reflect any new or modified tasks and procedures that affect occupational exposure and to reflect new or revised employee positions with occupational exposure.

DUSD Engineering Controls and Work Practices

Engineering controls and work practice controls will be used to prevent or minimize exposure to bloodborne pathogens. The specific engineering controls and work practice controls used are listed below:

- Hand washing
- Locked Wall Mounted Sharps containers
- Single use Vanishing Needles for immunization clinics

Sharps disposal containers are inspected and maintained or replaced by the Health Services Department annually or whenever necessary to prevent overfilling. This facility identifies the need for changes in engineering controls and work practices through (examples: Review of OSHA records, employee interviews, committee activities, etc.). We evaluate new procedures and new products regularly.

Both district staff and administration officials are involved in this process through representation on the District Employee Safety Committee.

The Director of Health Services is responsible for ensuring that these recommendations are implemented.

DUSD Bloodborne Pathogens Exposure Plan (Continued)

Personal Protective Equipment (PPE)

PPE is provided to our employees at no cost to them. Training in the use of the appropriate PPE for specific tasks or procedures is provided by the Director of Health Services. The types of PPE available to employees are as follows:

- Latex free gloves

PPE is located in each office and may be obtained through MOT, special education and Health Services. Employees may obtain PPE from their direct supervisor who is responsible for ensuring that PPE is available. All employees using PPE must observe the following precautions:

- Wash hands immediately or as soon as feasible after removing gloves or other PPE.
- Remove PPE after it becomes contaminated and before leaving the work area.
- Used PPE may be disposed of in a lined waste basket
- Wear appropriate gloves when it is reasonably anticipated that there may be hand contact with blood or OPIM, and when handling or touching contaminated items or surfaces; replace gloves if torn, punctured or contaminated, or if their ability to function as a barrier is compromised.
- Utility gloves may be decontaminated for reuse if their integrity is not compromised; discard utility gloves if they show signs of cracking, peeling, tearing, puncturing, or deterioration.
- Never wash or decontaminate disposable gloves for reuse.
- Remove immediately or as soon as feasible any garment contaminated by blood or OPIM, in such a way as to avoid contact with the outer surface.

The procedure for handling used PPE is as follows:

Housekeeping

Regulated waste is placed in containers which are closable, constructed to contain all contents and prevent leakage, appropriately labeled or color-coded (see the following section “Labels”), and closed prior to removal to prevent spillage or protrusion of contents during handling.

The procedure for handling sharps disposal containers is: Sharps containers must be replaced when reaching the fill line on the label, approximately $\frac{3}{4}$ full. Do NOT overfill containers. Before sharps containers are removed or replaced, they must be closed to prevent spilling the contents. Call Health Services for disposal and replacement of the container.

The procedure for handling other regulated waste is:

Contaminated sharps are discarded immediately or as soon as possible in containers that are closable, puncture-resistant, leak proof on sides and bottoms, and appropriately labeled or color coded. Sharps disposal containers are available on each campus in the nurses office.

Surfaces are cleaned and decontaminated as soon as feasible after visible contamination. Broken glassware that may be contaminated is only picked up using mechanical means, such as a brush and dustpan.

Laundry

The following contaminated articles will be laundered:

- Fabric curtains in school nurse stations.
- Dry dust mops and wet mops.
- Other articles that may become contaminated in specific situations.

Laundering will be performed by an outside vendor (external laundering facility).

DUSD Bloodborne Pathogens Exposure Plan (Continued)

The following laundering requirements must be met:

- Handle contaminated laundry as little as possible, with minimal agitation.
- Place wet contaminated laundry in leak-proof, labeled or color-coded containers before transport. Use bags marked with the biohazard symbol) for this purpose.
- Wear the following PPE when handling and/or sorting contaminated laundry:
 - Latex free gloves.

Labels

Employees are to notify the Director of Health Services if they discover regulated waste containers, OPIM, contaminated equipment, etc., without proper labels.

See appendix B for a list of the district's labeling requirements

ADMINISTRATION OF POST-EXPOSURE EVALUATION AND FOLLOW-UP

The Director of Health Services ensures that health care professional(s) responsible for employee's hepatitis B vaccination and post-exposure evaluation and follow-up are given a copy of OSHA's bloodborne pathogens standard.

The Director of Health Services ensures that the health care professional evaluating an employee after an exposure incident receives the following:

- A description of the employee's job duties relevant to the exposure incident.
- Route(s) of exposure.
- Circumstances of exposure.
- Relevant employee medical records, including vaccination status.

PROCEDURES FOR EVALUATING THE CIRCUMSTANCES SURROUNDING AN EXPOSURE INCIDENT

The Director of Health Services will review the circumstances of all exposure incidents to determine:

- the engineering controls in use at the time,
- the work practices followed,
- a description of the device being used (including type and brand),
- the protective equipment or clothing that was used at the time of the exposure incident (gloves, eye shields, etc.),
- the location of the incident (nurse's office., playground, etc.),
- the procedure being performed when the incident occurred, and
- the employee's training.

The Director of Health Services will record all percutaneous injuries from contaminated sharps in a Sharps Injury Log.

If revisions (including evaluation of safer devices, adding employees to the exposure determination list, etc.) to this ECP are necessary, the Director of Health Services, in partnership with the District Employee Safety Committee, will ensure that appropriate changes are made.

- 2) antibody testing reveals that the employee is immune, or
- 3) Medical evaluation shows that vaccination is contraindicated.

However, if an employee declines the vaccination, the employee must sign a declination form (see “HEPATITIS B VACCINE DECLINATION” form in appendix A). Employees who decline may request and obtain the vaccination at a later date at no cost. Documentation of refusal of the vaccination is kept at the office of the Director of Health Services.

Infection Control Practices

The Superintendent or designee shall ensure that the worksite is effectively maintained in a clean and sanitary condition, and shall implement an appropriate written schedule for cleaning and decontamination of the worksite. (8 CCR 5193(d))

Where occupational exposure remains after the institution of engineering and work practice controls, the Superintendent or designee shall provide appropriate personal protective equipment at no cost to the employee. Such equipment may include gloves, gowns, masks, eye protection, and other devices that do not permit blood or other potentially infectious materials to pass through or reach the employee's clothes, skin, eyes, mouth or other mucous membranes under normal conditions of use. The Superintendent or designee shall maintain, repair, make accessible and require employees to use and properly handle protective equipment. (8 CCR 5193(d))

The Superintendent or designee shall provide hand washing facilities which are readily accessible to employees. When provision of hand washing facilities is not feasible, the Superintendent or designee shall provide an appropriate antiseptic hand cleanser in conjunction with clean cloth or paper towels, or antiseptic towelettes. (8 CCR 5193(d))

For the prevention of infectious disease, employees shall routinely: (8 CCR 5193(d))

leaving the work area. When removed, it shall be placed in an appropriately designated area or container for storage, washing, decontamination or disposal.

- b. Gloves shall be worn when it can be reasonably anticipated that the employee may have hand contact with blood, other potentially infectious materials, mucous membranes and nonintact skin, and when handling or touching contaminated items or surfaces.

Disposable gloves shall be replaced as soon as practical when contaminated, or as soon as feasible if they are torn, punctured, or when their ability to function as a barrier is compromised. They shall not be washed or decontaminated for reuse. Utility gloves may be decontaminated for reuse if the integrity of the gloves is not compromised, but must be discarded if they are cracked, peeling, torn, punctured, or exhibit other signs of deterioration or when their ability to function as a barrier is compromised.

- c. Masks in combination with eye protection devices or face shields shall be worn whenever splashes, spray, spatter, or droplets of blood or other potentially infectious materials may be generated and eye, nose or mouth contamination can be reasonably anticipated.

3. Wash hands and other skin surfaces thoroughly with soap and running water:

- a. Immediately or as soon as feasible following contact of hands or any other skin or mucous membranes with blood or other potentially infectious materials
- b. Immediately after removing gloves or other personal protective equipment

4. Refrain from eating, drinking, smoking, applying cosmetics or lip balm, or handling contact lenses in work areas with a reasonable likelihood of occupational exposure.

5. Clean and decontaminate all equipment and environmental and work surfaces after contact with blood or other potentially infectious material, no later than the end of the shift or more frequently as required by state regulations.

6. Rather than using the hands directly, use mechanical means such as a brush and dust pan, tongs or forceps to clean up broken glassware which may be contaminated.

7. Use effective patient-handling techniques and other methods designed to minimize the risk of a sharps injury in all procedures involving the use of sharps in patient care.

(cf. 5141.21 - Administering Medication and Monitoring Health Conditions)

(cf. 5141.24 - Specialized Health Care Services)

- a. Needleless systems shall be used to administer medication or fluids, withdraw body fluids after initial venous or arterial access is established, and conduct any other procedure involving the potential for an exposure incident for which a needleless system is available as an alternative to the use of needle devices. If needleless systems are not used, needles or non-needle sharps with engineered sharps injury protection shall be used.
- b. Contaminated needles or other sharps shall not be broken, bent, recapped, removed from devices, or stored or processed in a manner that requires employees to reach by hand into the containers where these sharps have been placed.
- c. Disposable sharps shall not be reused.

8. Handle, store, treat and dispose of regulated waste in accordance with Health and Safety Code 117600-118360 and other applicable state and federal regulations.

SCREEN YOUR TEEN SAVE A LIFE

The EP Save A Life Foundation is committed to preventing SCA in young people through awareness, education and action. Saving lives is paramount to our mission and prevention is our goal.

What Is Sudden Cardiac Arrest?

Sudden Cardiac Arrest (SCA) is not a heart attack. It's an abnormality in the heart's electrical system that abruptly stops the heartbeat. It's caused by an undetected congenital or genetic heart condition.

First Symptom May Be Death

Possible Warning Signs: Unexplained fainting, shortness of breath, lightheadedness, chest pain, heart palpitations, family history of SCA or unexplained sudden death under the age of 50.

1 in 100 Youth At Risk

SCA is the #2 killer of youth under 25. These youth could've been saved with a simple EKG, but EKGs are not a part of a well-child or pre-sports exam.

1 Athlete Dies Every 3 Days

SCA is 60% more likely to occur during exercise or sports activity, so athletes are at greater risk. SCA is also the leading cause of death on school campuses.

Time Critical

If not properly treated within minutes, SCA is fatal in 92% of cases.

An Automated External Defibrillator Can Save Lives

An automated external defibrillator (AED) used within the first five minutes is the only way to restore normal heart activity to an SCA victim. The average arrival time for EMTs is six to 12 minutes. We need more AEDs and training so anyone can react quickly.

What Is An EKG?

An EKG measures your heart rate and electrical activity through electrodes attached via small patches with a mild adhesive to the chest, legs and arms.

Screening Results

Always follow up with your family doctor and add this baseline EKG to your child's medical chart. If the EKG is abnormal, be sure to see your doctor within two weeks for follow-up testing and treatment.

Regular Exams Are Important

An EKG can only detect 60% of heart conditions that put teens at risk, so it's important to have regular exams with your family physician. International recommendations are to repeat the EKG every other year through age 25.

Screenings Are Painless

The EKG reads your heartbeat from electrodes attached to your body. There are no needles or x-ray exposure. It takes just a few minutes and is completely painless.

DUSD Drug and Alcohol Testing for School Bus Drivers

Board Policy/ Administrative Regulation 4212.42

The Governing Board desires to ensure that district-provided transportation is safe for students, staff, and the public. To that end, the Superintendent or designee shall establish a drug and alcohol testing program designed to prevent the operation of buses or the performance of other safety-sensitive functions by a driver who is under the influence of drugs or alcohol, including a driver of a school bus, student activity bus, or other school transportation vehicle or any other employee who holds a commercial driver's license which is necessary to perform duties related to district employment.

A driver shall not report for duty or remain on duty when he/she has used any drug listed in 21 CFR 1308.11. A driver is also prohibited from reporting for duty or remaining on duty when he/she has used any drug listed in 21 CFR 1308.12-1308.15, unless he/she is using the drug under the direction of a physician who has advised him/her that the substance will not adversely affect the driver's ability to safely operate a bus. In addition, a driver shall not consume alcohol while on duty or for four hours prior to on-duty time. (49 CFR 382.201-382.209, 382.213)

The district's testing program for drivers shall include pre-employment drug testing and reasonable suspicion, random, post-accident, return-to-duty, and follow-up drug and alcohol testing of drivers. (49 USC 31306; 49 CFR 382.301-382.311)

Except as otherwise provided by law, the Superintendent or designee shall not release individual test results or medical information about a driver to a third party without the driver's specific written consent. (49 CFR 40.321)

Consequences Based on Test Results

Any driver who refuses to take a required drug or alcohol test, tests positive for drugs, or is found to have a blood alcohol concentration level that exceeds the levels specified in law shall be removed from performing safety-sensitive functions in accordance with 49 CFR 40.23 and 382.211.

No driver shall be temporarily removed from the performance of safety-sensitive functions based only on a laboratory report of a confirmed positive test before the certified medical review officer has completed verification of the test results, unless the district has obtained a waiver. (49 CFR 40.21, 382.107, 382.119)

Not later than five days after receiving notification of the test result or refusal to comply, the Superintendent or designee shall report any refusal, failure to comply, or positive test result to the California Department of Motor Vehicles (DMV) using a form approved by the DMV. (Vehicle Code 13376)

Any driver who refuses, fails to comply, or has a positive test result may be referred to an education and treatment program that meets the requirements of 49 CFR 40.281-40.313. All personnel files are confidential and shall be available only to the employee, persons authorized by the employee and those authorized by the Superintendent or designee. Official employee files shall be maintained at the district's central office. The Superintendent or designee shall determine the types of information to be included and shall process all material to be placed in a personnel file.

The contents of all personnel files shall be kept in strict confidence by any authorized reviewer.

Files for District Police/Security Officers

Personnel files for district police or security officers shall be maintained and accessed in accordance with Board of Trustees policy and Government Code 3305-3306.

Placement of Material in Personnel Files

Any person who places written material or drafts written material for placement in an employee's file shall sign the material and signify the date of placement.

When an employee is asked to sign any material that is to be placed in his/her file, it is with the understanding that his/her signature signifies only that he/she has read the material and does not necessarily indicate agreement with its contents.

Any request by an employee to include materials in his/her personnel file must be approved by the Superintendent or designee.

A certificated employee may initiate a written reaction or response to his/her performance evaluation and that response shall become a permanent attachment to the employee's personnel file. (Education Code 44663)

Derogatory Information

Information of a derogatory nature shall not be entered into an employee's personnel file unless and until the employee is given notice and an opportunity to review and comment on that information. Such a review shall take place during normal business hours. The employee shall be released from duty for this purpose without a salary reduction. The employee may enter his/her own comments and have them attached to the derogatory statement. (Education Code 44031)

File Review by Employee

The contents of personnel records relating to the employee's performance or to any grievance concerning the employee shall be made available to the employee at reasonable intervals and at reasonable times. The Superintendent or designee shall not be required to make such records available at a time when the employee is required to render services to the district, unless the employee is required to view the file where it is stored. (Labor Code 1198.5; Education Code 44031)

The Superintendent or designee shall permit the employee to inspect the personnel records at the location where the district stores the personnel records, with no loss of compensation to the employee.

Any employee wishing to inspect his/her personnel record shall contact the Superintendent or designee.

With the exceptions noted below, all personnel records related to the employee's performance or to any grievance concerning the employee shall be made available for inspection by the employee. Non credentialed employees shall have access to any numerical scores obtained as result of written examinations. (Education Code 44031)

The Superintendent or designee shall not be required to make available to the employee: (Labor Code 1198.5, Education Code 44031)

2. Letters of reference

DUSD Personnel Files Administrative Regulation 4112.6 (Continued)

3. Ratings, reports or records that were obtained prior to the employee's employment, prepared by identifiable examination committee members, or obtained in connection with a promotional examination

The employee may be accompanied by a representative of the employee's choice while reviewing the record.

Inspection shall take place in the presence of the Superintendent or designee. All reviews of personnel records shall be recorded, including the date and time the file was reviewed and the name and title of the person(s) present during the review.

In no instance shall any material be removed from the records. Requests for copies of material in a personnel record must be made in writing.

File Review by Management and Board

Management personnel or district legal counsel with a valid "right to know" or "need to know" may, with the Superintendent or designee's authorization, review an employee's personnel file.

Board members are not individually allowed to request and access personnel files but the Board may request pertinent information from an employee's file in cases of personnel action.

DUSD Employment References Board Policy 4112.61

The Superintendent or designee shall process all requests for references, letters of recommendation, or information about the reasons for separation regarding all district employees other than himself/herself. All letters of recommendation to be issued on behalf of the district for current or former employees must be approved by the Superintendent or designee.

At his/her discretion, the Superintendent or designee may refuse to give a recommendation. Any recommendation he/she gives shall provide a careful, truthful and complete account of the employee's job performance and qualifications.

DUSD Transfers Board Policy 4114

Subject to the approval of the Governing Board, the Superintendent or designee may transfer a teacher from one district school to another when he/she determines the transfer is in the best interest of the district.

(Education Code 35035)

Such transfers shall be determined in accordance with the district's collective bargaining agreement with certificated employees.

Voluntary Transfers

The Superintendent or designee may establish processes and deadlines for the submission of transfer requests to facilitate staff assignments with minimal disruption to the educational program.

Upon receipt of a written transfer request by a teacher, the Superintendent or designee may consider the input of the principals at the current school and the requested school, alignment of the teacher's qualifications with needs of the school(s), and opportunities for the professional growth of the teacher.

However, if the principal of a school ranked in deciles 1-3 on the Academic Performance Index refuses to accept a transfer request, the Superintendent or designee shall not transfer the teacher. (Education Code 35036)

After April 15 prior to the school year that a transfer would become effective, no teacher who requests to be transferred to another school shall have priority over other qualified teachers

Involuntary Transfers

Involuntary transfers may become necessary when programs are reduced or cancelled, when schools are closed, or when otherwise required in order to accommodate the school's staffing needs. If a teacher objects to a transfer, he/she may request a meeting with the Superintendent or designee and the principal. If dissatisfied with the results of this meeting, the teacher may appeal to the Board. The Board's decision shall be final.

DUSD Resignation Board Policy 4117.2

Any district employee who desires to resign his/her position shall submit, in writing, a letter of resignation which indicates the date which the employee intends as his/her last day at work. The Governing Board encourages employees to provide advance notice that is appropriate for the position they hold.

The Board authorizes the Superintendent or designee to accept an employee's written resignation and to set its effective date. Once the Superintendent or designee has accepted and set an effective date for this resignation, the resignation may not thereafter be withdrawn by the employee.

The effective date of the resignation shall be a date not later than the close of the school year during which the resignation is received. However, an employee and the Board may agree that a resignation will be accepted at a mutually agreed upon date not later than two years beyond the close of the school year during which the resignation is received by the Board. (Education Code 44930, 45201)

DUSD Duties of Personnel Board Policy 4119.3

The Board of Trustees recognizes the importance of having adequate job descriptions for every district employee. Student safety, the district's fiscal stability, and the success of the educational program all depend on employees' fully understanding their responsibilities and duties.

The Superintendent or designee shall prepare and regularly update job descriptions for all positions. Job descriptions shall clearly specify all essential and peripheral/marginal functions and duties of the position, the degree of responsibility the position entails, the type and extent of training required, and the position of the person to whom the employee reports.

All employees shall fulfill the duties and responsibilities set forth in their job descriptions and shall comply with Board policies, administrative regulations, applicable employee agreements, and local, state and federal laws.

Teacher Assistance Program Support Providers / Consulting Teachers Induction - PAR

The Teacher Assistance Program in the Delano Union School District has restructured to a new format and new teacher induction program called The Induction Program. We are also adding a component of assistance for tenured staff called Peer Assistance and Review (PAR).

All support providers and consulting teachers will receive training this school year in programs, which target teacher improvement and success through formative assessment and teamwork. The Induction Program relies on the confidentiality and trust developed and built between the new teacher and support provider/mentor. PAR involves the tenured teacher who may either volunteer or be referred by their site administrator.

The support providers and consulting teachers are also eager and anxious to be of assistance to you. They are experienced and know 1) how to create a positive learning environment, 2) how to organize and manage a classroom, 3) how to plan and design instruction, 4) subject matter, and 5) how to diagnose and evaluate student learning.

Your assistants are colleagues and trusted friends. He or she can provide support as you work collaboratively together. While you may or may not have a designated support provider assigned to you, you are encouraged to tap the resources of other teachers as needed/desired. Assistance may be provided by informal dialogue, classroom observations and demonstrations, or other support as agreed upon.

We welcome you to our teacher assistance program!

DUSD Employee Assistance Programs Board Policy 4159

The Board of Trustees recognizes that school district employees may have personal problems which can have detrimental effects upon job performance and student safety. Many personal problems are easier to resolve when they are addressed early, before they reach disabling proportions. The Board encourages employees to seek help when such problems exist and to take advantage of the resources that are available to assist them.

Employees shall have confidential access to information about community resources that address personal problems. This information shall be available on a voluntary basis, to all employees, spouses and dependents.

Management and supervisory staff shall be knowledgeable about the district's employee assistance program. When there are indications of declining performance, attendance problems, or on-the-job behavioral problems, supervisors shall consult with the Superintendent or designee to explore the resolution of such problems.

Participation in the assistance program will not jeopardize the employee's employment or career advancement, nor will it protect the employee from disciplinary action for substandard job performance.

DUSD Peer Assistance and Review Board Policy/Administrative Regulation 4139

In order to assist teachers who may need additional development in subject matter knowledge and/or teaching strategies, the Board of Trustees shall work with the local teachers' organization to establish and maintain a program of peer assistance and review linking participating teachers with exemplary teachers serving as consulting teachers. Consulting teachers shall provide sustained, intensive support including, but not limited to, meetings with participating teachers.

The Superintendent or designee shall establish in accordance with law a joint teacher-administrator peer review panel to manage the program.

Board decisions regarding the continued employment of an individual participating teacher shall include consideration of the results of the individual's participation in the peer assistance and review program and the recommendations of the consulting teacher and review panel.

The Board shall coordinate policies and procedures related to the district's peer assistance and review program with other district activities for staff development, teacher support and staff evaluation.

Joint Teacher-Administrator Peer Review Panel

The joint teacher-administrator peer review panel shall: (Education Code 44502)

1. Select teachers to serve as consulting teachers
2. Review peer review reports prepared by consulting teachers

4. Annually evaluate the impact of the program in order to improve the program, including but not limited to, interviews or surveys of program participants, and submit any recommendations for improvement to the Board and exclusive representative of certificated employees in the district

The majority of the panel shall be composed of certificated classroom teachers chosen by other certificated classroom teachers. The remainder of the panel shall be composed of school administrators chosen by the Superintendent or designee. (Education Code 44502).

DUSD Tutoring Board Policy 4137

The Board of Trustees expects teachers and other members of the instructional staff to make every effort to resolve students' learning problems at school before recommending that parents/guardians engage a tutor or other professional help. By maintaining a competent, dedicated staff and adequate instructional resources, the Board seeks to minimize the need for individual tutoring.

To preclude conflicts of interest, teachers may not accept any kind of remuneration for tutoring a student enrolled in any of their classes. Teachers who tutor other students must perform this service outside of school facilities and make their own arrangements with parents/guardians for the fees to be charged. The Board encourages teachers to tutor only in subjects or grade levels for which they are certificated.

DUSD Probationary/ Permanent Status Administrative Regulation 4116

Probationary Status

Probationary employees shall receive training, assistance and evaluations consistent with their needs as new teachers. Such training and assistance may consist of inservice training and/or meetings with the employee's evaluator to discuss areas of strength and areas requiring improvement. Inservice training may be provided during school hours as part of a comprehensive staff development program.

The performance of each probationary employee shall be evaluated and assessed at least once every school year.

Permanent Status

Granting of permanent status shall be based on completion of the probationary period in accordance with applicable law. Employees granted permanent status acquire specific rights under the Education Code, including those relating to discipline and dismissal. (Education Code 44932-44988)

DUSD Shared Teaching Assignments

Board Policy/Administrative Regulation 4128

The Board of Trustees realizes that for personal reasons, a certificated teacher sometimes may prefer to share the responsibility, salary and benefits of a full-time teaching position with one of his/her fellow teachers. When those sharing a position have compatible work patterns and similar goals, this situation can benefit teachers and students alike. By accommodating requests for shared teaching assignments, the district is more likely to retain teachers of outstanding capabilities.

The Superintendent or designee may authorize two teachers to share one full teaching assignment under terms and conditions specified in administrative regulations.

Eligibility

RE: Medical Leave and Physician's Notes

There have been many concerns regarding medical leave and absence guideline/procedures. Listed below is information that should be followed and hopefully it will alleviate any confusion.

1. Contact the Human Resource Department (HR) as soon as possible should you anticipate any extended leave of absence due to medical issues, including inpatient, outpatient and office procedures, including office procedures.
2. All notes/ verifications from your physician (including workman's comp) must be submitted to the HR Department and not to your work site location. It is the responsibility of the employee to ensure that all required forms are submitted directly to the HR Department.
3. Once you have been released by your physician, a written release must be submitted to the HR Department before you are allowed to return back to duty. Any limitations and/or restrictions must be explained in detail including beginning and ending dates of the restrictions. All restrictions must be approved prior to your return by the HR Department. Please see the attached example.

Please note that each leave is completely different and is assessed according to the requirements and criteria. We also recognize that all leaves are very personal and I want to make it very clear that by law, all the information we receive is strictly confidential and all paperwork is kept separate from your personnel file.

Should you have any questions, please feel free to contact Norma Medina at extension 00161.

DUSD Reasonable Accommodation Administrative Regulation 4032

Except when undue hardship would result to the district, the Superintendent or designee shall provide reasonable accommodation:

1. In the job application process, to any qualified job applicant with a disability
2. To enable any qualified employee with a disability to perform the essential functions of the position he/she holds or desires to hold or to enjoy equal benefits or other terms, conditions, and privileges of employment as other similarly situated employees without disabilities

No employee or job applicant who requests an accommodation for his/her physical or mental disability shall be subjected to discrimination or to any punishment or sanction, regardless of whether the request for accommodation was granted. (Government Code 12940)

The district designates the position specified in AR 4030 - Nondiscrimination in Employment as the coordinator of its efforts to comply with the Americans with Disabilities Act (ADA) and to investigate any and all related complaints.

(cf. 4030 - Nondiscrimination in Employment)

Definitions

Disability, with respect to an individual, is defined as any of the following: (Government Code 12926; 20 CFR 1630.2)

1. A physical or mental impairment that limits one or more of the major life activities
2. A record of such an impairment
3. Being regarded as having such an impairment

Limits shall be determined without regard to mitigating measures such as medications, assistive devices, prosthetics or reasonable accommodations, unless the mitigating measure itself limits a major life activity. (Government Code 12926)

Essential functions are the fundamental job duties of the position the individual with a disability holds or desires. The term does not include the marginal functions of the position. (Government Code 12926; 29 CFR 1630.2)

Reasonable accommodation means: (Government Code 12926; 29 CFR 1630.2)

1. For a qualified job applicant with a disability, modifications or adjustments to the job application process that enable him/her to be considered for the position he/she desires
2. For a qualified employee with a disability, modifications or adjustments to the work environment, or to the manner or circumstances under which the position the employee holds or desires is customarily performed, that enable him/her to perform the essential functions of that position or to enjoy equal benefits and privileges of employment as are enjoyed by the district's other similarly situated employees without disabilities

Qualified individual with a disability means a job applicant or employee with a disability who: (29 CFR 1630.15, 1630.2)

1. Satisfies the requisite skill, experience, education, and other job-related requirements of the employment position he/she holds or desires
2. Can perform the essential functions of the position with or without reasonable accommodation
3. Would not pose a significant risk of substantial harm, which cannot be eliminated or reduced by reasonable accommodation, to himself/herself or others in the job he/she holds or desires

Undue hardship is a determination based on an individualized assessment of current circumstances that shows that the provision of a specific accommodation would cause significant difficulty or expense to the district. (29 CFR 1630.2)

DUSD Reasonable Accommodation AR 4032 (Continued)

Request for Reasonable Accommodation

When requesting reasonable accommodation, an employee or his/her representative shall inform the employee's supervisor that he/she needs a change at work for a reason related to a medical condition. The supervisor shall inform the coordinator of the employee's request as soon as practicable.

When requesting reasonable accommodation for the hiring process, a job applicant shall inform the coordinator that he/she will need a reasonable accommodation during the process.

When the disability or the need for accommodation is not obvious, the coordinator may ask the employee to supply reasonable documentation about his/her disability. In requesting this documentation, the coordinator shall specify the types of information that are being sought about the employee's condition, the employee's functional limitations, and the need for reasonable accommodation. The employee may be asked to sign a limited release allowing the coordinator to submit a list of specific questions to his/her health care or vocational professional.

If the documentation submitted by the employee does not indicate the existence of a qualifying disability or explain the need for reasonable accommodation, the coordinator shall request additional documentation that specifies the missing information. If the employee does not submit such additional documentation in a timely manner, the coordinator may require him/her to submit to an examination by a health care professional selected and paid for by the district.

The district may make a medical or psychological inquiry of a job applicant or require him/her to submit to a medical or psychological examination after he/she has been given a conditional offer of employment but before the commencement of his/her job duties, provided the inquiry or examination is job-related, consistent with business necessity, and required for all incoming employees in the same job classification. (Government Code 12940)

The coordinator shall not request any job applicant's or employee's genetic information except as authorized by law. (42 USC 2000ff-1, 2000ff-5)

In accordance with law, the coordinator shall take steps to ensure the confidentiality of information related to medical conditions or history. As applicable, he/she shall notify the supervisor or manager of the qualified individual of any reasonable accommodation granted the individual and may notify first aid and safety

personnel when the disability of the qualified individual may require emergency treatment. (42 USC 12112) (cf. 4112.6/4212.6/4312.6 - Personnel Records)

Granting Reasonable Accommodation

Upon receiving a request for reasonable accommodation from a qualified individual with a disability, the coordinator shall:

1. Determine the essential functions of the job involved
2. Engage in an informal, interactive process with the individual to review the request for accommodation, identify the precise limitations resulting from the disability, identify potential accommodations, and assess their effectiveness
3. Develop a plan for reasonable accommodation which will enable the individual to perform the essential functions of the job or gain equal access to a benefit or privilege of employment without imposing undue hardship on the district

A determination of undue hardship should be based on several factors, including: (29 CFR 1630.2)

- a. The nature and net cost of the accommodation needed, taking into consideration the availability of tax credits and deductions and/or outside funding

DUSD Reasonable Accommodation AR 4032 (Continued)

- b. The overall financial resources of the facility making the accommodation, the number of persons employed at this facility, and the effect on expenses and resources of the facility
- c. The overall financial resources, number of employees, and the number, type, and location of facilities of the district
- d. The type of operation of the district, including the composition, structure, and functions of the workforce and the geographic separateness and administrative or fiscal relationship of the facility making the accommodation to other district facilities
- e. The impact of the accommodation on the operation of the facility, including the impact on the ability of other employees to perform their duties and the impact on the facility's ability to conduct business

The coordinator may confer with the site administrator, any medical advisor chosen by the district, and/or other district staff before making a final decision as to the accommodation.

Reasonable Accommodation Committee

The coordinator may appoint a committee to review or assist in the development of appropriate plans to reasonably accommodate qualified individuals who request modifications or adjustments in their work duties or environment because of known physical or mental disabilities.

Committee members shall be selected on the basis of their knowledge of the specific functions and duties required in the position, the physical work environment, available accommodations, and other relevant issues. The committee may include a district administrator, site administrator, medical advisor or rehabilitation specialist, and as necessary, a certificated and/or classified employee. Membership may change on a case-by-case basis.

At the coordinator's discretion, the employee or applicant requesting accommodation may participate in the committee's meetings. If the employee or applicant is excluded from the committee's meetings, the coordinator shall communicate with him/her so that he/she has the opportunity to interact and contribute to planning the reasonable accommodation.

Appeal Process

Any qualified individual with a disability who is not satisfied with the decision of the coordinator may appeal in writing to the Superintendent or designee. This appeal shall be made within 10 working days of receiving the decision and shall include:

1. A clear, concise statement of the reasons for the appeal
2. A statement of the specific remedy sought

The Superintendent or designee shall consult with the coordinator and review the appeal, together with any available supporting documents. The Superintendent or designee shall give the individual his/her decision within 15 working days of receiving the appeal.

Any further appeal for reasonable accommodation shall be considered a complaint concerning discrimination in employment and may be taken to the Governing Board in accordance with the district's procedure for such complaints.

DUSD Temporary Modified/ Light Duty Assignment Board Policy/Administrative Regulation 4113.4

The Board of Trustees recognizes that when employees suffer work-related injuries, modified or light-duty assignments minimize lost time and may serve to facilitate the transition back to the employee's regular duties or full-time work. Whenever possible, the Superintendent or designee shall offer such employees this kind of temporary assignment.

Any employee who suffers a work-related injury shall provide the district with medical verification of his/her physical condition. Unless the treating physician provides a full release from work, the employee may be considered eligible for a temporary modified or light-duty assignment. If the treating physician does not specify work restrictions, the Superintendent or designee may contact the physician to see if modified or light-duty work might be appropriate.

Modified or light-duty assignments shall be designed to accommodate medical restrictions specified by the employee's physician. They may include work in the same job classification or a different job classification at the employee's regular salary rate.

Modified or light-duty assignments are intended to address short-term medical restrictions and will normally extend for less than eight weeks' duration. These assignments shall not be used as a means to establish new assignments or displace other employees.

The Superintendent or designee shall meet with the employee and his/her supervisor to determine whether the employee can return to his/her regular job with the medical restrictions specified by the physician.

If the employee is not able to return to his/her regular job with restrictions, the Superintendent or designee shall seek a temporary modified or light-duty assignment for the employee. Employees who are given such assignments shall receive written notification of the assignment.

If no temporary modified or light-duty assignment can be found, the employee will be placed on temporary disability, sick leave, or other available leave to the extent available until an appropriate position within the medical restrictions is found, or until the medical restrictions are lifted. The Superintendent or designee shall also monitor the status of any employee for whom the physician provided a full release from work to see if the employee could return to a temporary modified or light-duty assignment at a later date.

If an employee rejects a temporary modified or light-duty assignment, this refusal may provide a basis for terminating temporary disability benefits.

The Superintendent or designee shall monitor all modified and light-duty assignments and may contact the physician for assistance in determining when the employee is ready to resume his/her regular duties.

DUSD Catastrophic Leave Board Policy/Administrative Regulation 4161.9

In the event of a concerted action or work stoppage, political activities by employee organizations and individual employees shall be restricted to peaceful informational picketing and other activities allowed by law.

Recognized employee organizations and their representatives may solicit or receive political funds or contributions from employee members on district property during non-working time to promote the passage or defeat of any ballot measure. (Education Code 7056)

DUSD Personal Illness/Injury Leave Administrative Regulation 4161.1

Salary Deductions During Sick Leave

Continued Absence After Available Sick Leave Is Exhausted/Differential Pay

During each school year, when a certificated employee has exhausted all available sick leave, including all accumulated sick leave, and, due to illness or accident, continues to be absent from his/her duties for an additional period of up to five school months, the employee shall receive his/her regular salary minus the actual cost of a substitute to fill the position. If the district has made every reasonable effort to secure the services of a substitute and has been unable to do so, the amount that would have been paid to a substitute shall be deducted from the employee's salary. (Education Code 44977)

An employee shall not be provided more than one five-month period per illness or accident. However, if the school year ends before the five-month period is exhausted, the employee may take the balance of the five-month period in a subsequent school year. (Education Code 44977)

Absence Beyond Five-Month Period/Reemployment List

If a certificated employee is not medically able to resume his/her duties after the five-month period provided pursuant to Education Code 44977, the employee shall be placed either in another position or on a reemployment list. Placement on the reemployment list shall be for 24 months for probationary employees or 39 months for permanent employees and shall begin at the expiration of the five-month period. If during this time the employee becomes medically able, he/she shall be returned to employment in a position for which he/she is credentialed and qualified. (Education Code 44978.1)

DUSD Nonschool Employment Board Policy 4136

The Board of Trustees recognizes that district employees may receive compensation for outside activities as long as these activities are not inconsistent, incompatible, in conflict with or inimical to the employee's duties or the duties, functions or responsibilities of the district.

Outside paid activities are incompatible with district employment if they require time periods that interfere with the proper, efficient discharge of the employee's duties, if they entail compensation from an outside source for activities which are part of the employee's regular duties, or if they involve using for private gain the district's name, prestige, time, facilities, equipment or supplies.

District employees shall not perform, without prior Board approval, any outside paid service which will be wholly or in part subject to the approval or control of another district employee or a district officer.

Upon determining that an employee's outside job is incompatible with district employment, the Superintendent or designee shall so inform the employee. An employee who continues to pursue an incompatible activity may be subject to disciplinary action. Appeals shall be addressed in accordance with law, Board policy and administrative regulations.

INTRODUCTION TO DUESD TECHNOLOGY DEPARTMENT

Network Privileges

All employees who sign the Acceptable Use Policy (AUP) have a network login and password. Access is available from workstations based upon whether the employee works in the classroom or as administrative support. As the AUP indicates, the email account is restricted to business use. Internet access is filtered by legal requirements. Certain attachments are also restricted to protect the network from viruses and other malicious software.

Data Storage

All data is stored on network drives which are backed up daily; no data is stored on the local C: drive. If necessary, a technician may re-image a workstation which would destroy any data stored locally. Each user has a P: drive to hold private work data. This drive is not accessible by other users. There is also an S: drive for shared data. Folders in the shared drive are available for access by increasingly more District users as they move from Site to District. Depending upon where the file is saved, it becomes available across the network to anyone else who belongs to the group. Only group members have access to the named folder.

Security

Internet and email filtering is in place, as well as antivirus software; however, no filter is perfect. It is expected that employees use discretion in accessing the Internet to prevent access to inappropriate web sites. In order to pass data from home to school and back, there are several ways to proceed. Flash drives, CDRs, and Google Docs/Drive are acceptable, as are most email attachments. Most graphic attachments are prohibited.

Software Availability

District-standard productivity software is available on the network. All software must be installed by Technology staff due to such issues as strict observance of copyright restrictions and minimizing software conflicts.

Admonition

Please refrain from passing around spam emails to other employees via the District's email system or placing any personal files such as family event pictures and videos, personal music files, etc., on the network. These items use up storage and bandwidth that are needed for daily operations. In addition, please remove old or unused files in your P: and Shared drive locations. The District reserves the right to remove any files it deems unnecessary at its discretion.

DELANO UNION ELEMENTARY SCHOOL DISTRICT ELECTRONIC ON-LINE SERVICES RULES OF INTERNET ETIQUETTE “NETIQUETTE”

- Be Polite. Never send, or encourage others to send, abusive messages.
- Use Appropriate Language. Remember that you are a representative of not only yourself but also your school on a publicly accessible system. You may be alone with your computer, but what you say and do can be viewed globally! Never swear, use vulgarities, or any other inappropriate language. Illegal activities of any kind are strictly forbidden.
- Privacy. Remember that revealing your own phone number and address can result in unwanted intrusions of your privacy and should be viewed in the same light as a public listing in a telephone directory. Users shall have no expectation of privacy and understand that the District has the right to monitor and examine all system activities to ensure proper use of the system.
- Electronic Mail. Electronic mail (E-Mail) is not guaranteed to be private. Messages relating to or in support of illegal or unethical activities must be reported to the District.

Recommended Practices

- Use accurate and descriptive titles for your articles and subject lines for your e-mail. Tell people what it is about before they read it.
- Get the most appropriate audience for your message, not the widest. Avoid posting and bulk mailing of large messages.
- Remember that if you post to multiple groups, specify all groups in a single message.
- Be brief. Fewer people will bother to read a long message.
- Minimize spelling errors and make sure your message is easy to understand and read.
- Forgive the spelling and grammatical errors of others.
- Remember that humor and satire are very often misinterpreted.
- Post only to groups you know.
- Cite references for any facts you present.
- Keep signatures brief.
- Remember that all network users are human beings. Don't "attack" correspondents; persuade them with facts.

DUSD Media Relations Board Policy 1112

The Governing Board respects the public's right to information and recognizes that the media significantly influence the community's understanding of school programs. In order to develop and maintain positive media relations, the Board and the Superintendent desire to reasonably accommodate media requests for information and to provide accurate, reliable and timely information.

Media representatives are welcome at all Board meetings and shall receive meeting agendas upon request in accordance with Board policy.

(cf. 9322 - Agenda/Meeting Materials)

Media representatives, like all other visitors, shall register immediately upon entering any school building or grounds when school is in session.

(cf. 1250 - Visitors/Outsiders)

(cf. 3515.2 - Disruptions)

Staff may provide the media with student directory information, including, but not limited to, the name of a student, school of attendance, grade level, honors, and activities, unless the student's parent/guardian has submitted a written request that such information not be disclosed. The district shall not release information that is private or confidential as required by law, Board policy or administrative regulation. No other access to student records or personally identifiable student information may be provided without written parent/guardian permission.

(cf. 1340 - Access to District Records)

(cf. 4119.23/4219.23/4319.23 - Unauthorized Release of Confidential/Privileged Information)

(cf. 5125 - Student Records)

(cf. 5125.1 - Release of Directory Information)

(cf. 9010 - Public Statements)

(cf. 9321.1 - Closed Session Actions and Reports)

Interviewing and Photographing Students

The district shall not impose restraints on students' right to speak freely with media representatives at those times which do not disrupt a student's educational program. However, interviews of students may not create substantial disorder or impinge on the rights of others. Therefore, in order to minimize possible disruption, media representatives who wish to interview students at school are strongly encouraged to make prior arrangements with the principal. At their discretion, parents/guardians may instruct their children not to communicate with media representatives.

(cf. 5145.2 - Freedom of Speech/Expression)

In order to protect the privacy and safety of students, a media representative who wishes to photograph students on school grounds should first make arrangements with the principal or designee.

When interviewing or photographing a special education student, he/she shall not be identified as a special education student without prior, written parent/guardian permission.

Media Communications Plan

In order to help develop strong relations with the media, the Superintendent or designee shall develop a proactive media communications plan. This plan may include, but not be limited to, information related to district programs and needs, student awards, school accomplishments and events of special interest.

(cf. 0510 - School Accountability Report Card)

(cf. 1100 - Communication with the Public)

(cf. 1160 - Political Processes)

DUSD Media Relations BP 1112 (Continued)

The plan shall specify the district's and/or site's primary media contact to whom all media inquiries shall be routed. Spokespersons designated to speak to the media on behalf of the district include the Board president, Superintendent and public information officer. Other Board members and staff may be asked by the Superintendent or designee to speak to the media on a case-by-case basis, depending on their expertise on an issue.

The Superintendent or designee shall provide training on effective media relations to all designated spokespersons.

(cf. 9240 - Board Development)

Crisis Communications Plan

During a disturbance or crisis situation, the first priority of school staff is to assure the safety of students and staff. However, the Board recognizes the need to provide timely and accurate information to parents/guardians and the community during a crisis. The Board also recognizes that the media have an important role to play in relaying this information to the public. In order to help ensure that the media and district work together effectively, the Superintendent or designee shall develop a crisis communications plan to identify communication strategies to be taken in the event of a crisis.

(cf. 0450 - Comprehensive Safety Plan)

(cf. 3516 - Emergencies and Disaster Preparedness Plan)

The crisis communications plan may include but not be limited to identification of a media center location, development of both internal and external notification systems, and strategies for press conference logistics.

The Superintendent or designee shall include local law enforcement and media representatives in the crisis planning process.

DUSD District and School Websites Administrative Regulation 1113

Design Standards

The Superintendent or designee shall develop design standards for district and school web sites that include, but are not limited to, guidelines to ensure the clear organization of the material, readability of the font type and size, and simplicity of the navigation structure linking the content on the web site. Such standards shall take into consideration the ease of use on a wide range of devices.

In accordance with the requirements of the Americans with Disabilities Act and Section 504 of the federal Rehabilitation Act of 1973, district and school web sites shall contain features that ensure accessibility for individuals with disabilities, which may include, but are not limited to, captions for videos and multimedia presentations, text alternatives to images, provision of sufficient time to use the content, avoidance of flashing images, adequate contrast in visual presentations, and/or other features that meet applicable standards for web site accessibility. The Superintendent or designee shall regularly review district and school web sites and modify them as needed to ensure legal compliance with accessibility standards.

Web Site Content

As applicable, district and school web sites shall provide current information regarding the district's mission and goals, district/school programs and operations, district/school news, agendas and minutes of Board of Trustees meetings, School Accountability Report Cards, school calendars, and links to educational resources.

With approval of the principal, individual teachers may create web pages linked to the district or school web site to provide information pertaining to class assignments, expectations, and activities.

DUSD District and School Websites AR 1113 (Continued)

Student work may be published on district or school web sites provided that both the student and his/her parent/guardian provide written permission or the work is part of an existing publication such as a school newspaper.

Any copyrighted material to be posted on a district or school web site shall be submitted to the Superintendent or designee together with the permission of the copyright owner to reprint the material. When any copyrighted material is posted, the web site shall include a notice crediting the copyright owner and, as necessary, shall note that permission to reprint the material was granted.

Security

The Superintendent or designee shall establish security procedures for the district's computer network to prevent unauthorized access and changes to district and school web sites. To the extent possible, the host computer(s) shall be in a lockable room with restricted access.

DUSD District Sponsored Social Media Board Policy 1114

The Governing Board recognizes the value of technology such as social media platforms in promoting community involvement and collaboration. The purpose of any official district social media platform shall be to further the district's vision and mission, support student learning and staff professional development, and enhance communication with students, parents/guardians, staff, and community members.

The Superintendent or designee shall develop content guidelines and protocols for official district social media platforms to ensure the appropriate and responsible use of these resources and compliance with law, Board policy, and regulation.

Guidelines for Content

Official district social media platforms shall be used only for their stated purposes and in a manner consistent with this policy and administrative regulation. By creating these official sites and allowing for public comment, the Board does not intend to create a limited public forum or otherwise guarantee an individual's right to free speech.

The Superintendent or designee shall ensure that the limited purpose of the official district social media platforms is clearly communicated to users. Each site shall contain a statement that specifies the site's purposes along with a statement that users are expected to use the site only for those purposes. Each site shall also contain a statement that users are personally responsible for the content of their posts.

Official district social media platforms may not contain content that is obscene, libelous, or so incites students as to create a clear and present danger of the commission of unlawful acts on school premises, violation of school rules, or substantial disruption of the school's orderly operation.

Staff or students who post prohibited content shall be subject to discipline in accordance with district policies and administrative regulations.

DELANO UNION SCHOOL DISTRICT

Regulation approved: April 10, 2017

DISTRICT SOCIAL MEDIA POLICY

Delano Union School District

The Delano Union School District supports the use of email, text messaging and online social media to facilitate District programs, departments and school sites in building a more successful parent, community, student and employee network, and recognizes the common use of such technology in everyday life.

The District's guidelines pertain to the use of personal email, text messaging, and online social media. The guidelines for use of District email, text messaging, and social media are contained in BP 1114 and BP 4040.

A. Definitions:

"Email" means an employee's personal email and not any District-provided email that is subject to the District's Acceptable Use Policy.

"Text" and "texts" or "text messaging" refers to the use of any form of personal instant messaging technology not utilizing District-provided technology."

"Social Media" includes the various online technology tools that enable people to communicate easily over the internet to share information and resources. Social media can include text, audio, video, images, podcasts, and other multimedia communications. These websites not only provide information, but allow for interaction during this informational exchange through user-generated content. Some specific examples include (but are not limited to):

- Facebook (<http://facebook.com>)
- Hi5 (<http://hi5.com/friend/displayHomePage.do>)
- Flickr (<http://www.flickr.com>)
- Twitter (<http://www.twitter.com>)
- YouTube (<http://www.youtube.com>)

- LinkedIn (<http://linkedin.com>)
- Slogs (Web Logs)
- Any District social media site

“Personal Social Media” includes all social media that is not official District social media.

“Technology” includes computers, notebooks, the Internet, telephones, cellular telephones, personal digital assistants, pagers, MP3 players, such as iPod’s, USB drives, wireless access points (routers), or any wireless communication device.

“District Technology” is that which is owned or provided by the District.

“Personal Technology” is non-District technology.

B. Official District Social Media Presence

The guidelines for official District social media are contained in Board Policy 1114.

C. Guidelines for Use of Personal Social Media

1. **Authorization.** Personal social media should not include any representation of being official District social media without authorization from the District HR Department. Any use of District representations existing without prior authorization will be subject to removal. As appropriate, a recommendation for disciplinary action may result.

2. **Content Disclaimer.** Any approved official presence on social media sites outside of official District social media shall include the following text:

“The views expressed on this site do not reflect the views of the Delano Union School District. This site contains user-created content which is not endorsed by the District. The purpose of this site is” ... (then specify the purpose).

3. **District Logo.** The use of the District logo(s) on a personal social media site must be approved by the HR Department.

4. **Guidelines for Off-Campus versus On-Campus Use of Personal Social Media, Text, Email and Internet.** Although staff members enjoy free speech rights guaranteed by the first Amendment to the United States Constitution, certain types of communication, typically by virtue of their subject-matter connection to campus, may relate enough to school to have ramifications for the author or subject at the District site.

District employment related electronic communications, including use of personal technology, are governed by the District’s Acceptable Use Policy. Where approved by the

employee's supervisor in advance, an employee may make minimal use of personal technology, texts and email, as long as that use does not violate this Policy or the Acceptable Use Policy, does not result in any additional fee or charge to the District, and does not interfere with the normal business practices of the District or the performance of the employee's duties. Personal social media shall not be used during on-duty hours and no supervisor has authority to authorize use of personal social media during on-duty hours.

Off-campus internet usage is normally unrelated to school; however, off-campus use of personal technology/devices, including use of social media, texts and email, may violate District policy if the conduct or speech will cause actual, material disruption of school activities or adversely impact a staff member's ability to perform his or her job duties in a satisfactory manner.

Work/Personal Distinction – Staff members are strongly encouraged to maintain a clear distinction between their personal social media use and any District-related social media sites.

5. Student Photographs. Absent express parent permission for a specific school-related purpose, staff members may not send, share, or post pictures, text messages, e-mails or other material that personally-identifies District students in electronic or any other form of personal social media, email or texts. Staff members may not use images of students, e-mails, or other personally-identifiable student information for any reason.

6. Professional Effectiveness. District employees must be mindful that any Internet information is ultimately accessible to the world. To avoid jeopardizing their professional effectiveness, employees are encouraged to familiarize themselves with the privacy policies, settings, and protections on any social networking websites to which they choose to subscribe and be aware that information posted online, despite privacy protections, is easily and often reported to administrators or exposed to District students.

7. Personal Social Networking & Media Accounts. Before employees create or join an online social network, they should ask themselves whether they would be comfortable if a "friend" decided to send the information to their students, the student's parents, or the employee's supervisor. Educators must give serious thought to the implications of joining an online social network.

8. Responsible Online Identity Monitoring. Employees are encouraged to monitor their "online identity" by performing search engine research on a routine basis in order to prevent their online profiles from being fraudulently compromised or simply to track information posted about them online. Often, if there is unwanted information posted about the employee online, that employee can contact the site administrator in order to request its removal.

9. "Friending" District Students. Except as provided below, employees are discouraged from having online interactions with students on personal social media or via personal email or texts. District employees' social networking profiles should not be linked to District students' online profiles.

10. Contacting Students Off-Hours. Employees are strongly encouraged to refrain from using personal social media, email or text messaging for online interaction with students without first having obtained the consent of the student's parent or guardian. District employees must never disclose confidential information possessed by the employee by virtue of his or her District employment.

11. Ethical Standards and Professional Behavior. The Governing Board expects District employees and associated persons to maintain the highest ethical standards, exhibit professional behavior, follow District policies and regulations, abide by state and federal laws, and exercise good judgment when interacting with students and other members of the school community – whether that interaction is in person or via electronic means. Because online content can be spread in mere seconds to a mass audience, the District encourages employees to ask themselves before posting any information online whether they would be comfortable having this information printed in the newspaper alongside their photo. If you would not post it in the classroom, do not post it online!

12. Exception for Related Students. Notwithstanding the provisions of the personal email, text messaging and social media guidelines, the District recognizes that employees may have relatives who are also students of the District. Employees may use personal email, texts, and social media, including photographs of these family members, for communication with these students, to the extent such usage does not interfere with the employee's assigned duties, and so long as such usage does not violate the Acceptable Use or other District policy. For the purpose of this policy, "relatives" includes brothers, sisters, sons, daughters, grandchildren, aunts/uncles, in-laws, cousins, nieces, nephews, or persons for whom the employee serves as legal guardian.

DISTRICT SOCIAL MEDIA POLICY
ADOPTED: October 3, 2016

District employees who fail to comply with the DISTRICT SOCIAL MEDIA POLICY may be subject to administrative discipline and/or legal action.

DUSD Employee Use of Technology Board Policy 4040

Personnel

The Governing Board recognizes that technological resources enhance employee performance by offering effective tools to assist in providing a quality instructional program; facilitating communications with parents/guardians, students, and the community; supporting district and school operations; and improving access to and exchange of information. The Board expects all employees to learn to use the available technological resources that will assist them in the performance of their job responsibilities. As needed, employees shall receive professional development in the appropriate use of these resources.

Employees shall be responsible for the appropriate use of technology and shall use district technology primarily for purposes related to their employment.

District technology includes, but is not limited to, computers, the district's computer network including servers and wireless computer networking technology (wi-fi), the Internet, email, USB drives, wireless access points (routers), tablet computers, smartphones and smart devices, telephones, cellular telephones, personal digital assistants, pagers, MP3 players, wearable technology, any wireless communication device including emergency radios, and/or future technological innovations, whether accessed on or off site or through district-owned or personally owned equipment or devices.

The Superintendent or designee shall establish an Acceptable Use Agreement which outlines employee obligations and responsibilities related to the use of district technology. Upon employment and whenever significant changes are made to the district's Acceptable Use Agreement, employees shall be required to acknowledge in writing that they have read and agreed to the Acceptable Use Agreement.

Employees shall not use district technology to access, post, submit, publish, or display harmful or inappropriate matter that is threatening, obscene, disruptive, sexually explicit, or unethical or that promotes any activity prohibited by law, Board policy, or administrative regulations.

Harmful matter includes matter, taken as a whole, which to the average person, applying contemporary statewide standards, appeals to the prurient interest and is matter which depicts or describes, in a patently offensive way, sexual conduct and which lacks serious literary, artistic, political, or scientific value for minors. (Penal Code 313)

The Superintendent or designee shall ensure that all district computers with Internet access have a technology protection measure that protects against access to visual depictions that are obscene, child pornography, or harmful to minors and that the operation of such measures is enforced. The Superintendent or designee may disable the technology protection measure during use by an adult to enable access for bona fide research or other lawful purpose. (20 USC 6777; 47 USC 254)

The Superintendent or designee shall annually notify employees in writing that they have no reasonable expectation of privacy in the use of any equipment or other technological resources provided by or maintained by the district, including, but not limited to, computer files, email, text messages, instant messaging, and other electronic communications, even when provided their own password. To ensure proper use, the Superintendent or designee may monitor employee usage of district technology at any time without advance notice or consent and for any reason allowed by law.

In addition, employees shall be notified that records maintained on any personal device or messages sent or received on a personal device that is being used to conduct district business may be subject to disclosure, pursuant to a subpoena or other lawful request.

Employees shall report any security problem or misuse of district technology to the Superintendent or designee.

Inappropriate use of district technology may result in a cancellation of the employee's user privileges, disciplinary action, and/or legal action in accordance with law, Board policy, and administrative regulation.

DUSD Transportation Regulation for Students

The Delano Union School District has an excellent record of safe transportation for our bus-riding students. To safely transport your children, we have rules and regulations to assist students in understanding their responsibilities while riding the bus and while waiting at school bus stops. As concerned parents, we encourage you to discuss the rules and regulations listed below with your children. The school district wishes to thank the parents and guardians for their cooperation.

1. Upon registration of a new student, the parents or guardians of all students not previously transported in a school bus or school pupil activity bus shall be provided with written information on school bus safety. The information shall include, but not be limited to, all of the following:
 - A. Red flashing crossover lights will be activated at every stop, whether a student is being escorted or not;
 - B. A list or information of the school bus stops near each pupil's home;
 - C. General rules of conduct at school bus stops;
 - D. Escorting red light crossing instructions;
 - E. School bus danger zones;
 - F. Walking to and from school bus stops; and
 - G. Procedures to follow when loading or unloading any student at their appropriate bus stop, school, or any other trip destination.
2. At least once in each school year, students shall receive safety instruction that includes, but is not limited to proper loading and unloading procedures, including escorting by the driver, proper passenger conduct, bus evacuation, and location of emergency equipment. Instruction shall include responsibilities of passengers seated next to an emergency exit. As part of the instruction, pupils shall evacuate the school bus through emergency exit doors.
3. Prior to departure on any school activity trip, all students riding on a school bus or school pupil activity bus shall receive safety instructions which includes, but is not limited to, location of emergency exits, and location and use of emergency equipment. Instruction may also include responsibilities of passengers seated next to an emergency exit. This information shall be documented prior to each trip departure by the bus driver.
4. Students who wish to get off at a school bus stop other than their designated stop must first get approval from the school office. The school will determine the method of communication necessary from their parent or guardian to generate a "pass" from the school office that will allow the student to get off at another stop.
5. School buses shall stop at all railroad crossings at all times. **NO EXCEPTIONS.**
6. **School bus red flashing crossover lights.**
 - A. School bus red flashing crossover lights shall be activated at every bus stop where students load and unload the school bus whether students are escorted or not.
