DISTRICT NORMS

Delano Union School District

The DISTRICT NORMS outlines the guiding principles and expected behaviors for **all** DUSD employees.

As members of our District team of education professionals, all District employees have a responsibility to perform all assigned duties in a manner that is consistent with these norms, modeling high standards in order to provide a positive example for all other District employees.

I. We will provide equal opportunity.

We are committed to equal opportunity for all individuals in education. We will ensure that District programs, activities, and practices are free from discrimination based on race, color, ancestry, national origin, ethnic group identification, age, religion, marital or parental status, physical or mental disability, sex, sexual orientation, gender, gender identity or expression, or genetic information; the perception of one or more of such characteristics; or association with a person or group with one or more of these actual or perceived characteristics.

II. We will treat all persons with fairness, dignity, and respect.

We will treat each other and those we serve with fairness, dignity, respect at all times. We will handle any disagreements in a professional manner, and we will not personalize our disagreements. If at any time we have any concerns regarding the job performance of any District employee, we will notify our supervisor and request a meeting to express our concerns in a confidential (i.e., behind closed doors) setting.

III. We will comply with District policies.

We will strictly comply with all established District policies. We will maintain the confidentiality of all District records. We will not give access to District facilities or equipment without advance supervisory authorization.

IV. We will be excellent role models.

We will provide an orderly, caring, and nurturing educational and social environment in which all students can feel safe and take pride in their school and their achievements. We will create a school environment characterized by positive interpersonal relationships among students and between students and staff. We will demonstrate positive, professional attitudes and respect toward each student and other staff members.

V. We will maintain a safe and secure working environment.

We will take responsibility for maintaining a safe and secure working environment. We will perform our duties in a manner that contributes to the security of all students and all employees; we will be on the lookout for any potential safety/security issue, and we will report any safety/security-related concerns immediately and directly to the administrator or supervisor responsible for security in that specific location.

VI. We will base our actions and decisions on the District's core values.

We will perform our duties consistent with the District's Vision and Goals.

VISION

We are a learning community of educators that holds integrity and excellence as our core values. We are serving families that have entrusted their children to us. We will be deserving of that trust. We will be excellent role models; we will be highly skilled practitioners; and we will be dedicated and proactive in meeting the personal and academic needs of our students and their families. We embrace our responsibility to serve the community and we define our personal success in terms of the success of our students.

GOALS

We will provide an environment of academic excellence that will develop creative and critical thinkers.

We will engage each of our students as unique individuals in order to prepare them for college and career readiness.

We will commit to provide a supportive learning environment that models a strong, positive work ethic, sparks an attitude of inquiry and enthusiasm for learning, and enables our students to become productive and responsible citizens.

We will educate all students in a safe and nurturing family environment, where they will learn to be active citizens of a culturally diverse society.

We will honor students, parents, and community members by providing exemplary customer service.

We will perform our duties consistent with the District's Core Values: Dedication to Excellence; Transparency; Trust; and Unity.

VII. We will eliminate any conflicts of interest.

We will not use our District position for personal or private gain, or for the gain of any private organization that we may belong to. We will not use District resources for private non-district purposes or for purposes other than for which they were intended. We will not hold financial interests that conflict with the performance of our duties to the district. We will not engage in outside employment or activities that conflict with our official district duties. We will not accept rewards - gifts, services, travel, entertainment, jobs for immediate family members, or other special considerations - that may give the appearance that the benefit could improperly influence District decisions.

VIII. We will hold each other accountable.

We will promptly disclose to our supervisor any evidence or information that is related to alleged employee misconduct. We will not use our positions to intimidate, threaten, or retaliate against any person who reports alleged misconduct.

DUSD Nondiscrimination in Employment Board Policy 4030

The Governing Board is determined to provide a safe, positive environment where all district employees are assured of full and equal employment access and opportunities, protection from harassment and intimidation, and freedom from any fear of reprisal or retribution for asserting their employment rights in accordance with law. For purposes of this policy, employees include job applicants, interns, volunteers, and persons who contracted with the district to provide services, as applicable.

No district employee shall be discriminated against or harassed by any coworker, supervisor, manager, or other person with whom the employee comes in contact in the course of employment, on the basis of the employee's actual or perceived race, color, ancestry, national origin, age, religious creed, marital status, pregnancy, physical or mental disability, medical condition, genetic information, veteran or military status, sex, sexual orientation, gender, gender identity, gender expression, or association with a person or group with one or more of these actual or perceived characteristics.

Employers are also prohibited from discrimination against employees or job applicants on the basis of reproductive health decisionmaking, defined as a person's decision to use or access a particular drug, device, product, or medical service for reproductive health. (Government Code 12926, 12940)

The district shall not inquire into any employee's immigration status nor discriminate against an employee on the basis of immigration status, unless there is clear and convincing evidence that the district is required to do so in order to comply with federal immigration law. (2 CCR 11028)

Discrimination in employment based on the characteristics listed above is prohibited in all areas of employment and in all employment-related practices, including the following:

1. Hiring, compensation, terms, conditions, and other privileges of employment
2. Taking of adverse employment actions such as termination or denial of employment, promotion, job assignment, or training
3. Unwelcome conduct, whether verbal, physical, or visual, that is so severe or pervasive as to adversely affect an employee's employment opportunities or that has the purpose or effect of unreasonably interfering with the employee's work performance or creating an intimidating, hostile, or offensive work environment
4. Actions and practices identified as unlawful or discriminatory pursuant to Government Code 12940 or 2 CCR 11006-11086, such as:
 - a. Sex discrimination based on an employee's pregnancy, childbirth, breastfeeding, or any related medical condition or on an employee's gender, gender expression, or gender identity, including transgender status
 - b. Religious creed discrimination based on an employee's religious belief or observance, including religious dress or grooming practices, or based on the district's failure or refusal to use reasonable means to accommodate an employee's religious belief, observance, or practice which conflicts with an employment requirement
 - c. Requiring medical or psychological examination of a job applicant or making an inquiry into whether a job applicant has a mental or physical disability or a medical condition or as to the severity of any such disability or condition, without the showing of a job-related need or business necessity
 - d. Failure to make reasonable accommodation for the known physical or mental disability of an employee or to engage in a timely, good faith, interactive process with an employee who has requested such accommodations in order to determine the effective reasonable accommodations, if any, to be provided to the employee

DUSD Nondiscrimination in Employment BP 4030 (Continued)

- e. Requiring an applicant or employee to disclose information relating to the employee's reproductive health decisionmaking

The Board also prohibits retaliation against any district employee who opposes any discriminatory employment practice by the district or its employees, agents, or representatives or who complains, reports an incident, testifies, assists, or in any way participates in the district's complaint process pursuant to this policy. No employee who requests an accommodation for any protected characteristic listed in this policy shall be subjected to any punishment or sanction, regardless of whether the request was granted. (Government Code 12940; 2 CCR 11028)

No employee shall, in exchange for a raise or bonus or as a condition of employment or continued employment, be required to sign a release of the employee's claim or right to file a claim against the district or a nondisparagement agreement or other document that has the purpose or effect of preventing the employee from disclosing information about harassment, discrimination, or other unlawful acts in the workplace, including any conduct that the employee has reasonable cause to believe is unlawful. (Government Code 12964.5)

Complaints concerning employment discrimination, harassment, or retaliation shall immediately be investigated in accordance with procedures specified in the accompanying administrative regulation.

Any supervisory or management employee who observes or has knowledge of an incident of prohibited discrimination or harassment, including harassment of an employee by a nonemployee, shall report the incident to the Superintendent or designated district coordinator as soon as practical after the incident. All other employees are encouraged to report such incidents to their supervisor immediately.

The Superintendent or designee shall use all appropriate means to reinforce the district's nondiscrimination policy, including providing training and information to employees about how to recognize harassment, discrimination, or other prohibited conduct, how to respond appropriately, and components of the district's policies and regulations regarding discrimination. The Superintendent or designee shall regularly review the district's employment practices and, as necessary, shall take action to ensure district compliance with the nondiscrimination laws.

Any district employee who engages in prohibited discrimination, harassment, or retaliation or who aids, abets, incites, compels, or coerces another to engage or attempt to engage in such behavior in violation of this policy shall be subject to disciplinary action, up to and including dismissal.

The district shall maintain and preserve all applications, personnel, membership, or employment referral records and files for at least four years after the records are initially created or received or, for an applicant or a terminated employee, for four years after the date the employment action was taken. However, when the district is notified that a complaint has been filed with the California Civil Rights Department, records related to the employee involved shall be maintained and preserved until the later of the first date after the time for filing a civil action has expired or the first date after the complaint has been fully and finally disposed of and all administrative proceedings, civil actions, appeals, or related proceedings have been terminated. Any complaint alleging unlawful discrimination or harassment shall be addressed in accordance with the following procedures:

1. **Notice and Receipt of Complaint:** A complainant may inform his/her direct supervisor, another supervisor, the coordinator, the Superintendent or, if available, a complaint hotline or an ombudsman.

A supervisor or manager who has received information about an incident of discrimination or harassment, or has observed such an incident, shall report it to the coordinator, whether or not the complainant files a written complaint.

The written complaint should contain the complainant's name, the name of the individual who allegedly committed the act, a description of the incident, the date and location where the incident occurred, any witnesses who may have relevant information, other evidence of the discrimination or harassment, and any other pertinent information which may assist in investigating and resolving the complaint.

The coordinator shall meet with the complainant to describe the district's complaint procedure and discuss the actions being sought by the complainant in response to the allegation. He/she shall also inform the parties that the investigation will be kept confidential to the extent possible, but that some information may be revealed as necessary to conduct an effective investigation.

If the coordinator determines that a detailed fact-finding investigation is necessary, he/she shall begin the investigation immediately. As part of this investigation, the coordinator should interview the complainant, the person accused, and other persons who could be expected to have relevant information.

The coordinator shall track and document the progress of the investigation to ensure reasonable progress and shall inform the parties as necessary.

When necessary to carry out his/her investigation or to protect employee safety, the coordinator may discuss the complaint with the Superintendent or designee, district legal counsel, or the district's risk manager.

The coordinator also shall determine whether interim measures, such as scheduling changes, transfers, or leaves, need to be taken before the investigation is completed to ensure that further incidents are prevented. The coordinator shall ensure that such interim measures do not constitute retaliation.

3. **Written Report on Findings and Remedial/Corrective Action:** No more than 20 business days after receiving the complaint, the coordinator shall conclude the investigation and prepare a written report of his/her findings. This timeline may be extended for good cause. If an extension is needed, the coordinator shall notify the parties and explain the reasons for the extension.

The report shall include the decision and the reasons for the decision and shall summarize the steps taken during the investigation. If a determination has been made that discrimination or harassment occurred, the report also shall include any corrective action(s) that have been or will be taken to address the behavior, provide appropriate options for remedial actions and resolutions for the complainant, and ensure that retaliation or further discrimination or harassment is prevented.

The compliance officer who receives a complaint may assign another compliance officer to investigate and resolve the complaint. The compliance officer shall promptly notify the complainant and respondent if another compliance officer is assigned to the complaint.

In no instance shall a compliance officer be assigned to a complaint in which the compliance officer has a bias or conflict of interest that would prohibit the fair investigation or resolution of the complaint. Any complaint against a compliance officer or that raises a concern about the compliance officer's ability to investigate the complaint fairly and without bias shall be filed with the Superintendent or designee who shall determine how the complaint will be investigated.

The Superintendent or designee shall ensure that employees assigned to investigate and resolve complaints receive training and are knowledgeable about the laws and programs at issue in the complaints to which they are assigned. Training provided to such employees shall cover current state and federal laws and regulations governing the program; applicable processes for investigating and resolving complaints, including those alleging unlawful discrimination, harassment, intimidation, or bullying; applicable standards for reaching decisions on complaints; and appropriate corrective measures. Assigned employees may have access to legal counsel as determined by the Superintendent or designee.

The compliance officer or, if necessary, an appropriate administrator shall determine whether interim measures are necessary during an investigation and while the result is pending. If interim measures are determined to be necessary, the compliance officer or the administrator shall consult with the Superintendent, the Superintendent's designee, or, if appropriate, the site principal to implement one or more interim measures. The interim measures shall remain in place until the compliance officer determines that they are no longer necessary or until the district issues its final written decision, whichever occurs first.

Filing of Complaints

The complaint shall be presented to the compliance officer who shall maintain a log of complaints received, providing

DUSD Uniform Complaint Procedures Board Policy 1312.3 (Continued)

each with a code number and a date stamp. If a site administrator not designated as a compliance officer receives a complaint, the site administrator shall notify the compliance officer.

All complaints shall be filed in writing and signed by the complainant. If a complainant is unable to put a complaint in writing due to conditions such as a disability or illiteracy, district staff shall assist in the filing of the complaint. (5 CCR 4600)

Complaints shall also be filed in accordance with the following rules, as applicable:

1. A complaint alleging district violation of applicable state or federal law or regulations governing the programs specified in the accompanying Board policy may be filed by any individual, public agency, or organization. (5 CCR 4600)
2. Any complaint alleging noncompliance with law regarding the prohibition against student fees, deposits, and charges or any requirement related to the LCAP may be filed anonymously if the complaint provides evidence, or information leading to evidence, to support an allegation of noncompliance. A complaint about a violation of the prohibition against the charging of unlawful student fees may be filed with the principal of the school or with the Superintendent or designee.
3. A UCP complaint, except for a UCP complaint alleging unlawful discrimination, harassment, intimidation, or bullying, shall be filed no later than one year from the date the alleged violation occurred. For complaints related to the LCAP, the date of the alleged violation is the date when the County Superintendent of Schools approves the LCAP that was adopted by the Governing Board. (5 CCR 4630)
4. A complaint alleging unlawful discrimination, harassment, intimidation, or bullying may be filed only by a person who alleges having personally suffered unlawful discrimination, a person who believes that any specific class of individuals has been subjected to unlawful discrimination, or a duly authorized representative who alleges that an individual student has been subjected to discrimination, harassment, intimidation, or bullying. (5 CCR 4630)
5. A complaint alleging unlawful discrimination, harassment, intimidation, or bullying shall be initiated no later than six months from the date that the alleged unlawful discrimination occurred, or six months from the date that the complainant first obtained knowledge of the facts of the alleged unlawful discrimination. The time for filing may be extended for up to 90 days by the Superintendent or designee for good cause upon written request by the complainant setting forth the reasons for the extension. (5 CCR 4630)
6. When a complaint alleging unlawful discrimination, harassment, intimidation, or bullying is filed anonymously, the compliance officer shall pursue an investigation or other response as appropriate, depending on the specificity and reliability of the information provided and the seriousness of the allegation.
7. When a complainant of unlawful discrimination, harassment, intimidation, or bullying or the alleged victim, when not the complainant, requests confidentiality, the compliance officer shall inform the complainant or victim that the request may limit the district's ability to investigate the conduct or take other necessary action. When honoring a request for confidentiality, the district shall nevertheless take all reasonable steps to investigate and resolve/respond to the complaint consistent with the request.

Mediation

Within three business days after receiving the complaint, the compliance officer may informally discuss with all the parties the possibility of using mediation to resolve the complaint. Mediation shall be offered to resolve complaints that involve more than one student and no adult. However, mediation shall not be offered or used to resolve any complaint involving an allegation of sexual assault or where there is a reasonable risk that a party to the mediation would feel compelled to participate. If the parties agree to mediation, the compliance officer shall make all arrangements for this process.

Before initiating the mediation of a complaint alleging retaliation or unlawful discrimination, harassment, intimidation, or bullying, the compliance officer shall ensure that all parties agree to permit the mediator access to all relevant confidential information. The compliance officer shall also notify all parties of the right to end the informal process at any time.

If the mediation process does not resolve the problem within the parameters of law, the compliance officer shall proceed with an investigation of the complaint.

DUSD Uniform Complaint Procedures Board Policy 1312.3 (Continued)

The use of mediation shall not extend the district's timelines for investigating and resolving the complaint unless the complainant agrees in writing to such an extension of time. If mediation is successful and the complaint is withdrawn, then the district shall take only the actions agreed upon through the mediation. If mediation is unsuccessful, the district shall then continue with subsequent steps specified in this administrative regulation.

Investigation of Complaint

Within 10 business days after the compliance officer receives the complaint, the compliance officer shall begin an investigation into the complaint.

Within one business day of initiating the investigation, the compliance officer shall provide the complainant and/or the complainant's representative with the opportunity to present the information contained in the complaint to the compliance officer and shall notify the complainant and/or representative of the opportunity to present the compliance officer with any evidence, or information leading to evidence, to support the allegations in the complaint. Such evidence or information may be presented at any time during the investigation.

In conducting the investigation, the compliance officer shall collect all available documents and review all available records, notes, or statements related to the complaint, including any additional evidence or information received from the parties during the course of the investigation. The compliance officer shall individually interview all available witnesses with information pertinent to the complaint, and may visit any reasonably accessible location where the relevant actions are alleged to have taken place. At appropriate intervals, the compliance officer shall inform the parties of the status of the investigation.

To investigate a complaint alleging retaliation or unlawful discrimination, harassment, intimidation, or bullying, the compliance officer shall interview the alleged victim(s), any alleged offender(s), and other relevant witnesses privately, separately, and in a confidential manner. As necessary, additional staff or legal counsel may conduct or support the investigation.

A complainant's refusal to provide the district's investigator with documents or other evidence related to the allegations in the complaint, failure or refusal to cooperate in the investigation, or any other obstruction of the investigation may result in the dismissal of the complaint because of a lack of evidence to support the allegation.

Refusal by the district to provide the investigator with access to records and/or information related to the allegations in the complaint, failure or refusal to cooperate in the investigation, or any other obstruction of the investigation may result in a finding based on evidence collected that a violation has occurred and in the imposition of a remedy in favor of the complainant. (5 CCR 4631)

Timeline for Investigation Report

Unless extended by written agreement with the complainant, the compliance officer shall prepare and send to the complainant a written investigation report, as described in the section "Investigation Report" below, within 60 calendar days of the district's receipt of the complaint. (5 CCR 4631)

For any complaint alleging unlawful discrimination, harassment, intimidation, and bullying, the respondent shall be informed of any extension of the timeline agreed to by the complainant.

Unless extended by written agreement with the complainant, the investigation report shall be sent to the complainant within 60 calendar days of the district's receipt of the complaint.

Within 30 calendar days of receiving the complaint, the compliance officer shall prepare and send to the complainant a written report, as described in the section "Investigation Report" below. If the complainant is dissatisfied with the compliance officer's decision, the complainant may, within five business days, file the complaint in writing with the Board.

The Board may consider the matter at its next regular Board meeting or at a special Board meeting convened in order to meet the 60-day time limit within which the complaint must be answered. When required by law, the matter shall be considered in closed session. The Board may decide not to hear the complaint, in which case the compliance officer's decision shall be final.

If the Board hears the complaint, the compliance officer shall send the Board's decision to the complainant within 60 calendar days of the district's initial receipt of the complaint or within the time period that has been specified in a

DUSD Uniform Complaint Procedures Board Policy 1312.3 (Continued)

written agreement with the complainant. (5 CCR 4631)

For any complaint alleging unlawful discrimination, harassment, intimidation, and bullying, the respondent shall be informed of any extension of the timeline agreed to by the complainant, and, in the same manner as the complainant, may file a complaint with the Board if dissatisfied with the decision.

Investigation Report

For all complaints, the district's investigation report shall include: (5 CCR 4631)

1. The findings of fact based on the evidence gathered
2. A conclusion providing a clear determination for each allegation as to whether the district is in compliance with the relevant law
3. Corrective action(s) whenever the district finds merit in the complaint, including, when required by law, a remedy to all affected students and parents/guardians and, for a student fees complaint, a remedy that complies with Education Code 49013 and 5 CCR 4600
4. Notice of the complainant's right to appeal the district's investigation report to CDE, except when the district has used the UCP to address a complaint not specified in 5 CCR 4610
5. Procedures to be followed for initiating an appeal to CDE

The investigation report may also include follow-up procedures to prevent recurrence or retaliation and for reporting any subsequent problems.

In consultation with district legal counsel, information about the relevant part of an investigation report may be communicated to a victim who is not the complainant and to other parties who may be involved in implementing the investigation report or are affected by the complaint, as long as the privacy of the parties is protected. In a complaint alleging unlawful discrimination, harassment, intimidation, and bullying, notice of the investigation report to the alleged victim shall include information about any sanction to be imposed upon the respondent that relates directly to the alleged victim.

If the complaint involves a limited-English-proficient (LEP) student or parent/guardian, then the district's response, if requested by the complainant, and the investigation report shall be written in English and the primary language in which the complaint was filed.

For complaints alleging unlawful discrimination, harassment, intimidation, and bullying based on state law, the investigation report shall also include a notice to the complainant that:

1. The complainant may pursue available civil law remedies outside of the district's complaint procedures, including, but not limited to, injunctions, restraining orders or other remedies or orders, 60 calendar days after the filing of an appeal with CDE. (Education Code 262.3)
2. The 60 days moratorium does not apply to complaints seeking injunctive relief in state courts or to discrimination complaints based on federal law. (Education Code 262.3)
3. Complaints alleging discrimination based on race, color, national origin, sex, gender, disability, or age may also be filed with the U.S. Department of Education, Office for Civil Rights at www.ed.gov/ocr within 180 days of the alleged discrimination.

Corrective Actions

When a complaint is found to have merit, the compliance officer shall adopt any appropriate corrective action permitted by law. Appropriate corrective actions that focus on the larger school or district environment may include, but are not limited to, actions to reinforce district policies; training for faculty, staff, and students; updates to school policies; or school climate surveys.

For complaints involving retaliation or unlawful discrimination, harassment, intimidation, or bullying, appropriate remedies that may be offered to the victim but not communicated to the respondent may include, but are not limited to, the following:

DUSD Uniform Complaint Procedures Board Policy 1312.3 (Continued)

1. Counseling
2. Academic support
3. Health services
4. Assignment of an escort to allow the victim to move safely about campus
5. Information regarding available resources and how to report similar incidents or retaliation
6. Separation of the victim from any other individuals involved, provided the separation does not penalize the victim
7. Restorative justice
8. Follow-up inquiries to ensure that the conduct has stopped and there has been no retaliation

For complaints of retaliation or unlawful discrimination, harassment, intimidation, or bullying involving a student as the respondent, appropriate corrective actions that may be provided to the student include, but are not limited to, the following:

1. Transfer from a class or school as permitted by law
2. Parent/guardian conference
3. Education regarding the impact of the conduct on others
4. Positive behavior support
5. Referral to a student success team
6. Denial of participation in extracurricular or cocurricular activities or other privileges as permitted by law
7. Disciplinary action, such as suspension or expulsion, as permitted by law

When an employee is found to have committed retaliation or unlawful discrimination, harassment, intimidation, or bullying, the district shall take appropriate disciplinary action, up to and including dismissal, in accordance with applicable law and collective bargaining agreement.

The district may also consider training and other interventions for the larger school community to ensure that students, staff, and parents/guardians understand the types of behavior that constitute unlawful discrimination, harassment, intimidation, or bullying, that the district does not tolerate it, and how to report and respond to it.

When a complaint is found to have merit, an appropriate remedy shall be provided to the complainant or other affected person.

However, if a complaint alleging noncompliance with the law regarding student fees, deposits, and other charges, physical education instructional minutes, courses without educational content, or any requirement related to the LCAP is found to have merit, the district shall provide a remedy to all affected students and parents/guardians subject to procedures established by regulation of the State Board of Education. (Education Code 49013, 51222, 51223, 51228.3, 52075)

For complaints alleging noncompliance with the law regarding student fees, the district, by engaging in reasonable efforts, shall attempt in good faith to identify and fully reimburse all affected students and parents/guardians who paid the unlawful student fees within one year prior to the filing of the complaint. (Education Code 49013; 5 CCR 4600)

Appeals to the California Department of Education

DUSD Uniform Complaint Procedures Board Policy 1312.3 (Continued)

The appeal shall be sent to CDE with a copy of the original locally filed complaint and a copy of the district's investigation report for that complaint. The complainant shall specify and explain the basis for the appeal, including at least one of the following: (5 CCR 4632)

1. The district failed to follow its complaint procedures.
2. Relative to the allegations of the complaint, the district's investigation report lacks material findings of fact necessary to reach a conclusion of law.
3. The material findings of fact in the district's investigation report are not supported by substantial evidence.
4. The legal conclusion in the district's investigation report is inconsistent with the law.
5. In a case in which the district found noncompliance, the corrective actions fail to provide a proper remedy.

Upon notification by CDE that the district's investigation report has been appealed, the Superintendent or designee shall forward the following documents to CDE within 10 days of the date of notification: (5 CCR 4633)

1. A copy of the original complaint
2. A copy of the district's investigation report
3. A copy of the investigation file including, but not limited to, all notes, interviews, and documents submitted by the parties and gathered by the investigator
4. A report of any action taken to resolve the complaint
5. A copy of the district's UCP
6. Other relevant information requested by CDE

If notified by CDE that the district's investigation report failed to address allegation(s) raised by the complaint, the district shall, within 20 days of the notification, provide CDE and the appellant with an amended investigation report that addresses the allegation(s) that were not addressed in the original investigation report. The amended report shall also inform the appellant of the right to separately appeal the amended report with respect to the allegation(s) that were not addressed in the original report. (5 CCR 4632)

Health and Safety Complaints in License-Exempt Preschool Programs

Any complaint regarding health or safety issues in a license-exempt California State Preschool Program (CSPP) shall be addressed through the procedures described in 5 CCR 4690-4694.

In order to identify appropriate subjects of CSPP health and safety issues pursuant to Health and Safety Code 1596.7925, a notice shall be posted in each license-exempt CSPP classroom in the district notifying parents/guardians, students, and teachers of the health and safety requirements of Title 5 regulations that apply to CSPP programs pursuant to Health and Safety Code 1596.7925 and the location at which to obtain a form to file any complaint alleging noncompliance with those requirements. For this purpose, the Superintendent or designee may download and post a notice available from the CDE web site. (Education Code 8212; 5 CCR 4691)

The district's annual UCP notification distributed pursuant to 5 CCR 4622 shall clearly indicate which of its CSPP programs are operating as exempt from licensing and which CSPP programs are operating pursuant to requirements under Title 22 of the Code of Regulations. (5 CCR 4691)

Any complaint regarding specified health or safety issues in a license-exempt CSPP program shall be filed with the preschool program administrator or designee, and may be filed anonymously. The complaint form shall specify the location for filing the complaint, contain a space to indicate whether the complainant desires a response to the complaint, and allow a complainant to add as much text as desired to explain the complaint. (Education Code 8212; 5 CCR 4690)

If it is determined that the complaint is beyond the authority of the preschool program administrator, the matter shall be forwarded to the Superintendent or designee in a timely manner, not to exceed 10 working days, for resolution.

DUSD Uniform Complaint Procedures Board Policy 1312.3 (Continued)

The preschool administrator or the Superintendent or designee shall make all reasonable efforts to investigate any complaint within their authority. (Education Code 8212; 5 CCR 4692)

Investigation of a complaint regarding health or safety issues in a license-exempt CSPP program shall begin within 10 days of receipt of the complaint. (Education Code 8212; 5 CCR 4692)

The preschool administrator or designee shall remedy a valid complaint within a reasonable time period not to exceed 30 working days from the date the complaint was received. If the complainant has indicated on the complaint form a desire to receive a response to the complaint, the preschool administrator or Superintendent's designee shall, within 45 working days of the initial filing of the complaint, report the resolution of the complaint to the complainant and CDE's assigned field consultant. If the preschool administrator makes this report, the information shall be reported at the same time to the Superintendent or designee. (Education Code 8212; 5 CCR 4692)

If a complaint regarding health or safety issues in a license-exempt CSPP program involves an LEP student or parent/guardian, then the district's response, if requested by the complainant, and the investigation report shall be written in English and the primary language in which the complaint was filed.

If a complainant is not satisfied with the resolution of a complaint, the complainant has the right to describe the complaint to the Board at a regularly scheduled hearing and, within 30 days of the date of the written report, may file a written appeal of the district's decision to the Superintendent of Public Instruction in accordance with 5 CCR 4632. (cf. 0410 - Nondiscrimination in District Programs and Activities)

(cf. 4030 - Nondiscrimination in Employment)

Any district employee who engages or participates in sexual harassment or who aids, abets, incites, compels, or coerces another to commit sexual harassment in violation of this policy is subject to disciplinary action, up to and including dismissal.

(cf. 4117.7/4317.7 - Employment Status Reports)

(cf. 4118 - Dismissal/Suspension/Disciplinary Action)

(cf. 4218 - Dismissal/Suspension/Disciplinary Action)

4. Taking timely and appropriate corrective/remedial action(s), which may require interim separation of the complainant and the alleged harasser and subsequent monitoring of developments

The Superintendent or designee shall periodically evaluate the effectiveness of the district's strategies to prevent and address harassment. Such evaluation may involve conducting regular anonymous employee surveys to assess whether harassment is occurring or is perceived to be tolerated, partnering with researchers or other agencies with the needed expertise to evaluate the district's prevention strategies, and using any other effective tool for receiving feedback on systems and/or processes. As necessary, changes shall be made to the harassment policy, complaint procedures, or training.

Sexual Harassment Reports and Complaints

Any district employee who feels that he/she has been sexually harassed in the performance of his/her district responsibilities or who has knowledge of any incident of sexual harassment by or against another employee shall immediately report the incident to his/her direct supervisor, another supervisor, the district's coordinator for nondiscrimination, the Superintendent, or, if available, a complaint hotline or an ombudsman. A supervisor or administrator who receives a harassment complaint shall promptly notify the coordinator.

Complaints of sexual harassment shall be filed and investigated in accordance with the complaint procedure specified in AR 4030 - Nondiscrimination in Employment. An employee may bypass his/her supervisor in filing a complaint where the supervisor is the subject of the complaint.

DUSD Sexual Harassment Policy Administrative Regulation 4219.11

This administrative regulation shall apply to all allegations of sexual harassment involving employees, interns, volunteers, and job applicants, but shall not be used to resolve any complaint by or against a student.

Definitions

Prohibited sexual harassment includes, but is not limited to, unwelcome sexual advances, unwanted requests for sexual favors, or other unwanted verbal, visual, or physical conduct of a sexual nature made against another person of the same or opposite sex in the work or educational setting when:

(Education Code [212.5](#); Government Code [12940](#); 2 CCR 11034)

1. Submission to the conduct is made explicitly or implicitly a term or condition of the individual's employment.
2. Submission to or rejection of the conduct is used as the basis for an employment decision affecting the individual.
3. Submission to or rejection of the conduct is used as the basis for any decision affecting the individual regarding benefits, services, honors, programs, or activities available at or through the district.

Prohibited sexual harassment also includes conduct which, regardless of whether or not it is motivated by sexual desire, is so severe or pervasive as to unreasonably interfere with the victim's work performance or create an intimidating, hostile, or offensive work environment.

Examples of actions that might constitute sexual harassment in the work or educational setting, whether committed by a supervisor, a co-worker, or a non-employee, include, but are not limited to:

1. Unwelcome verbal conduct such as sexual flirtations or propositions; graphic comments about an individual's body; overly personal conversations or pressure for sexual activity; sexual jokes or stories; unwelcome sexual slurs, epithets, threats, innuendoes, derogatory comments, sexually degrading descriptions, or the spreading of sexual rumors
2. Unwelcome visual conduct such as drawings, pictures, graffiti, or gestures; sexually explicit emails; displaying sexually suggestive objects
3. Unwelcome physical conduct such as massaging, grabbing, fondling, stroking, or brushing the body; touching an individual's body or clothes in a sexual way; cornering, blocking, leaning over, or impeding normal movements

Training

The Superintendent or designee shall ensure that all employees receive training regarding the district's sexual harassment policies when hired and periodically thereafter. The training shall include the procedures for reporting and/or filing complaints involving an employee, employees' duty to use the district's complaint procedures, and employee obligations when a sexual harassment report involving a student is made to the employee.

(cf. [1312.3](#) - Uniform Complaint Procedures)

(cf. [4030](#) - Nondiscrimination in Employment)

(cf. [5145.7](#) - Sexual Harassment)

Every two years, the Superintendent or designee shall ensure that supervisory employees receive at least two hours of classroom or other effective interactive training and education regarding sexual harassment. All such newly hired or promoted employees shall receive training within six months of their assumption of the new position. (Government Code [12950.1](#)) A supervisory employee is any employee having the authority, in the interest of the district, to hire, transfer, suspend, lay off, promote, discharge, assign, reward, or discipline other employees, or the responsibility to direct them, adjust their grievances, or effectively recommend such action, when the exercise of the authority is not of a merely routine or clerical nature, but requires the use of independent judgment. (Government Code [12926](#))

DUSD Sexual Harassment Policy AR 4219.11 (Continued)

(cf. [4300](#) - Administrative and Supervisory Personnel)

The district's sexual harassment training and education program for supervisory employees shall be aimed at assisting them in preventing and effectively responding to incidents of sexual harassment, as well as implementing mechanisms to promptly address and correct wrongful behavior. The training shall include, but is not limited to, the following: (Government Code [12950.1](#); 2 CCR 11024)

1. Information and practical guidance regarding federal and state laws on the prohibition, prevention, and correction of sexual harassment, the remedies available to sexual harassment victims in civil actions, and potential district and/or individual exposure or liability
2. The types of conduct that constitute sexual harassment and practical examples which illustrate sexual harassment, discrimination, and retaliation using training modalities such as role plays, case studies, and group discussions, based on factual scenarios taken from case law, news and media accounts, and hypotheticals based on workplace situations and other sources
3. A supervisor's obligation to report sexual harassment, discrimination, and retaliation of which he/she becomes aware and what to do if the supervisor himself/herself is personally accused of harassment
4. Strategies for preventing harassment, discrimination, and retaliation and appropriate steps to ensure that remedial measures are taken to correct harassing behavior, including an effective process for investigation of a complaint
5. The essential elements of the district's anti-harassment policy, including the limited confidentiality of the complaint process and resources for victims of unlawful sexual harassment, such as to whom they should report any alleged sexual harassment, and how to use the policy if a harassment complaint is filed
6. A copy of the district's sexual harassment policy and administrative regulation, which each participant shall acknowledge in writing that he/she has received
7. The definition and prevention of abusive conduct that addresses the use of derogatory remarks, insults, or epithets, other verbal or physical conduct that a reasonable person would find threatening, intimidating, or humiliating, and the gratuitous sabotage or undermining of a person's work performance

The Superintendent or designee shall retain for at least two years the records of any training provided to supervisory employees. Such records shall include the names of trained employees, date of the training, the type of training, and the name of the training provider. (2 CCR 11024)

SEXUAL HARASSMENT

FACT SHEET

DFEH

Sexual harassment is a form of discrimination based on sex/gender (including pregnancy, childbirth, or related medical conditions), gender identity, gender expression, or sexual orientation. Individuals of any gender can be the target of sexual harassment. Unlawful sexual harassment does not have to be motivated by sexual desire. Sexual harassment may involve harassment of a person of the same gender as the harasser, regardless of either person's sexual orientation or gender identity.

THERE ARE TWO TYPES OF SEXUAL HARASSMENT

1. "Quid pro quo" (Latin for "this for that") sexual harassment is when someone conditions a job, promotion, or other work benefit on your submission to sexual advances or other conduct based on sex.

2. "Hostile work environment" sexual harassment occurs when unwelcome comments or conduct based on sex unreasonably interferes with your work performance or creates an intimidating, hostile, or offensive work environment. You may experience sexual harassment even if the offensive conduct was not aimed directly at you.

The harassment must be severe or pervasive to be unlawful. A single act of harassment may be sufficiently severe to be unlawful.

SEXUAL HARASSMENT INCLUDES MANY FORMS OF OFFENSIVE BEHAVIORS

BEHAVIORS THAT MAY BE SEXUAL HARASSMENT:

1. Unwanted sexual advances
2. Offering employment benefits in exchange for sexual favors
3. Leering; gestures; or displaying sexually suggestive objects, pictures, cartoons, or posters
4. Derogatory comments, epithets, slurs, or jokes
5. Graphic comments, sexually degrading words, or suggestive or obscene messages or invitations
6. Physical touching or assault, as well as impeding or blocking movements

Actual or threatened retaliation for rejecting advances or complaining about harassment is also unlawful.

Employees or job applicants who believe that they have been sexually harassed or retaliated against may file a complaint of discrimination with DFEH within three years of the last act of harassment or retaliation.

DFEH serves as a neutral fact-finder and attempts to help the parties voluntarily resolve disputes. If DFEH finds sufficient evidence to establish that discrimination occurred and settlement efforts fail, the Department may file a civil complaint in state or federal court to address the causes of the discrimination and on behalf of the complaining party. DFEH may seek court orders changing the employer's policies and practices, punitive damages, and attorney's fees and costs if it prevails in litigation. Employees can also pursue the matter through a private lawsuit in civil court after a complaint has been filed with DFEH and a Right-to-Sue Notice has been issued.

EMPLOYER RESPONSIBILITY & LIABILITY

All employers, regardless of the number of employees, are covered by the harassment provisions of California law. Employers are liable for harassment by their supervisors or agents. All harassers, including both supervisory and non-supervisory personnel, may be held personally liable for harassment or for aiding and abetting harassment. The law requires employers to take reasonable steps to prevent harassment. If an employer fails to take such steps, that employer can be held liable for the harassment. In addition, an employer may be liable for the harassment by a non-employee (for example, a client or customer) of an employee, applicant, or person providing services for the employer. An employer will only be liable for this form of harassment if it knew or should have known of the harassment, and failed to take immediate and appropriate corrective action.

Employers have an affirmative duty to take reasonable steps to prevent and promptly correct discriminatory and harassing conduct, and to create a workplace free of harassment.

A program to eliminate sexual harassment from the workplace is not only required by law, but it is the most practical way for an employer to avoid or limit liability if harassment occurs.

DFEH

CIVIL REMEDIES

- Damages for emotional distress from each employer or person in violation of the law
- Hiring or reinstatement
- Back pay or promotion
- Changes in the policies or practices of the employer

ALL EMPLOYERS MUST TAKE THE FOLLOWING ACTIONS TO PREVENT HARASSMENT AND CORRECT IT WHEN IT OCCURS:

1. Distribute copies of this brochure or an alternative writing that complies with Government Code 12950. This pamphlet may be duplicated in any quantity.
2. Post a copy of the Department's employment poster entitled "California Law Prohibits Workplace Discrimination and Harassment."
3. Develop a harassment, discrimination, and retaliation prevention policy in accordance with 2 CCR 11023. The policy must:
 - Be in writing.
 - List all protected groups under the FEHA.
 - Indicate that the law prohibits coworkers and third parties, as well as supervisors and managers with whom the employee comes into contact, from engaging in prohibited harassment.
 - Create a complaint process that ensures confidentiality to the extent possible; a timely response; an impartial and timely investigation by qualified personnel; documentation and tracking for reasonable progress; appropriate options for remedial actions and resolutions; and timely closures.
 - Provide a complaint mechanism that does not require an employee to complain directly to their immediate supervisor. That complaint mechanism must include, but is not limited to including: provisions for direct communication, either orally or in writing, with a designated company representative; and/or a complaint hotline; and/or access to an ombudsperson; and/or identification of DFEH and the United States Equal Employment Opportunity Commission as additional avenues for employees to lodge complaints.
 - Instruct supervisors to report any complaints of misconduct to a designated company representative, such as a human resources manager, so that the company can try to resolve the claim internally. Employers with 50 or more employees are required to

include this as a topic in mandated sexual harassment prevention training (see 2 CCR 11024).

- Indicate that when the employer receives allegations of misconduct, it will conduct a fair, timely, and thorough investigation that provides all parties appropriate due process and reaches reasonable conclusions based on the evidence collected.
- Make clear that employees shall not be retaliated against as a result of making a complaint or participating in an investigation.

4. Distribute its harassment, discrimination, and retaliation prevention policy by doing one or more of the following:

- Printing the policy and providing a copy to employees with an acknowledgement form for employees to sign and return.
- Sending the policy via email with an acknowledgment return form.
- Posting the current version of the policy on a company intranet with a tracking system to ensure all employees have read and acknowledged receipt of the policy.
- Discussing policies upon hire and/or during a new hire orientation session.
- Using any other method that ensures employees received and understand the policy.

5. If the employer's workforce at any facility or establishment contains ten percent or more of persons who speak a language other than English as their spoken language, that employer shall translate the harassment, discrimination, and retaliation policy into every language spoken by at least ten percent of the workforce.

6. In addition, employers who do business in California and employ 5 or more part-time or full-time employees must provide at least one hour of training regarding the prevention of sexual harassment, including harassment based on gender identity, gender expression, and sexual orientation, to each non-supervisory employee; and two hours of such training to each supervisory employee. Training must be provided within six months of assumption of employment. Employees must be trained during calendar year 2020, and, after January 1, 2021, training must be provided again every two years. Please see Gov. Code 12950.1 and 2 CCR 11024 for further information.

DUSD Drug and Alcohol Free Workplace Board Policy 4020

The Governing Board desires to ensure that district-provided transportation is safe for students, staff, and the public. To that end, the Superintendent or designee shall establish a drug and alcohol testing program designed to prevent the operation of buses or the performance of other safety-sensitive functions by a driver who is under the influence of drugs or alcohol, including a driver of a school bus, student activity bus, or other school transportation vehicle or any other employee who holds a commercial driver's license which is necessary to perform duties related to district employment.

A driver shall not report for duty or remain on duty when the driver has used any drug listed in 21 CFR 1308.11. A driver is also prohibited from reporting for duty or remaining on duty when the driver has used any drug listed in 21 CFR 1308.12-1308.15, unless the driver is using the drug under the direction of a physician who has advised the driver that the substance will not adversely affect the driver's ability to safely operate a bus. (49 CFR 382.213)

In addition, a driver shall not consume alcohol while on duty and/or performing safety-sensitive functions, or for four hours prior to on-duty time. (49 CFR 382.205, 382.207)

Drivers shall submit to drug and alcohol testing as required under federal law and specified in the accompanying administrative regulation. The district's testing program for drivers shall include pre-employment drug testing and reasonable suspicion, random, post-accident, return-to-duty, and follow-up drug and alcohol testing of drivers. (49 USC 31306; 49 CFR 382.301-382.311)

The Board shall contract for testing services upon verifying that the personnel are appropriately qualified and/or certified and that testing procedures conform to federal regulations.

Except as otherwise provided by law, the Superintendent or designee shall not release individual test results or medical information about a driver to a third party without the driver's specific written consent. (49 CFR 40.321)

Consequences Based on Test Results

No driver shall be temporarily removed from the performance of safety-sensitive functions based only on a laboratory report of a confirmed positive test for a drug or drug metabolite before the certified medical review officer has completed verification of the test results, unless the district has obtained a waiver from the Federal Motor Carrier Safety Administration. (49 CFR 40.3, 40.21, 382.107, 382.119)

Any driver for whom the district receives a verified positive drug test result or who is found to have a blood alcohol concentration of 0.04 or higher shall be immediately removed from performing safety-sensitive functions in accordance with 49 CFR 40.23 and 382.211. An alcohol concentration between 0.02 and 0.04 requires temporary removal of the bus driver for a 24-hour period following the test. Any driver who refuses to take a required drug or alcohol test shall not be permitted to perform or continue to perform safety-sensitive functions. (49 CFR 40.23, 382.211)

Not later than five days after receiving notification of the test result or refusal to comply, the Superintendent or designee shall report any refusal, failure to comply, or positive test result to the California Department of Motor Vehicles (DMV) using a form approved by the DMV. (Vehicle Code 13376)

Adopted by Board of Trustees
April 10, 2017
Delano, CA

DUSD Drug and Alcohol Free Workplace Exhibit 4020

A driver whom the district intends to hire or use shall undergo testing for drugs and receive a verified negative test result prior to the first time the driver performs safety-sensitive functions for the district. This testing requirement may be waived if all of the following conditions exist: (49 CFR 382.301)

1. The driver has participated in a qualified drug testing program within the previous 30 days.
2. While participating in the program, the driver either was tested within the past six months from the date of application or participated in a random drug testing program for the previous 12 months from the date of application.
3. No prior employer of the driver of whom the district has knowledge has records of the driver's violation of federal drug testing regulations within the previous six months.

The Superintendent or designee shall contact the testing program(s) in which the driver has participated and obtain information about the program and the driver's participation as specified in 49 CFR 382.301.

In addition, the Superintendent or designee shall require the driver to undergo pre-employment alcohol testing in accordance with the procedures in 49 CFR 40.1-40.605 and to receive a test result indicating an alcohol concentration of less than 0.04. (49 CFR 382.301)

Post-Accident Testing

As soon as practicable following an accident involving a school bus or student activity bus, the Superintendent or designee shall ensure that the driver involved is tested for alcohol and/or drugs under either of the following conditions: (49 CFR 382.303)

1. The accident involved loss of human life.
2. The driver receives a citation for a moving traffic violation within eight hours of the accident and the accident involved bodily injury to a person who required immediate medical treatment away from the scene of the accident and/or disabling damage to one or more vehicles requiring towing.

The Superintendent or designee shall attempt to administer a required alcohol test up to eight hours following the accident and/or a drug test up to 32 hours following the accident. The results of an alcohol or drug test conducted by federal, state, or local officials having independent authority for the test shall be considered to meet this requirement. If the alcohol test is not administered within two hours following the accident, or the test for drugs is not administered within 32 hours following the accident, the Superintendent or designee shall make a record stating the reasons the test was not promptly administered. (49 CFR 382.303)

No driver required to take a post-accident alcohol test pursuant to 49 CFR 382.303 shall use alcohol for eight hours following the accident or until the driver undergoes a post-accident alcohol test, whichever occurs first. (49 CFR 382.209)

Random Testing

The Superintendent or designee shall ensure that random, unannounced drug and alcohol tests of bus drivers are conducted on testing dates reasonably spread throughout the year.

Such tests shall be unannounced and conducted during, immediately before, or immediately after the performance of safety-sensitive functions. (49 CFR 382.305)

The Superintendent or designee shall ensure that the percentage of district drivers randomly tested for drugs and alcohol meets or exceeds the minimum annual percentage rates specified in 49 CFR 382.305 or subsequently published in the Federal Register.

Each driver selected for random testing shall have an equal chance of being tested each time selections are made. (49 CFR 382.305)

Each driver who is selected for testing shall proceed to the test site immediately or, if performing a safety-sensitive function other than driving a bus, then as soon as possible after ceasing that function. (49 CFR 382.305)

Reasonable Suspicion Testing

A driver shall be required to submit to a drug or alcohol test whenever the Superintendent or designee has reasonable suspicion that the driver has violated the prohibitions against the use of drugs or alcohol. Such reasonable suspicion shall be based on specific, contemporaneous, articulable observations, conducted during, immediately before, or immediately after the performance of safety-sensitive functions, concerning the driver's appearance, behavior, speech, and/or body odors. Reasonable suspicion of drug use may also include indications of the chronic and withdrawal effects of drugs. (49 CFR 382.307)

The person who makes the required observations for reasonable suspicion testing for drugs or alcohol shall be trained in accordance with 49 CFR 382.603. The person who makes the determination that reasonable suspicion exists to conduct an alcohol test shall not be the same person who conducts the alcohol test. (49 CFR 382.307)

Within 24 hours of the observed behavior or before the results of the drug or alcohol test are released, whichever is earlier, a written record of the observations leading to a reasonable suspicion test shall be made and signed by the person who made the observations. (49 CFR 382.307)

An alcohol test required as a result of reasonable suspicion shall be administered within eight hours following the determination of reasonable suspicion. If the test is not administered within two hours, the Superintendent or designee shall prepare and maintain on file a record stating the reasons the test was not promptly administered. (49 CFR 382.307)

In the absence of a reasonable suspicion alcohol test, the district shall take no action against a driver based solely on the driver's behavior and appearance, except that the driver shall not be allowed to report for or remain on safety-sensitive functions until an alcohol test is administered and the results show a concentration less than 0.02 or 24 hours have elapsed following the determination of reasonable suspicion. (49 CFR 382.307)

Return-to-Duty Testing

Note: Pursuant to 49 CFR 40.305, the district may return a driver to safety-sensitive functions after the driver completes required education and treatment services as described in the accompanying Board policy and a return-to-duty drug or alcohol test. Such personnel decisions may be subject to collective bargaining or other legal requirements.

The Superintendent or designee may permit a driver who has violated federal drug or alcohol regulations to return to safety-sensitive functions after the driver has successfully complied with the education and treatment services prescribed by a substance abuse professional and has taken a return-to-duty drug or alcohol test. The driver shall not resume performance of safety-sensitive functions unless the drug test shows a negative result and/or the alcohol test shows a concentration of less than 0.02. (49 CFR 40.305, 382.309)

Follow-Up Testing

Upon receiving a written follow-up testing plan from a substance abuse professional, the Superintendent or designee shall determine the actual dates for follow-up testing consistent with those recommendations

and shall ensure that such tests are unannounced and follow no discernable pattern as to their timing. No additional tests beyond those included in the plan shall be imposed by the district. (49 CFR 40.307-40.309, 382.111)

Mandatory Reporting and Annual Queries to the Drug and Alcohol Clearinghouse

The Superintendent or designee shall report to the Clearinghouse any violation of federal drug and alcohol regulations, any refusal to test, and other required information by the close of the third business day following the date on which the information was obtained. (49 CFR 382.705)

The Superintendent or designee shall conduct a query using the Clearinghouse at least once a year for all drivers to determine whether information exists in the Clearinghouse about the drivers. (49 CFR 382.701)

In lieu of a full query, the Superintendent or designee may obtain the individual driver's consent to conduct a limited query that is effective for more than one year and informs the district about whether there is information about the driver in the Clearinghouse without releasing that information to the district. If the limited query shows that information exists in the Clearinghouse about the individual driver, the Superintendent or designee shall conduct a full query within 24 hours of conducting the limited query. If a full query is not conducted within 24 hours, the driver may not perform any safety-sensitive function until the results from a full query confirm that the driver may perform such functions. (49 CFR 382.701)

DUSD Emergency Response Plan- Outdoor Air Quality

OBJECTIVES

- A. Continually monitor the ozone or fine particulate matter (PM 2.5) concentrations as measured by the Real-Time Air Advisory Network (RAAN) and reported by the Valley Air District;
- B. To implement procedures designed to lessen and prevent unhealthful consequences from polluted air conditions;
- C. To respond to outdoor physical activity recommendations developed by the Valley Air District in consultation with health researchers at U.S. EPA, UCSF, CSU-Fresno, UC Berkeley, and the Fresno/Madera Medical Society, as presented in the Real-Time Outdoor Activity Risk (ROAR) guidelines

It is the responsibility of District and school site staff to implement the Outdoor Air Quality Safety procedures by:

- A. Consulting with the Superintendent or designee, or the Health Services Director who oversees this work area.
- B. Monitoring the changes in air pollution during the course of each day using RAAN.
- C. Enforcing the physical activity restrictions placed on each child and employee in accordance with ROAR guidelines.
- D. Working cooperatively with the Valley Air District to ensure policies and procedures are updated and reflective of emerging federal and state air quality standards.

DEFINITIONS

Good. When the air quality reported by RAAN reaches Level 1, air quality is considered “Good” and no action is needed.

Moderate. When the air quality reported by RAAN reaches Level 2, air quality is considered “Moderate”. Ensure that sensitive individuals (i.e. for those who have a history of asthma, heart disease, or other respiratory ailments) are medically managing their conditions in accordance with their physicians’ recommendations.

Unhealthy for Sensitive Groups. When the air quality reported by RAAN reaches Level 3, air quality is considered “Unhealthy for Sensitive Groups”. Special consideration must be given to outdoor physical activity for sensitive individuals. Ensure they are medically managing their conditions.

Unhealthy. When the air quality reported by RAAN reaches Level 4, air quality is considered “Unhealthy”. Outdoor activities should be moved indoors if possible. All students and adults should be cautious and curtail or

DUSD Emergency Response Plan- Outdoor Air Quality (Continued)

modify outdoor activities in accordance with ROAR guidelines, and avoid any prolonged exertion. Sensitive students and adults should participate only in indoor activities.

Very Unhealthy. When the air quality reported by RAAN reaches Level 5, air quality is considered “Very Unhealthy”. All outdoor activities should be moved indoors, and outdoor athletic classes, practices, and sporting events must be rescheduled or relocated.

PROCEDURES FOR LEVEL 3 (UNHEALTHY FOR SENSITIVE GROUPS)

1. Physical Education and Recess

Sensitive individuals (i.e. students with asthma, respiratory or heart/lung conditions) should remain inside or avoid vigorous outdoor activities.

2. Athletic Practice and Training

Reduce vigorous exercise to 30 minutes per hour of practice time with increased rest breaks and substitutions. Ensure that sensitive individuals are medically managing their condition.

3. Scheduled Athletic Events

Increase rest breaks and substitutions. Ensure that sensitive individuals are medically managing their condition.

PROCEDURES FOR LEVEL 4 (UNHEALTHY)

1. Physical Education and Recess

Exercise indoors or limit vigorous outdoor activities to a maximum of 15 minutes. Sensitive individuals should remain indoors.

2. Athletic Practice and Training

Exercise indoors or reduce vigorous exercise to 30 minutes of practice time with increased rest breaks and substitutions. Sensitive individuals should remain indoors.

3. Scheduled Athletic Events

Increase rest breaks and substitutions. Ensure that sensitive individuals are medically managing their condition.

PROCEDURES FOR LEVEL 5 (VERY UNHEALTHY)

1. Physical Education and Recess

No outdoor activity. All activities should be moved indoors.

2. Athletic Practice and Training

No outdoor activity. All activities should be moved indoors.

3. Scheduled Athletic Events

Event must be rescheduled or relocated.

EXTRAORDINARY EPISODES

1. In the event of an exceptional air pollution event beyond Level 5, the Valley Air District may issue an “Air Alert”, “Health Cautionary Statement”, “Health Advisory”, or “National Weather Service Air Quality Alert” to local media indicating the level of emergency.

2. The Superintendent or designee, or the Health Services Director shall be responsible for notifying schools of such extraordinary circumstances. Transmission of the notification to schools may be accomplished through the same procedures approved by the Superintendent's office for response to disasters of all types.

3. Students and staff should remain indoors, cease all but minimally necessary physical activity, and await emergency response directions.

DUSD Emergency Response Plan- Drinking Water Quality

If/when a Boil Water Advisory is issued, schools and childcare facilities should follow the instructions and guidelines of their state and local public health authorities.

MANAGEMENT ISSUES

The Director of Student Health Services shall be responsible for ongoing management of water-related issues and activities during the boil water advisory and to ensure compliance with health and safety protocols.

Note: Make sure boiled water has cooled to room temperature before using it.

IMMEDIATELY SECURE A SUPPLY OF DRINKABLE WATER

Use bottled water. Bottled water is the best option for drinking if it is available.

Boil water if bottled water is not available: Fill a pot with tap water; Heat the water until bubbles come quickly from the bottom of the pot to the top; Keep heating the water for one more minute; Turn off the heat source and let the water cool; Pour water into a clean, sanitized container with a cover for storage.

Shut off drinking water fountains.

Post signs at drinking fountains, in the kitchen, and bathrooms to advise people not to drink the water.

Use bottled, boiled, or disinfected water for brushing teeth, and for washing wounds or other medical procedures.

Discontinue using tap water for indoor and outdoor play and all recreational activities.

FOOD PREPARATION

Discard all ice or drinks made with tap water.

Discard ready-to-eat food that was prepared with potentially unsafe water prior to the issue of the advisory (e.g., coffee, juice, gelatins, and popsicles). Consult with your local public health department if you are unsure of which foods to discard.

Limit menu to items that require no or little water to prepare.

Use bottled, boiled, or disinfected water for food and beverage preparation activities, washing of fruits and vegetables, and mixing beverages.

Use disposable plates, cups, and utensils, if possible.

HYGIENE AND CLEANING

Note: Washing hands with soap and water is the best way to reduce the number of germs on them in most situations. If soap and water are not available, use an alcohol-based hand sanitizer that contains at least 60% alcohol. Alcohol-based hand sanitizers can quickly reduce the number of germs on hands in some situations, but sanitizers do not eliminate all types of germs. Hand sanitizers are not as effective when hands are visibly dirty or greasy.

Use bottled water, boiled water, or water that has been disinfected with bleach to clean washable toys and surfaces.

Household dishwashers generally are safe to use if the water reaches a final rinse temperature of at least 150°F or if the dishwasher has a sanitizing cycle.

Launder items in a washing machine using a hot water rinse cycle. Dry in a dryer for a minimum of 30 minutes.

MANAGING GASTROINTESTINAL ILLNESS (DIARRHEA OR VOMITING)

Staff or children showing signs of gastrointestinal illness (diarrhea or vomiting) should immediately seek medical attention.

Staff or children with diarrhea or vomiting should not return to work or come to school until they have been symptom-free (i.e. having no diarrhea or vomiting) for at least 24 hours.

DUSD Emergency Response Plan- Severe Weather

The following is adapted from the San Diego County Office of Education Comprehensive Safe School Plan Template, July 2016)

Severe weather can be accompanied by high winds, downed trees, and swollen creeks. An emergency response is required when this type of weather poses any risk to the staff and students. Assure that each student's method of returning home is safe and reliable.

Severe Storm

Principal/site administrator actions: Monitor weather forecasts and weather-related communications to determine onset of storm conditions that may affect school operations. Report to site by 6 a.m. to check for power outages, flooding, etc. Determine whether school will be closed or remain open. Notify superintendent of school status. Assign staff to activate staff and parent phone trees. Post school status on school website. Notify utility companies of any break or suspected break in utility lines. Take appropriate action to safeguard school property. Upon passage of the storm, return to normal routine.

Windstorm

Principal/site administrator actions: Monitor weather forecasts to determine onset of storm conditions that may affect school operations. Notify utility companies of any break or suspected break in utility lines. Keep staff and students in sheltered areas of the building until winds have subsided and it is safe to return to the classroom. Take appropriate action to safeguard school property. Upon passage of the storm, return to normal routine.

Staff actions: Evacuate any classrooms bearing full force of wind. Evacuate to lower floor of school building near inside walls. Initiate TAKE COVER with students in the shielded areas within the building. Stay away from windows. Take attendance. Report any missing students to principal/site administrator. Close all blinds and curtains. Avoid auditoriums, gymnasiums and other structures with large roof spans. Remain with students near an inside wall or on lower floors of the building. Make arrangements for special needs, snacks and quiet recreational activities

Water Supply Failure

1. Contact M.O.T. department and school site administration.
2. Do not consume tap water until told it is safe to do so by authorized officials.
3. Do not leave the school site unless told to do so by authorized officials.

DUSD Emergency Response Plan- Flooding

(The following is adapted from "Sample School Emergency Operations Plan," Federal Emergency Management Agency, March 2011)

DESCRIPTION

Flooding is a natural feature of the climate, topography, and hydrology of Delano and its surrounding areas. Some floods develop slowly during an extended period of rain or in a warming trend following heavy snow. Flash floods can occur quickly, without any visible sign of rain. Catastrophic floods are associated with burst dams and levees, hurricanes, storm surges, tsunamis, and earthquakes.

CORE FUNCTIONS

The City of Delano, the National Weather Service, and other Federal cooperative agencies have an extensive river and weather monitoring system and provide flood watch and warning information to the school community via radio, television, internet, and telephone. In the event of a flood, the Incident Commander, or principal, will activate the Emergency Operations Plan and implement the Incident Command System.

The school P.A. system acts as a warning system to notify staff and students in case of imminent or confirmed flooding, including that due to dam failure. If there is a loss of power, a compressed air horn or megaphone and two-way radios will serve as backup alerting/communication devices.

OPERATIONAL FUNCTIONS/PROCEDURES THAT MAY BE ACTIVATED

Operational functions or procedures that may be activated in the event of a flood include the following: evacuation; reverse evacuation; relocation; parent-student reunification; special needs population; continuity of operations; recovery and psychological healing; mass care.

ACTIVATING THE EMERGENCY OPERATIONS PLAN

Incident Commander Actions: Issue stand-by instructions. Determine if evacuation is required. Notify local law enforcement of intent to evacuate, the location of the safe evacuation site; and the route to be taken to that site. Delegate a search team to ensure that all students have been evacuated.

Activate communications plan. Determine if additional procedures should be activated. Issue directed transportation instruction if students will be evacuated to a safer local by means of buses and cars. Do not allow staff and students to return to the building until proper authorities have determined that it is safe to do so. Communicate with bus drivers. Determine whether school will be closed or remain open. Document all actions taken.

DUSD Emergency Response Plan- Flooding (Continued)

Incident Management Team and Section Chiefs Actions: Monitor radio and internet for flood information and report and developments to the Incident Commander. Review procedures with staff as needed. Disseminate information about the incident and follow up actions as to where the school has relocated and parent-student reunification procedures. Implement the internal and external communications plan. Notify relocation centers and determine an alternative relocation center, if needed, if primary and secondary centers would also be flooded. Implement additional procedures as instructed by the Incident Commander. Take appropriate action to safeguard school property. Document all actions taken.

Staff Actions: Execute evacuation procedures when instructed by the Incident Management Team and/or Section Chiefs. Take the class roster and emergency to-go kits. Take attendance before leaving the campus. Remain with students throughout the evacuation process. Upon arrival at the safe site, take attendance. Report any missing or injured students to the Incident Commander. Do not return to the school building until it has been inspected and determined safe by proper authorities. Document all actions taken.

Bus Driver Actions: If evacuation is by bus, do not drive through flooded streets and/or roads. Do not attempt to cross bridges, overpasses, or tunnels that may be damaged by flooding. If the driver is caught in an unavoidable situation, seek higher ground immediately. If the bus stalls and water is rising, abandon the bus and seek higher ground before the situation worsens. Use two-way radios to communicate with the Incident Commander, Incident Management Team, and Section Chiefs. Document all actions taken.

DUSD Emergency Response Plan- Earthquake

(This section is based on Administrative Regulation 3516.3: Earthquake Emergency Procedure System)

EARTHQUAKE WHILE INDOORS AT SCHOOL

When an earthquake occurs, the following actions shall be taken inside buildings and classrooms:

1. Staff shall have students perform the drop procedure. Students should stay in the drop position until the emergency is over or until further instructions are given.
2. In laboratories, burners should be extinguished, if possible, before taking cover.
3. As soon as possible, staff shall move students away from windows, shelves, and heavy objects or furniture that may fall.
4. After the earthquake, the principal or designee shall determine whether planned evacuation routes and assembly locations are safe and shall communicate with teachers and other staff.
5. When directed by the principal or designee to evacuate, or if classrooms or other facilities present dangerous hazards that require immediate evacuation, staff shall account for all students under their supervision and shall evacuate the building in an orderly manner.

EARTHQUAKE WHILE OUTDOORS ON SCHOOL GROUNDS

When an earthquake occurs, the following actions shall be taken by staff or other persons in authority who are outdoors on school grounds:

1. Staff shall direct students to walk away from buildings, trees, overhead power lines, power poles, or exposed wires.
2. Staff shall have students perform the drop procedure.
3. Staff shall have students stay in the open until the earthquake is over or until further directions are given.

EARTHQUAKE WHILE ON SCHOOL BUS

If students are on the school bus when an earthquake occurs, the bus driver shall take proper precautions to ensure student safety, which may include pulling over to the side of the road or driving to a location away from outside hazards, if possible. Following the earthquake, the driver shall contact the Superintendent or designee for instructions before proceeding on the route or, if such contact is not possible, drive to an evacuation or assembly location.

DUSD Emergency Response Plan- Earthquake (Continued)

SUBSEQUENT EMERGENCY PROCEDURES

After an earthquake episode has subsided, the following actions shall be taken:

1. Staff shall extinguish small fires if safe.
2. Staff shall provide first aid to any injured students, take roll, and report missing students to the principal or designee.
3. Staff and students shall refrain from lighting any stoves or burners or operating any electrical switches until the area is declared safe.
4. All buildings shall be inspected for water and gas leaks, electrical breakages, and large cracks or earth slippage affecting buildings.
5. The principal or designee shall post staff at safe distances from all building entrances and instruct staff and students to remain outside the buildings until they are declared safe.
6. The principal or designee shall request assistance as needed from the county or city civil defense office, fire and police departments, city and county building inspectors, and utility companies and shall confer with them regarding the advisability of closing the school.
7. The principal or designee shall contact the Superintendent or designee and request further instructions after assessing the earthquake damage.
8. The Superintendent or designee shall provide updates to parents/guardians of district students and members of the community about the incident, any safety issues, and follow-up directions.

DUSD Emergency Response Plan- Fire

(This section is based on Administrative Regulation 3516.1: Fire Drills and Fires)

FIRE DRILLS

The principal shall cause the fire alarm signal to be sounded at least once every month. (Education Code 32001)

The principal shall also hold fire drills at least once a month at the elementary level, four times every school year at the intermediate level, and not less than twice every school year at the secondary level. (Education Code 32001)

1. The principal shall notify staff as to the schedule for fire drills.
2. Whenever a fire drill is held, all students, teachers and other employees shall be directed to leave the building.
(5 CCR 550)
3. Teachers shall ascertain that no student remains in the building.
4. Teachers shall be prepared to select alternate exits and shall direct their classes to these exits whenever the designated escape route is blocked.
5. The principal or designee shall keep a record of each fire drill conducted and file a copy of this record with the office of the Superintendent or designee.

FIRES

When a fire is discovered in any part of the school, the following actions shall be taken:

1. The principal or designee shall sound fire signals, unless the school and/or building is equipped with an automatic fire detection and alarm system. (Education Code 32001)
2. The principal or designee shall call 911.
3. All persons shall be directed to leave the building and shall proceed outside to designated assembly areas.
4. Staff shall give students clear direction and supervision and help maintain a calm and orderly response.

DUSD Emergency Response Plan- Fire (Continued)

5. In outside assembly areas, teachers shall take roll, report missing students, and provide assistance to any injured students.
6. In outside assembly areas, the principal, designee and/or each department head shall account for their staff, report missing staff, and provide assistance to any injured staff.
7. If the fire is extensive, students shall be taken to an alternate location for protective custody until parents/guardians can pick them up or until they can be safely transported to their homes.

DUSD Emergency Response Plan- Wildfire

In the event of a wildfire in the vicinity of District facilities and/or school sites, the District will initiate shelter in place and/or evacuation procedures, as recommended by or ordered by fire prevention officials or law enforcement, followed by reunification procedures.

(The following is adapted from, "Wildfire Smoke," Centers for Disease Control and Prevention web site)

Wildfire smoke can harm you in multiple ways. Smoke can hurt your eyes, irritate your respiratory system, and worsen chronic heart and lung diseases. This fact sheet tells you how you can protect your health and be safe if you are exposed to wildfire smoke.

What is Wildfire Smoke and Can it Make Me Sick?

Wildfire smoke is a mix of gases and fine particles from burning vegetation, building materials, and other materials. Wildfire smoke can make anyone sick. Even someone who is healthy can get sick if there is enough smoke in the air. Breathing in smoke can have immediate health effects, including: coughing; trouble breathing normally; stinging eyes; a scratchy throat; runny nose; irritated sinuses; wheezing and shortness of breath; chest pain; headaches; an asthma attack; tiredness; fast heartbeat.

Older adults, pregnant women, children, and people with preexisting respiratory and heart conditions may be more likely to get sick if they breathe in wildfire smoke.

Eight Tips for Protecting Yourself from Breathing Wildfire Smoke

If possible, limit your exposure to smoke. Here are eight tips to help you protect your health:

Pay attention to local air quality reports and the US Air Quality Index . When a wildfire occurs in your area, watch for news or health warnings about smoke. Pay attention to public health messages and take extra safety measures such as avoiding spending time outdoors.

Pay attention to visibility guides if they are available. Although not every community measures the amount of particles in the air, some communities in the western United States have guidelines to help people estimate air quality based on how far they can see.

If you are told to stay indoors, stay indoors and keep your indoor air as clean as possible. Keep windows and doors closed unless it is very hot outside. Run an air conditioner if you have one, but keep the fresh-air intake closed and the filter clean to prevent outdoor smoke from getting inside. Seek shelter elsewhere if you do not have an air conditioner and it is too warm to stay inside with the windows closed.

Use an air filter. Use a freestanding indoor air filter with particle removal to help protect people with heart disease, asthma or other respiratory conditions and the elderly and children from the effects of wildfire smoke. Follow the manufacturer's instructions on filter replacement and where to place the device.

Do not add to indoor pollution. When smoke levels are high, do not use anything that burns, such as candles and fireplaces. Do not vacuum, because vacuuming stirs up particles already inside your home. Do not smoke tobacco or other products, because smoking puts even more pollution into the air.

Follow your doctor's advice about medicines and about your respiratory management plan if you have asthma or another lung disease or cardiovascular disease. Call your doctor if your symptoms worsen.

DUSD Emergency Response Plan- Wildfire (Continued)

Do not rely on dust masks for protection. Paper “comfort” or “dust” masks commonly found at hardware stores trap large particles, such as sawdust. These masks will not protect your lungs from smoke. An “N95” mask, properly worn, will offer some protection. If you decide to keep a mask on hand,

See the Respirator Fact Sheet provided by CDC’s National Institute for Occupational Safety and Health.

Avoid smoke exposure during outdoor recreation. Wildfires and prescribed burns—fires that are set on purpose to manage land—can create smoky conditions. Before you travel to a park or forest, check to see if any wildfires are happening or if any prescribed burns are planned.

DUSD Emergency Response Plan- Chemical Exposure

(The following is adapted from, “Chemical Hygiene Plan Template,” Department of Public Health and Environment, State of Colorado, March 1, 2016)

CHEMICAL SPILLS

Chemical spills can pose a significant risk to human health and the environment. All employees must be trained on how to respond to chemical spills in order to minimize risk. In general, chemical spills can be placed into one of two categories: non-emergency chemical spills, or emergency chemical spills.

NON-EMERGENCY CHEMICAL SPILL PROCEDURES

Non-emergency chemical spills are generally defined as less than one liter, do not involve a highly toxic or reactive material, do not present a significant fire or environmental hazard, and are not in a public area such as a hallway. These spills can be cleaned up by proper trained employees using PPE (e.g., safety glasses/goggles, lab coat, gloves) and a designated spill kit. In general, when a non-emergency spill occurs the area around the spill should be isolated, everyone in the area should be made aware of the spill, and the spilled material should be absorbed and collected using either pads or some other absorbent material such as oil dry or kitty litter. Decontamination of the spill area should be conducted using an appropriate solvent (soap and water is often the most effective).

EMERGENCY CHEMICAL SPILL PROCEDURES

Emergency Chemical Spills are generally defined as greater than one liter, involve a highly toxic or reactive compound, present an immediate fire or environmental hazard, or require additional PPE (e.g., respirator) and specialized training to properly clean up.

The following procedures should be followed in the event of a major emergency chemical spill:

1. Cease all activities and immediately evacuate the affected area (make sure that all personnel and students in the area are aware of the spill and also evacuate).
2. If chemical exposure has occurred to the skin or eyes, the affected personnel should be taken to the nearest safety shower and eyewash station.
3. Call 911, if the situation is, or could become an emergency (e.g., chemical exposure has occurred, a fire or explosion has occurred).
4. The fire alarm should be pulled, which will initiate building evacuations, if any of the following occurs: A fire and/or explosion has occurred (or there is a threat of fire and/or explosion); The large spill (which is either highly toxic or presents an immediate fire or environmental hazard) is in a public area such as a hallway; Toxic vapors are leaving the area where the spill has occurred, such as seeping into the hallway or neighboring rooms; You are unsure of the hazards and feel that the spill could be harmful to building occupants.
5. Ensure that no one else is allowed to enter the area until the spill has been properly cleaned up.

DUSD Emergency Response Plan- Biological Exposure

(The following is adapted from the San Diego County Office of Education Comprehensive Safe School Plan Template, July 2016)

A biological incident involves the discharge of a biological substance in a solid, liquid or gaseous state. Such incidents may include the release of radioactive materials. A biological agent can be introduced through:

- Contaminated letter or package
- Building ventilation system
- Small explosive device to help it become airborne
- Contaminated item such as a backpack, book bag, or other parcel left unattended the food supply
- Aerosol release (for example, with a crop duster or spray equipment)
- Defense against biological release (e.g. anthrax, smallpox, plague, ricin etc.) is difficult because usually appear after some time has lapsed. Indicators that may suggest the release of a biological or chemical substance include multiple victims suffering from: watery eyes, choking or breathing difficulty, twitching or the loss of coordination. Another indicator is the presence of distressed animals or dead birds. Determine which scenario applies and implement the appropriate response procedures.

OUTSIDE THE BUILDING

Staff actions: Notify principal. Move students away from immediate vicinity of danger (if outside, implement Take Cover). Segregate individuals who have been topically contaminated by a liquid from unaffected individuals. Send affected individuals to a designated area medical attention. Follow standard student assembly, accounting and reporting procedures.

Principal/site administrator actions: Initiate shelter in place. Shut off HVAC units. Move to central location where windows and doors can be sealed with duct tape. Call 911. Provide location and nature of the emergency and school actions taken. Notify District Superintendent of the situation. Turn on a battery-powered commercial radio and listen for instructions. Complete the Biological and Chemical Release Response Checklist . Remain inside the building until the Department of Health or Fire Department determines it is safe to leave. Arrange for psychological counseling for students and staff.

INSIDE THE BUILDING

Staff actions: Notify principal or site administrator. Segregate individuals who have been topically contaminated by a liquid from unaffected individuals. Implement evacuation or off-site evacuation, as appropriate. Send affected individuals to a designated area for medical attention. Follow standard student assembly, accounting and reporting procedures. Prepare a list of those who are in the affected area to provide to emergency response personnel.

Principal/site administrator actions: Initiate evacuation of building or off-site evacuation to move students away from immediate vicinity of danger. Move up-wind from the potential danger. Call 911. Provide exact location and nature of emergency. Designate security team to isolate and restrict access to potentially contaminated areas. Wait for instructions from emergency responders (Health or Fire Department). Notify District Superintendent of the situation. Arrange for immediate psychological counseling for students and staff. Complete the Biological and Chemical Release Response Checklist.

Wait to return to the building until it has been declared safe by local HazMat or appropriate agency.

THOSE WHO HAVE DIRECT CONTACT WITH BIOLOGICAL AGENT:

- Wash affected areas with soap and water.
- Immediately remove and contain contaminated clothing
- Do not use bleach on potentially exposed skins.
- Remain in safe, but separate area, isolated from those who are unaffected, until emergency response personnel arrive.

DUSD Emergency Response Plan-Attack or Disturbance

In the event of an emergency involving an attack or disturbance (for example, an active shooter), Delano Union School District will implement Code Red procedures, as per the Standard Emergency Response Protocols, combined with shelter in place and/or evacuation procedures as applicable to the specific circumstances.

(The following is excerpted from “Best Practice Considerations for Schools in Active Shooter and Other Armed Assailant Drills,” National Association of School Psychologists and National Association of School Resource Officers, April 2017.)

Active shooter situations are unpredictable and evolve quickly. Typically, the immediate deployment of law enforcement is required to stop the shooting and mitigate harm to victims.

Because active shooter situations are often over within 10 to 15 minutes, before law enforcement arrives on the scene, individuals must prepare both mentally and physically to deal with an active shooter situation.

GOOD PRACTICES FOR COPING WITH AN ACTIVE SHOOTER SITUATION

- Be aware of your environment and any possible dangers.
- Take note of the two nearest exits in any facility you visit.
- If you are in an office or a classroom, stay there and secure the door.
- If you are in a hallway, get into a room and secure the door.
- As a last resort, attempt to take the shooter down. When the shooter is at close range and you cannot flee, your chance of survival is much greater if you try to incapacitate him/her.
- Call 911 when it is safe to do so.

HOW TO RESPOND WHEN AN ACTIVE SHOOTER IS IN YOUR VICINITY

Quickly determine the most reasonable way to protect your own life and the lives of students and coworkers. Remember that students and visitors will follow the lead of employees and managers during an active shooter situation.

1. Evacuate (“Run”)

If there is an escape path, attempt to evacuate the premises. Be sure to: have an escape route and plan in mind; evacuate regardless of whether others agree to follow; leave your belongings behind; help others escape, if possible; prevent individuals from entering an area where the active shooter may be; keep your hands visible; follow the instructions of any police officers; do not attempt to move wounded people; call 911 when you are safe.

2. Hide out (“Hide”)

If evacuation is not possible, find a place to hide where the active shooter is less likely to find you. Your hiding place should: be out of the active shooter’s view; provide protection if shots are fired in your direction (i.e., an office with a closed and locked door); not trap you or restrict your options for movement.

To prevent an active shooter from entering your hiding place: lock the door; blockade the door with heavy furniture. If the active shooter is nearby: lock the door; silence your cell phone; turn off any source of noise (i.e., radios, television); hide behind large items (i.e., cabinets, desks); remain quiet.

If evacuation and hiding out are not possible: remain calm; dial 911, if possible, to alert police to the active shooter’s location; if you cannot speak, leave the line open and allow the dispatcher to listen.

3. Take action against the active shooter (“Fight”)

As a last resort, and only when your life is in imminent danger, attempt to disrupt and/or incapacitate the active shooter by: acting as aggressively as possible against him/her; throwing items and improvising weapons; yelling; committing to your actions.

DUSD Emergency Response Plan-Attack or Disturbance (Continued)

HOW TO RESPOND WHEN LAW ENFORCEMENT ARRIVES

Law enforcement's purpose is to stop the active shooter as soon as possible. Officers will proceed directly to the area in which the last shots were heard. Officers usually arrive in teams of four; officers may wear regular patrol uniforms or external bulletproof vests, Kevlar helmets, and other tactical equipment. Officers may be armed with rifles, shotguns, handguns. Officers may use pepper spray or tear gas to control the situation. Officers may shout commands, and may push individuals to the ground for their safety.

How to react when law enforcement arrives: remain calm, and follow officers' instructions; put down any items in your hands; immediately raise hands and spread fingers; keep hands visible at all times; avoid making quick movements toward officers such as holding on to them for safety; avoid pointing, screaming, and/or yelling; do not stop to ask officers for help or direction when evacuating, just proceed in the direction from which officers are entering the premises.

Information to provide to law enforcement or 911 operator: location of the active shooter; number of shooters, if more than one; physical description of shooter(s); number and type of weapons held by the shooter(s); number of potential victims at the location.

The first officers to arrive on the scene will not stop to help injured persons. Expect rescue teams comprised of additional officers and emergency medical personnel to follow the initial officers. These rescue teams will treat and remove any injured persons. They may also call upon able-bodied individuals to assist in removing the wounded from the premises.

Once you have reached a safe location or an assembly point, you will likely be held in that area by law enforcement until the situation is under control, and all witnesses have been identified and questioned. Do not leave until law enforcement authorities have instructed you to do so.

ADDITIONAL WAYS TO PREPARE FOR AND PREVENT AN ACTIVE SHOOTER SITUATION

Preparedness: ensure that your facility has at least two evacuation routes; post evacuation routes in conspicuous locations throughout your facility; include law enforcement and first responders during training exercises; encourage law enforcement, emergency responders, SWAT teams, K-9 teams, and bomb squads to train for an active shooter scenario at your location.

Prevention: foster a respectful workplace; be aware of indications of workplace violence and take remedial actions accordingly.

Assisting individuals with special needs and disabilities: ensure that emergency plans, evacuation instructions, and any other relevant information address individuals with special needs and/or disabilities; your building should be handicap-accessible, in compliance with ADA requirements.

MANAGING THE CONSEQUENCES OF AN ACTIVE SHOOTER SITUATION

After the active shooter has been incapacitated and is no longer a threat, human resources and/or management should engage in post-event assessments and activities, including: an accounting of all individuals at a designated assembly point to determine who, if anyone, is missing and potentially injured; determining a method for notifying families of individuals affected by the active shooter, including notification of any casualties; assessing the psychological state of individuals at the scene, and referring them to health care specialists accordingly; identifying and filling any critical personnel or operational gaps left in the organization as a result of the active shooter.

DUSD Emergency Response Plan- Bomb Threats

(This section is based on Administrative Regulation 3516.2: Bomb Threats)

To maintain a safe and secure environment for district students and staff, the Superintendent or designee shall ensure that the district's emergency and disaster preparedness plan and/or each school's comprehensive safety plan includes procedures for dealing with bomb threats. He/she also shall provide training regarding the procedures to site administrators, safety personnel, and staff members who customarily handle mail, telephone calls, or email.

RECEIVING THREATS

Any staff member receiving a telephoned bomb threat shall try to keep the caller on the line in order to gather information about the location and timing of the bomb and the person(s) responsible. To the extent possible, the staff member should also take note of the caller's gender, age, any distinctive features of voice or speech, and any background noises such as music, traffic, machinery, or voices.

If the bomb threat is received through the mail system or in writing, the staff member who receives it should handle the letter, note, or package as minimally as possible. If the threat is received through electronic means, such as email or text messaging, the staff member should not delete the message.

RESPONSE PROCEDURES

The following procedure shall be followed when a bomb threat is received:

1. Any employee who receives a bomb threat shall immediately call 911 and also report the threat to the Superintendent or designee. If the threat is in writing, the employee shall place the message in an envelope and take note of where and by whom it was found.
2. Any student or employee who sees a suspicious package shall promptly notify the Superintendent or designee.
3. The Superintendent or designee shall immediately use fire drill signals and initiate standard evacuation procedures as specified in the emergency plan.
4. The Superintendent or designee shall turn off any two-way radio equipment which is located in a threatened building.

Law enforcement and/or fire department staff shall conduct the bomb search. No school staff shall search for or handle any explosive or incendiary device. No one shall reenter the threatened building(s) until the Superintendent or designee declares that reentry is safe based on law enforcement and/or fire department clearance. To the extent possible, the Superintendent or designee shall maintain communications with staff, parents/guardians, the Governing Board, other governmental agencies, and the media during the period of the incident. Following the incident, the Superintendent or designee shall provide crisis counseling for students and/or staff as needed. Any employee or student found to have made a bomb threat shall be subject to disciplinary procedures and/or criminal prosecution.

SUSPICIOUS ITEMS

(This section is based on guidance provided by the Department of Homeland Security)

A suspicious item is any item (e.g., bag, package, vehicle, etc.) that is reasonably believed to contain explosives, an improvised explosive device (IED), or other hazardous material that requires a bomb technician and/or specialized equipment to further evaluate it. Examples that could indicate a bomb include unexplainable wires or electronics, other visible bomb-like components, and unusual sounds, vapors, mists, or odors. Generally speaking, anything that is Hidden, Obviously suspicious, and not Typical (HOT) should be deemed suspicious. In addition, potential indicators for a bomb are threats, placement, and proximity of the item to people and valuable assets.

Not all items are suspicious. An unattended item is an item (e.g., bag, package, vehicle, etc.) of unknown origin and content where there are no obvious signs of being suspicious. Facility search, lock down, or evacuation is not necessary unless the item is deemed to be suspicious.

You may encounter a suspicious item unexpectedly or while conducting a search. If it appears to be a suspicious item, follow these procedures:

DUSD Emergency Response Plan- Bomb Threats

1. Remain calm.
2. Do not touch, tamper with, or move the package, bag, or item.
3. Notify authorities immediately. A) Notify your facility supervisor, such as a manager, operator, or administrator, or follow your facility's standing operating procedure. B) Call 9-1-1 or your local law enforcement if no facility supervisor is available. C) Explain why it is suspicious.
4. Follow instructions. Facility supervisors and/or law enforcement will assess the situation and provide guidance regarding shelter-in-place or evacuation.
5. If no guidance is provided and you feel you are in immediate danger, calmly evacuate the area. Distance and protective cover are the best ways to reduce injury from a bomb.
6. Be aware. There could be other threats or suspicious items.

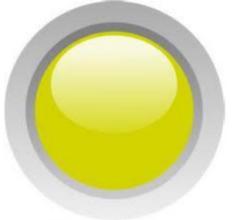

Every situation is unique and should be handled in the context of the facility or environment in which it occurs. Facility supervisors and law enforcement will be in the best position to determine if a real risk is posted and how to respond.

BOMB DETONATION

(This section is based on guidance provided by the Department of Homeland Security)

1. Get under a sturdy table or desk if things are falling around you. When they stop falling, leave quickly, watching for obviously weakened floors and stairways.
2. Do not use elevators.
3. Stay low if there is smoke. Do not stop to retrieve personal possessions or make phone calls.
4. Check for fire and other hazards.
5. Once you are out, do not stand in front of windows, glass doors or other potentially hazardous areas.
6. If you are trapped in debris, use a flashlight, whistle or tap on pipes to signal your location to rescuers.
7. Shout only as a last resort to avoid inhaling dangerous dust.
8. Cover your nose and mouth with anything you have on hand.

DUSD Injury/ Illness Program Home Visit Guide

Delano Union School District staff members are often expected to do home visits as part of their work with students and families. Home visits can be an effective way to connect with students and parents who may be alienated from their school, or be struggling with issues that are preventing them from attending.

Home visiting is an essential intervention to gather information regarding a student's whereabouts, identify and address barriers to attendance and/or achievement, and to connect with students and/or parents/guardians. Home visits give staff an opportunity to express concern and offer support to students and families.

When conducting home visits and other off-site business, DUSD staff shall follow all sign-in and sign-out procedures and are expected to return to the school site prior to the end of work hours, except in an emergency. If staff plans to begin their work day with home visits, staff should notify their supervisor(s) in advance, along with the proposed time the staff will arrive at the school. This protocol is for safety and liability purposes. All staff shall retain copies of their itineraries for their records and for review by their supervisor.

Preparation

- Notify the appropriate administrative or clerical staff of intended home visits and the time you expect to return to your work location.
- Gather and organize student attendance records and any other relevant school records.

DUSD Integrated Pest Management

RETAIN FOR YOUR RECORDS

Structural and landscape pests can pose significant problems to people and the environment. Toxic pest control chemicals can also pose significant problems to people and the environment. It is, therefore, the policy of the Delano Union School District to incorporate Integrated Pest Management (IPM) procedures for the control of structural and landscape pests. Pest problems will be managed by using IPM methods that reduce risk, are effective, and are economically feasible. Pesticides that pose the least possible hazard and are effective in a manner that minimizes risks to people, property, and the environment will be carefully evaluated before use and will only be used after careful monitoring indicates they are needed according to pre-established guidelines and treatment thresholds.

Integrated Pest Management means a pest management strategy that focuses on long-term prevention or suppression of pest problems through a combination of techniques such as monitoring for pest presence and establishing treatment threshold levels, using nonchemical practices to make the habitat less conducive to pest development, improving sanitation, and employing mechanical and physical controls. This program is administered by the Director of Maintenance, Operations and Transportation (M.O.T.).

DUSD Employees with Infectious Disease Board Policy 4219.41

The Board of Trustees encourages each employee to inform the district as soon as possible if he/she contracts an infectious disease which creates a physical or mental disability. The Board will reasonably accommodate the needs of such individuals. The Board may reassign or grant disability leave to an employee who is unable to perform his/her job responsibilities because of illness or because the employee's illness significantly endangers his/her health or safety or the health or safety of others.

No employee will be discriminated against because of his/her disability. Legal protections established for disabled persons extend to individuals significantly impaired by infectious diseases.

When informed that an employee has a disabling infectious disease, the Superintendent or designee may request that the employee sign a release form to provide confidential medical information and records. In determining a reasonable accommodation of the employee's condition, the Superintendent or designee may consult with public health officials or physicians with expertise in the diagnosis and treatment of infectious disease. The Superintendent or designee may also communicate with the employee's physician regarding the employee's ability to perform the essential requirements of the job with reasonable accommodation and without posing significant health or safety risks to the employee or others.

The Superintendent or designee shall prepare a confidential report which includes his/her recommendation and the medical information upon which it is based. These recommendations shall take into consideration:

1. The nature of the disease and the probability of its being transmitted, including the duration and severity of the risk
2. The physical condition of the employee, including diagnosis, treatment, and prognosis of the condition
3. The actual requirements of the employee's job and the expected type of interaction with others in the school setting

This report shall be forwarded to the Board for confidential review and action.

The job assignment of an employee with a disabling infectious disease shall be reevaluated whenever there is a change in medical knowledge or in the employee's medical regimen or health which might affect his/her assignment.

Confidentiality

The Board and the Superintendent or designee shall ensure that employee rights to confidentiality are strictly observed. The district shall disclose medical record information only to the extent required or permitted by law. The medical records of any employee with a disabling infectious disease shall be held in strict confidence.

DUSD Blood Borne Pathogens Training Program

There is a clear national problem related to occupational safety and health for employees exposed to blood borne pathogens. Concerns about AIDS can make a needle stick or other blood exposure alarming. Yet AIDS is not the only blood borne disease you need to worry about, In fact, you are more likely to be infected from an exposure by the hepatitis B virus (HBV), which is just as deadly.

The Occupational Safety and Health Administration (OSHA) issued a standard that, if followed, is designed to protect you. The standard details ways to substantially reduce your risk of contracting a blood borne disease due to an exposure. The standard applies to those employees who, it is reasonable anticipated, could be exposed to blood borne pathogens as a result of performing their job duties.

DISEASES IN THE BLOOD

Diseases in the blood that you might be exposed to include: Non A non B hepatitis; Hepatitis B, C, and D; human immunodeficiency virus (HIV); syphilis and malaria. The two (2) most significant are hepatitis B (HBV) and human immunodeficiency virus (HIV).

Hepatitis

Hepatitis means inflammation of the liver. The hepatitis B virus is the greatest blood borne hazard faced at work. Approximately 8,700 healthcare workers are infected each year resulting in more than 200 deaths. If you become infected with HBV:

- You may have flu-like symptoms. They may be mild or severe.
- You may not have any indication that you are infected.
- Your blood, saliva, and other body fluids may be infectious.
- You may spread the virus to sexual partners, family members, and even unborn infants.

HBV may severely damage the liver, leading to cirrhosis and death.

Human Immunodeficiency Virus

The human immunodeficiency virus (HIV) attacks the body's immune system, causing the disease known as AIDS or Acquired Immune Deficiency Syndrome. Currently, there is no vaccine to prevent infection. A person infected with HIV:

- May carry the virus without developing symptoms for years.
- Will eventually develop AIDS.
- May suffer from flu-like symptoms, fever, diarrhea, and fatigue.
- May develop AIDS-related illnesses including neurological problems, cancer, and other opportunistic infections.

HIV is transmitted primarily through sexual contact, but may also be transmitted through blood and some body fluids. HIV is not transmitted by touching, feeding, or working around people who carry the disease.

HBV, HIV, and other pathogens may be present in:

Body fluids such as:

- Blood
- Saliva
- Semen
- Vaginal Secretions
- Body fluids visibly contaminated with blood

HOW DISEASES CAN BE SPREAD IN THE WORK PLACE

Blood borne pathogens may enter your body and infect you through a variety of means including:

- An accidental injury by a sharp object contaminated with infectious material. Sharps include:

DUSD Blood Borne Pathogens Training Program (Continued)

- Needles
- Razor Blades
- Broken Glass
- Knives
- Scissors
- Dental braces

Anything that can pierce, puncture, or cut your skin.

- Open cuts, nicks, and skin abrasions, even dermatitis and acne, as well as the mucous membranes of your mouth, eyes, or nose.
- Indirect transmission, such as touching a contaminated object or surface and transferring the infectious material to your mouth, eyes, nose, or open skin.

Contaminated environmental surfaces are a major mode of hepatitis B spread in certain settings. HBV can survive on environmental surfaces dried at room temperatures for at least one week. Surfaces and objects can be heavily contaminated by substances without visible signs.

HOW TO MINIMIZE YOUR RISK

The risks of blood borne diseases in the work place are quite serious. You can learn effective ways of minimizing them. A good place to start is with the Delano Union School District's Exposure Control Plan. A copy is available in each school office and at the District Office. It covers:

- Identification of employees covered by the standard.
- Specific measures that must be taken to minimize your risk of exposure.
- Discussion of five (5) major ways to reduce your risks or exposure to blood borne pathogens on the job:
 1. Engineering Controls
 2. Work Practice Controls
 3. Personal Protective Equipment
 4. Housekeeping
 5. Hepatitis B Vaccine

ENGINEERING CONTROLS

There are physical and mechanical systems provided to eliminate hazards at their source. Some examples are:

- Sharps containers at the site of use.
- Personal protective equipment at the site of use (i.e., gloves, barrier packs)

The effectiveness of engineering controls depends on your appropriate use of them!

WORK PRACTICE CONTROLS

There are specific procedures you must follow on the job to reduce your exposure to blood borne pathogens or infectious materials.

Body Substance Isolation

Body Substance Isolation is based on the assumption that all body substances are potentially infectious. You cannot tell by looking if a person has HIB, HBV, or other infections that can infect you.

Body Substance Isolation requires you to treat all body substances as if they are known to be infected with HIV, HBV, or other blood borne pathogens.

Hand Washing

If infectious material gets on your hands, the sooner you wash it off, the less chance you have of becoming infected.

DUSD Blood Borne Pathogens Training Program (Continued)

- Hand washing keeps you from transferring contamination from your hands to other areas of your body or other surfaces you may contact.
- Every time you remove your gloves, you must wash your hands with non-abrasive soap and running water as soon as you possibly can.
- If skin or mucous membranes come in direct contact with blood, wash or flush with water as soon as possible.
- If antiseptic hand cleanser towelettes are available, use them as a temporary measure only. You must still wash your hands with soap and running water as soon as you can.

Personal Hygiene

Additional self-protection control should be followed to protect you:

- Do not eat, drink, apply cosmetics or lip balms or handle contact lenses where you may be exposed to blood or other potentially infectious materials.
- Avoid petroleum-based lubricants that may eat through latex gloves. Applying hand cream is OK if you thoroughly wash your hands first.
- Do not keep food or drinks in refrigerators, freezers, cabinets, or on shelves, countertops, or bench tops where blood or other potentially infectious materials may be present.

Needle sticks

To avoid needle sticks:

- Do not bend, hand-recap, shear, or break contaminated needles or other sharps. As a general rule, do not recap needles by hand. Recap or remove contaminated needles from disposable syringes only when medically necessary. To recap needles, use a mechanical device or a one-handed technique.
- Place contaminated sharps in an approved container immediately after use.
- Report any sharp containers that are mounted too high or are not easily accessible.

PERSONAL PROTECTIVE EQUIPMENT

Equipment that protects you from contact with potentially infectious materials may include gloves, masks, gowns, aprons, lab coats, face shields, protective eyewear, mouthpieces, resuscitation bags, or other ventilation devices.

Under normal work conditions, protective equipment must not allow potentially infectious materials to contact your work clothes, street clothes, undergarments, skin, or mucous membranes. The type of protective equipment appropriate for a given task depends on the degree of exposure you anticipate.

Wear gown, gloves, and eye protection when splash, spray, splatter, or droplets of body substance may be reasonably expected (available on Blood Borne Pathogen Emergency Kit).

Wear gown and gloves when clothing or skin may be reasonably exposed to body substance (available in Blood Borne Pathogens Emergency Kit).

Wear gloves, foot covers, mask and eye protection when large amounts of blood may be encountered (available in Blood Borne Pathogens Emergency Kit).

Use resuscitation devices. Avoid unprotected mouth-to-mouth resuscitation.

Gloves

Gloves act as a barrier between your hands and body substances. Latex gloves are used for first aid emergencies.

DUSD Blood Borne Pathogens Training Program (Continued)

- Gloves must be worn when contact with blood, potentially infectious materials, mucous membranes, or non-intact skin is anticipated.
- Cuts should be covered before gloving.
- Replace gloves as soon as possible if contaminated, torn, punctured or contaminated in any way. *Never wash or reuse gloves.*

Remove gloves in the following manner to prevent contamination of hands:

- Peel one glove off from wrist and hold it in the gloved hand.
- Peel the second glove off from the inside, tucking the first glove inside the second.
- Dispose of gloves in waste container before leaving the area.
- Wash your hands thoroughly after removing gloves.

HOUSEKEEPING

- Good housekeeping protects everyone, and it is everyone's responsibility.
- Equipment and work surfaces are cleaned daily.
- Place infectious waste in red bags marked with the BIOHAZARD label.
- Handle all soiled materials as potentially infectious.

Biohazard

Bags or containers bearing the BIOHAZARD label tell you when the containers hold blood or other potentially infectious materials. Warning labels are also used to designate contaminated equipment.

HBV VACCINATION

- The hepatitis B vaccine is available to all employees of the Delano Union School District who have been determined to be at risk for exposure to blood/body fluids. There is no cost to the employee.
- The vaccine is a yeast derivative and not made from human serum. It is given over six (6) months in a series of three (3) injections.
- The complete series of vaccines is 85%-97% effective in protecting you from getting the disease or becoming a carrier. It is effective for nine (9) years or longer.

You **SHOULD NOT** be vaccinated if:

- You have had the vaccine in the past.
- Your antibody test has revealed that you are immune.
- You are advised by your personal physician not to get the vaccine for medical reasons.

If you have any questions or comments regarding this information, please contact the Coordinator of Health Services:

In pursuit of this goal, the following Exposure Control Plan (“ECP”) is provided to eliminate or minimize occupational exposure to bloodborne pathogens in accordance with OSHA standard 29 CFR 1910.1030, “Occupational Exposure to Bloodborne Pathogens.” The ECP is a key document to assist our district in implementing and ensuring compliance with the standard, thereby protecting our employees. This ECP includes

- Determination of employee exposure
- Implementation of various methods of exposure control, including: Universal precautions, Engineering and work practice controls, Personal protective equipment, Housekeeping
- Hepatitis B vaccination
- Post-exposure evaluation and follow-up
- Communication of hazards to employees and training
- Recordkeeping
- Procedures for evaluating circumstances surrounding exposure incidents
- Implementation methods for these elements of the standard are discussed in the subsequent pages of this ECP.

PROGRAM ADMINISTRATION

- The Director of Health Services, in partnership with the District Employee Safety Committee, is responsible for implementation of the ECP. The District Employee Safety Committee will maintain, review, and update the ECP at least annually, and whenever necessary to include new or modified tasks and procedures.

Universal Precautions

All employees will utilize universal precautions.

Exposure Control Plan

Employees covered by the bloodborne pathogens standard receive an explanation of this ECP in their annual employee handbook and or during their initial training session. It will also be reviewed at the beginning of each academic school year. If requested, the district will provide an employee with a copy of the ECP free of charge and within 15 days of the request.

DUSD Engineering Controls and Work Practices

Engineering controls and work practice controls will be used to prevent or minimize exposure to bloodborne pathogens. The specific engineering controls and work practice controls used are listed below:

- Hand washing
- Locked Wall Mounted Sharps containers
- Single use Vanishing Needles for immunization clinics

Sharps disposal containers are inspected and maintained or replaced by the Health Services Department annually or whenever necessary to prevent overfilling. This facility identifies the need for changes in engineering controls and work practices through (examples: Review of OSHA records, employee interviews, committee activities, etc.). We evaluate new procedures and new products regularly.

Both district staff and administration officials are involved in this process through representation on the District Employee Safety Committee.

The Director of Health Services is responsible for ensuring that these recommendations are implemented.

DUSD Personal Protective Equipment (PPE)

PPE is provided to our employees at no cost to them. Training in the use of the appropriate PPE for specific tasks or procedures is provided by the Director of Health Services. The types of PPE available to employees are as follows:

- Latex free gloves

PPE is located in each office and may be obtained through MOT, special education and Health Services. Employees may obtain PPE from their direct supervisor who is responsible for ensuring that PPE is available. All employees using PPE must observe the following precautions:

- Wash hands immediately or as soon as feasible after removing gloves or other PPE.
- Remove PPE after it becomes contaminated and before leaving the work area.
- Used PPE may be disposed of in a lined waste basket
- Wear appropriate gloves when it is reasonably anticipated that there may be hand contact with blood or OPIM, and when handling or touching contaminated items or surfaces; replace gloves if torn, punctured or contaminated, or if their ability to function as a barrier is compromised.
- Utility gloves may be decontaminated for reuse if their integrity is not compromised; discard utility gloves if they show signs of cracking, peeling, tearing, puncturing, or deterioration.
- Never wash or decontaminate disposable gloves for reuse.
- Remove immediately or as soon as feasible any garment contaminated by blood or OPIM, in such a way as to avoid contact with the outer surface.

The procedure for handling used PPE is as follows:

Housekeeping

Regulated waste is placed in containers which are closable, constructed to contain all contents and prevent leakage, appropriately labeled or color-coded (see the following section “Labels”), and closed prior to removal to prevent spillage or protrusion of contents during handling.

The procedure for handling sharps disposal containers is: Sharps containers must be replaced when reaching the fill line on the label, approximately $\frac{3}{4}$ full. Do NOT overfill containers. Before sharps containers are removed or replaced, they must be closed to prevent spilling the contents. Call Health Services for disposal and replacement of the container.

The procedure for handling other regulated waste is:

Contaminated sharps are discarded immediately or as soon as possible in containers that are closable, puncture-resistant, leak proof on sides and bottoms, and appropriately labeled or color coded. Sharps disposal containers are available on each campus in the nurses office.

Surfaces are cleaned and decontaminated as soon as feasible after visible contamination. Broken glassware that may be contaminated is only picked up using mechanical means, such as a brush and dustpan.

Laundry

The following contaminated articles will be laundered:

- Fabric curtains in school nurse stations.
- Dry dust mops and wet mops.
- Other articles that may become contaminated in specific situations.

Laundering will be performed by an outside vendor (external laundering facility).

DUSD Personal Protective Equipment (PPE)

The following laundering requirements must be met:

- Handle contaminated laundry as little as possible, with minimal agitation.
- Place wet contaminated laundry in leak-proof, labeled or color-coded containers before transport. Use bags marked with the biohazard symbol) for this purpose.
- Wear the following PPE when handling and/or sorting contaminated laundry:
 - Latex free gloves.

Labels

Employees are to notify the Director of Health Services if they discover regulated waste containers, OPIM, contaminated equipment, etc., without proper labels.

See appendix B for a list of the district's labeling requirements by item.

DUSD- Hepatitis B. Vaccination

The Director of Health Services will provide training to employees on hepatitis B vaccinations, addressing safety, benefits, efficacy, methods of administration, and availability. The hepatitis B vaccination series is available at no cost after initial employee training and within 10 days of initial assignment to all employees identified in the exposure determination section of this plan. Vaccination is encouraged unless:

- 1) documentation exists that the employee has previously received the series,
- 2) antibody testing reveals that the employee is immune, or
- 3) Medical evaluation shows that vaccination is contraindicated.

However, if an employee declines the vaccination, the employee must sign a declination form (see “HEPATITIS B VACCINE DECLINATION” form in appendix A). Employees who decline may request and obtain the vaccination at a later date at no cost. Documentation of refusal of the vaccination is kept at the office of the Director of Health Services.

Vaccination will be provided by the public health department.

Following the medical evaluation, a copy of the health care professional’s written opinion will be obtained and provided to the employee within 15 days of the completion of the evaluation. DUSD BBP ECP 6/11/18 It will be limited to whether the employee requires the hepatitis vaccine and whether the vaccine was administered.

POST-EXPOSURE EVALUATION AND FOLLOW-UP

Should an exposure incident occur, contact the Director of Health Services at 661-721-7036.

An immediately available confidential medical evaluation and follow-up will be conducted by district contracted workers compensation doctor who will follow centers for disease control and prevention guidelines (CDC) (Following initial first aid (clean the wound, flush eyes or other mucous membrane, etc.), the following activities will be performed:

- Document the routes of exposure and how the exposure occurred.

ADMINISTRATION OF POST-EXPOSURE EVALUATION AND FOLLOW-UP

The Director of Health Services ensures that health care professional(s) responsible for employee’s hepatitis B vaccination and post-exposure evaluation and follow-up are given a copy of OSHA’s bloodborne pathogens standard.

After meeting with the employee or considering the employee's written response, if the Skelly officer determines that the recommended discipline should proceed, the Superintendent or designee shall send the employee a notice of the recommended disciplinary action, a statement of charges, and the results of the Skelly review process. The notice shall include a statement advising the employee of the right to request a Board hearing on the matter.

When a matter is heard by a third-party hearing officer, the Board shall review the determination and adopt or reject the recommended decision. (Education Code 45113)

When any matter involves an allegation of egregious misconduct as defined in Education Code 44932 and involves a witness who is a minor, the matter shall be referred to an administrative law judge to determine whether sufficient cause exists for disciplinary action against the employee. In such cases, the ruling of the administrative law judge shall be binding on the district and the employee. (Education Code 45113)

DUSD Code of Ethics

Classified Employees

School employees who are in daily contact with many phases of educational work should be persons whose conduct is beyond reproach and who sincerely believe in the advancement of education and the betterment of working conditions; therefore, the California School Employees' Association proposes this Code of Ethics as a standard for its members.

1. Be proud of my vocation in order that I may use my best endeavors to elevate the standards of my position so that I may merit a reputation for high quality of service -- to the end that others may emulate my example.
2. Be a person of integrity, clean speech, desirable personal habits, and physical fitness.
3. Be just in my criticism and be generous in my praise; to improve and not destroy.
4. At all times be courteous in my relations with students, parents, teachers and others.
5. Be a resourceful person who readily adapts himself to different kinds of work and changed conditions and finds better ways to do things.

SCREEN YOUR TEEN SAVE A LIFE

The EP Save A Life Foundation is committed to preventing SCA in young people through awareness, education and action. Saving lives is paramount to our mission and prevention is our goal.

What Is Sudden Cardiac Arrest?

Sudden Cardiac Arrest (SCA) is not a heart attack. It's an abnormality in the heart's electrical system that abruptly stops the heartbeat. It's caused by an undetected congenital or genetic heart condition.

First Symptom May Be Death

Possible Warning Signs: Unexplained fainting, shortness of breath, lightheadedness, chest pain, heart palpitations, family history of SCA or unexplained sudden death under the age of 50.

1 in 100 Youth At Risk

SCA is the #2 killer of youth under 25. These youth could've been saved with a simple EKG, but EKGs are not a part of a well-child or pre-sports exam.

1 Athlete Dies Every 3 Days

SCA is 60% more likely to occur during exercise or sports activity, so athletes are at greater risk. SCA is also the leading cause of death on school campuses.

Time Critical

If not properly treated within minutes, SCA is fatal in 92% of cases.

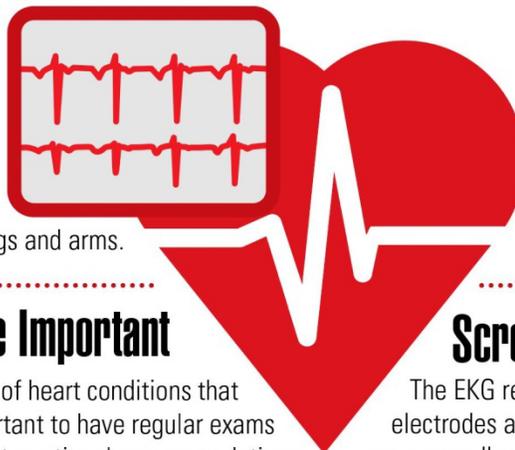

An Automated External Defibrillator Can Save Lives

An automated external defibrillator (AED) used within the first five minutes is the only way to restore normal heart activity to an SCA victim. The average arrival time for EMTs is six to 12 minutes. We need more AEDs and training so anyone can react quickly.

What Is An EKG?

An EKG measures your heart rate and electrical activity through electrodes attached via small patches with a mild adhesive to the chest, legs and arms.

Screening Results

Always follow up with your family doctor and add this baseline EKG to your child's medical chart. If the EKG is abnormal, be sure to see your doctor within two weeks for follow-up testing and treatment.

Regular Exams Are Important

An EKG can only detect 60% of heart conditions that put teens at risk, so it's important to have regular exams with your family physician. International recommendations are to repeat the EKG every other year through age 25.

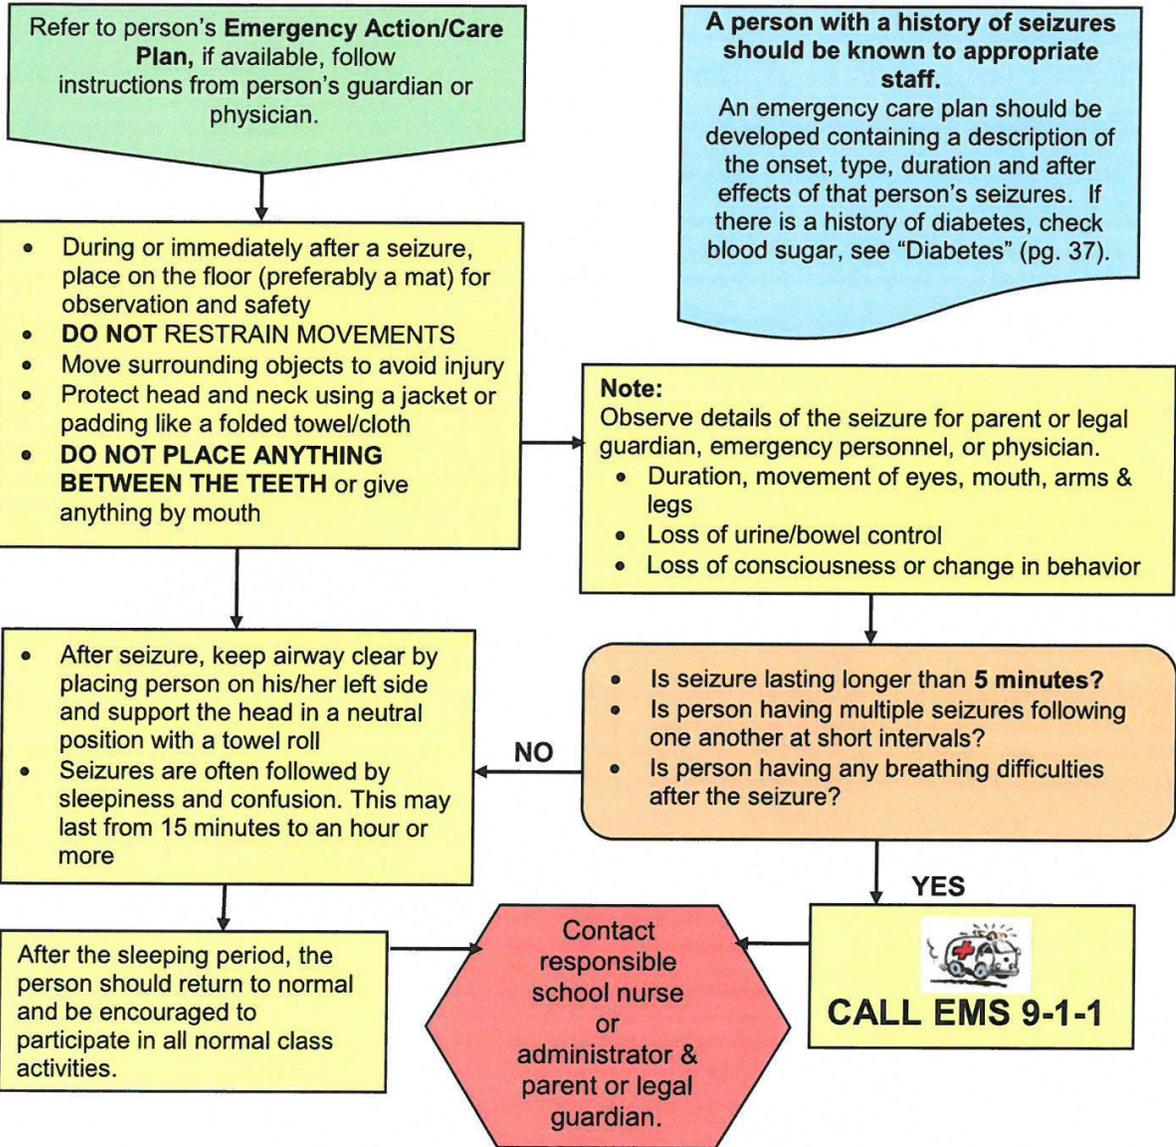

Screenings Are Painless

The EKG reads your heartbeat from electrodes attached to your body. There are no needles or x-ray exposure. It takes just a few minutes and is completely painless.

DUSD HEALTH EXAMINATIONS Board Policy 4212.4

Continuing Employees

Continuing employees shall undergo periodic tuberculosis tests once every four years in accordance with law. (Education Code 49406)

The Board of Trustees is concerned about the prevalence of tuberculosis in our community and may require continuing employees to undergo tuberculosis tests when warranted upon the recommendation of the local health officer.

Employees may be required to pass a physical and/or psychological examination any time such an examination appears necessary to preserve the health and welfare of district students and employees or to furnish medical proof of physical or mental ability to perform satisfactorily the assigned duties of an individual's position. (Education Code 44839, 45122)

DUSD Drug and Alcohol Testing for School Bus Drivers Board Policy/Administrative Regulation 4212.42

The Governing Board desires to ensure that district-provided transportation is safe for students, staff, and the public. To that end, the Superintendent or designee shall establish a drug and alcohol testing program designed to prevent the operation of buses or the performance of other safety-sensitive functions by a driver who is under the influence of drugs or alcohol, including a driver of a school bus, student activity bus, or other school transportation vehicle or any other employee who holds a commercial driver's license which is necessary to perform duties related to district employment.

A driver shall not report for duty or remain on duty when the driver has used any drug listed in 21 CFR 1308.11. A driver is also prohibited from reporting for duty or remaining on duty when the driver has used any drug listed in 21 CFR 1308.12-1308.15, unless the driver is using the drug under the direction of a physician who has advised the driver that the substance will not adversely affect the driver's ability to safely operate a bus. (49 CFR 382.213)

In addition, a driver shall not consume alcohol while on duty and/or performing safety-sensitive functions, or for four hours prior to on-duty time. (49 CFR 382.205, 382.207)

Drivers shall submit to drug and alcohol testing as required under federal law and specified in the accompanying administrative regulation. The district's testing program for drivers shall include pre-employment drug testing and reasonable suspicion, random, post-accident, return-to-duty, and follow-up drug and alcohol testing of drivers. (49 USC 31306; 49 CFR 382.301-382.311)

The Board shall contract for testing services upon verifying that the personnel are appropriately qualified and/or certified and that testing procedures conform to federal regulations.

Except as otherwise provided by law, the Superintendent or designee shall not release individual test results or medical information about a driver to a third party without the driver's specific written consent. (49 CFR 40.321)

DUSD Drug and Alcohol Testing for School Drivers BP/AR 4212.42 (Continued)

Consequences Based on Test Results

No driver shall be temporarily removed from the performance of safety-sensitive functions based only on a laboratory report of a confirmed positive test for a drug or drug metabolite before the certified medical review officer has completed verification of the test results, unless the district has obtained a waiver from the Federal Motor Carrier Safety Administration. (49 CFR 40.3, 40.21, 382.107, 382.119)

Any driver for whom the district receives a verified positive drug test result or who is found to have a blood alcohol concentration of 0.04 or higher shall be immediately removed from performing safety-sensitive functions in accordance with 49 CFR 40.23 and 382.211. An alcohol concentration between 0.02 and 0.04 requires temporary removal of the bus driver for a 24-hour period following the test. Any driver who refuses to take a required drug or alcohol test shall not be permitted to perform or continue to perform safety-sensitive functions. (49 CFR 40.23, 382.211)

Not later than five days after receiving notification of the test result or refusal to comply, the Superintendent or designee shall report any refusal, failure to comply, or positive test result to the California Department of Motor Vehicles (DMV) using a form approved by the DMV. (Vehicle Code 13376)

A driver who has violated federal drug and alcohol regulations may be subject to disciplinary action up to and including dismissal in accordance with law, administrative regulations, and the district's collective bargaining agreement.

Any driver provided with an opportunity to return to a safety-sensitive duty following a violation shall be evaluated by a qualified substance abuse professional and complete the evaluation recommendations before returning to such duty. (49 CFR 40.289)

If the substance abuse professional recommends that further and ongoing services are needed to assist the driver to maintain sobriety or abstinence from drug use, the Superintendent or designee shall require the driver to participate in the recommended services as part of a return-to-duty agreement and shall monitor the driver's compliance. Any drop from a rehabilitation or return-to-duty program or a subsequent positive test result shall be reported to the

DMV. (Vehicle Code 13376; 49 CFR 40.285, 40.287, 40.303, 382.605)

Voluntary Self-Identification

Whenever a driver admits to alcohol or drug misuse under the district's voluntary self-identification program, the Superintendent or designee shall ensure all of the following: (49 CFR 382.121)

1. No adverse action shall be taken against the driver by the district.
2. The driver shall be allowed sufficient opportunity to seek evaluation, education, or treatment to establish control over the drug or alcohol problem.
3. The driver shall be permitted to participate in safety-sensitive functions only after:
 - a. Successfully completing an education or treatment program, as determined by a drug and alcohol abuse evaluation expert, such as an employee assistance professional, substance abuse professional, or qualified drug and alcohol counselor
 - b. Undergoing a return-to-duty test with a result indicating an alcohol concentration of less than 0.02 and/or a verified negative result for drug use

A driver who admits to alcohol or drug misuse shall not be subject to federal requirements related to referral, evaluation, and treatment, provided that the driver does not self-identify in order to avoid drug or alcohol testing, makes the admission prior to performing a safety-sensitive function, and does not perform a safety-sensitive function until the driver has been evaluated and has successfully completed education or treatment requirements in accordance with program guidelines. (49 CFR 382.121)

DUSD Drug and Alcohol Testing for School Drivers BP/AR 4212.42 (Continued)

Definitions

For purposes of drug testing required by the U.S. Department of Transportation (DOT), *drugs* include marijuana, cocaine, amphetamines, phencyclidine (PCP), and opioids. (49 CFR 40.3, 40.85, 382.107)

Alcohol concentration (or content) means the alcohol in a volume of breath expressed in terms of grams of alcohol per 210 liters of breath as indicated by an evidential breath test. (49 CFR 40.3, 382.107)

Safety-sensitive function means all time from the time the driver begins to work or is required to be in readiness to work until the time the driver is relieved from work and all responsibility for performing work. Safety-sensitive functions include, but are not limited to, all time driving or otherwise in the bus or other school transportation vehicle; waiting at a district facility to be dispatched; inspecting, servicing, or conditioning the vehicle or vehicle equipment; loading or unloading the vehicle; supervising or assisting in the loading or unloading of the vehicle; and repairing, obtaining assistance, or remaining in attendance upon a disabled vehicle. (49 CFR 382.107)

Designated Employer Representative

The Superintendent or designee shall identify a designated employer representative who is authorized to take immediate action to remove drivers from safety-sensitive functions and to make required decisions in the testing and evaluation processes. The designated employer representative shall also be responsible for receiving test results and other communications. The name and telephone number of the designated employer representative shall be provided to the testing contractor to contact about any problems or issues that may arise during the testing process. (49 CFR 40.35, 40.215)

Pre-employment Testing

When hiring a new driver, the Superintendent or designee shall, with the driver's written consent, conduct a pre-employment query using the Commercial Driver's License Drug and Alcohol Clearinghouse to obtain information about whether the driver has committed a violation of federal drug or alcohol regulations. (49 CFR 382.701)

The Superintendent or designee shall also, with the driver's consent, request the driver's past drug and alcohol testing record, as specified in 49 CFR 40.25 and 382.413, from any employer who has employed the driver at any time during the previous three years. To the extent practicable, the Superintendent or designee shall obtain and review such information before the driver first performs safety-sensitive functions. In addition, the Superintendent or designee shall ask the driver if there was a positive test, or a refusal to test, on any pre-employment drug or alcohol test that was administered during the past two years in the course of applying for another safety-sensitive transportation position that was not obtained. (49 CFR 40.25, 382.413)

The driver shall not be permitted to perform safety-sensitive functions if the driver refuses to provide consent to obtain the information from previous employers or from the Clearinghouse; the information from previous employers is not received within 30 days of the date on which the driver first performed safety-sensitive functions for the district; or the driver, the Clearinghouse, or a previous employer reports a violation of a drug or alcohol regulation without subsequent completion of the return-to-duty process. (49 CFR 40.25, 382.413, 382.701, 382.703)

A driver whom the district intends to hire or use shall undergo testing for drugs and receive a verified negative test result prior to the first time the driver performs safety-sensitive functions for the district. This testing requirement may be waived if all of the following conditions exist: (49 CFR 382.301)

1. The driver has participated in a qualified drug testing program within the previous 30 days.
2. While participating in the program, the driver either was tested within the past six months from the date of application or participated in a random drug testing program for the previous 12 months from the date of application.
3. No prior employer of the driver of whom the district has knowledge has records of the driver's violation of

DUSD Drug and Alcohol Testing for School Drivers BP/AR 4212.42 (Continued)

federal drug testing regulations within the previous six months.

The Superintendent or designee shall contact the testing program(s) in which the driver has participated and obtain information about the program and the driver's participation as specified in 49 CFR 382.301.

In addition, the Superintendent or designee shall require the driver to undergo pre-employment alcohol testing in accordance with the procedures in 49 CFR 40.1-40.605 and to receive a test result indicating an alcohol concentration of less than 0.04. (49 CFR 382.301)

Post-Accident Testing

As soon as practicable following an accident involving a school bus or student activity bus, the Superintendent or designee shall ensure that the driver involved is tested for alcohol and/or drugs under either of the following conditions: (49 CFR 382.303)

1. The accident involved loss of human life.
2. The driver receives a citation for a moving traffic violation within eight hours of the accident and the accident involved bodily injury to a person who required immediate medical treatment away from the scene of the accident and/or disabling damage to one or more vehicles requiring towing.

The Superintendent or designee shall attempt to administer a required alcohol test up to eight hours following the accident and/or a drug test up to 32 hours following the accident. The results of an alcohol or drug test conducted by federal, state, or local officials having independent authority for the test shall be considered to meet this requirement. If the alcohol test is not administered within two hours following the accident, or the test for drugs is not administered within 32 hours following the accident, the Superintendent or designee shall make a record stating the reasons the test was not promptly administered. (49 CFR 382.303)

No driver required to take a post-accident alcohol test pursuant to 49 CFR 382.303 shall use alcohol for eight hours following the accident or until the driver undergoes a post-accident alcohol test, whichever occurs first. (49 CFR 382.209)

Random Testing

The Superintendent or designee shall ensure that random, unannounced drug and alcohol tests of bus drivers are conducted on testing dates reasonably spread throughout the year.

Such tests shall be unannounced and conducted during, immediately before, or immediately after the performance of safety-sensitive functions. (49 CFR 382.305)

The Superintendent or designee shall ensure that the percentage of district drivers randomly tested for drugs and alcohol meets or exceeds the minimum annual percentage rates specified in 49 CFR 382.305 or subsequently published in the Federal Register.

Each driver selected for random testing shall have an equal chance of being tested each time selections are made. (49 CFR 382.305)

Each driver who is selected for testing shall proceed to the test site immediately or, if performing a safety-sensitive function other than driving a bus, then as soon as possible after ceasing that function. (49 CFR 382.305)

Reasonable Suspicion Testing

A driver shall be required to submit to a drug or alcohol test whenever the Superintendent or designee has reasonable suspicion that the driver has violated the prohibitions against the use of drugs or alcohol. Such reasonable suspicion shall be based on specific, contemporaneous, articulable observations, conducted during, immediately before, or immediately after the performance of safety-sensitive functions, concerning the driver's appearance, behavior, speech, and/or body odors. Reasonable suspicion of drug use may also include indications of the chronic and withdrawal effects of drugs. (49 CFR 382.307)

The person who makes the required observations for reasonable suspicion testing for drugs or alcohol shall be trained in accordance with 49 CFR 382.603. The person who makes the determination that reasonable suspicion exists to conduct an alcohol test shall not be the same person who conducts the alcohol test. (49 CFR 382.307)

DUSD Drug and Alcohol Testing for School Drivers BP/AR 4212.42 (Continued)

Within 24 hours of the observed behavior or before the results of the drug or alcohol test are released, whichever is earlier, a written record of the observations leading to a reasonable suspicion test shall be made and signed by the person who made the observations. (49 CFR 382.307)

An alcohol test required as a result of reasonable suspicion shall be administered within eight hours following the determination of reasonable suspicion. If the test is not administered within two hours, the Superintendent or designee shall prepare and maintain on file a record stating the reasons the test was not promptly administered. (49 CFR 382.307)

In the absence of a reasonable suspicion alcohol test, the district shall take no action against a driver based solely on the driver's behavior and appearance, except that the driver shall not be allowed to report for or remain on safety-sensitive functions until an alcohol test is administered and the results show a concentration less than 0.02 or 24 hours have elapsed following the determination of reasonable suspicion. (49 CFR 382.307)

Return-to-Duty Testing

Note: Pursuant to 49 CFR 40.305, the district may return a driver to safety-sensitive functions after the driver completes required education and treatment services as described in the accompanying Board policy and a return-to-duty drug or alcohol test. Such personnel decisions may be subject to collective bargaining or other legal requirements.

The Superintendent or designee may permit a driver who has violated federal drug or alcohol regulations to return to safety-sensitive functions after the driver has successfully complied with the education and treatment services prescribed by a substance abuse professional and has taken a return-to-duty drug or alcohol test. The driver shall not resume performance of safety-sensitive functions unless the drug test shows a negative result and/or the alcohol test shows a concentration of less than 0.02. (49 CFR 40.305, 382.309)

Follow-Up Testing

Upon receiving a written follow-up testing plan from a substance abuse professional, the Superintendent or designee shall determine the actual dates for follow-up testing consistent with those recommendations and shall ensure that such tests are unannounced and follow no discernable pattern as to their timing. No additional tests beyond those included in the plan shall be imposed by the district. (49 CFR 40.307-40.309, 382.111)

Mandatory Reporting and Annual Queries to the Drug and Alcohol Clearinghouse

The Superintendent or designee shall report to the Clearinghouse any violation of federal drug and alcohol regulations, any refusal to test, and other required information by the close of the third business day following the date on which the information was obtained. (49 CFR 382.705)

The Superintendent or designee shall conduct a query using the Clearinghouse at least once a year for all drivers to determine whether information exists in the Clearinghouse about the drivers. (49 CFR 382.701)

In lieu of a full query, the Superintendent or designee may obtain the individual driver's consent to conduct a limited query that is effective for more than one year and informs the district about whether there is information about the driver in the Clearinghouse without releasing that information to the district. If the limited query shows that information exists in the Clearinghouse about the individual driver, the Superintendent or designee shall conduct a full query within 24 hours of conducting the limited query. If a full query is not conducted within 24 hours, the driver may not perform any safety-sensitive function until the results from a full query confirm that the driver may perform such functions. (49 CFR 382.701)

A driver may not perform any safety-sensitive function if the results of a Clearinghouse query demonstrate that the driver has committed a violation of federal drug or alcohol regulations. (49 CFR 382.701)

Notifications

The Superintendent or designee shall provide each driver with materials explaining the federal regulations and the district's policy and procedure related to drug and alcohol testing and shall notify representatives of employee organizations of the availability of this information. This information shall include a detailed discussion of at least the following: (49 CFR 382.113, 382.303, 382.601)

DUSD Drug and Alcohol Testing for School Drivers BP/AR 4212.42 (Continued)

1. The identity of the person designated by the district to answer driver questions about the materials
2. The categories of drivers who are subject to drug and alcohol testing
3. Sufficient information about the safety-sensitive functions performed by those drivers to make clear what period of the workday the driver is required to be in compliance
4. Specific information concerning prohibited driver conduct
5. The circumstances under which a driver will be tested for drugs and/or alcohol, including post-accident testing
6. The procedures that will be used to test for the presence of drugs and alcohol, protect the driver and the integrity of the testing processes, safeguard the validity of the test results, and ensure that those results are attributed to the correct driver
7. The requirement that a driver submit to drug and alcohol tests
8. An explanation of what constitutes a refusal to submit to a drug or alcohol test and the attendant consequences
9. The consequences for drivers found to have violated the prohibitions against drug or alcohol use, including the circumstances under which drivers will be removed immediately from safety-sensitive functions and the requirements for education, treatment, and return-to-duty testing
10. The consequences for drivers found to have a blood alcohol concentration between 0.02 and 0.04
11. Information concerning the effects of drug and alcohol use on an individual's health, work, and personal life; signs and symptoms of a drug or alcohol problem (the driver's or a co-worker's); and available methods of intervening when a drug or alcohol problem is suspected, including confrontation, referral to any employee assistance program, and/or referral to management
12. The requirement that personal information collected and maintained pursuant to 49 CFR 382 shall be reported to the Clearinghouse

Each driver shall sign a statement certifying receipt of a copy of the above materials. The Superintendent or designee shall maintain the original of the signed certificate and may provide a copy of the certificate to the driver. (49 CFR 382.601)

In addition, prior to administering each alcohol or drug test, the driver shall be notified that the test is required pursuant to Title 49, Part 382, of the Code of Federal Regulations. (49 CFR 382.113)

The driver shall be notified of the results of drug and alcohol tests in accordance with 49 CFR 382.411.

Records

The Superintendent or designee shall maintain records of the district's drug and alcohol testing program in accordance with 49 CFR 40.333 and 382.401. Such records shall be maintained in a secure location with controlled access and shall be disclosed only in accordance with 49 CFR 382.405.

DUSD Criminal Record Check Administrative Regulation 4212.5

The Superintendent or designee shall not hire or retain in employment, in a certificated or classified position, a person who has been convicted of a violent or serious felony as defined in Penal Code 667.5(c) or 1192.7(c), a controlled substance offense as defined in Education Code 44011, or a sex offense as defined in Education Code 44010. However, the Superintendent or designee shall not deny or terminate employment if

1. The conviction for a violent or serious felony, controlled substance offense, or sex offense is reversed and the person is acquitted of the offense in a new trial or the charges against the person are dismissed, unless the sex offense for which the conviction is dismissed pursuant to Penal Code 1203.4 involves a victim who was a minor.
2. A person convicted of a violent or serious felony has obtained a certificate of rehabilitation or a pardon.
3. A person who has been convicted of a serious felony, that is not also a violent felony, proves to the sentencing court that he/she has been rehabilitated for purposes of school employment for at least one year.
4. A person who has been convicted of a controlled substance offense is applying for or is employed in a certificated position and has a credential issued by the Commission on Teacher Credentialing.
5. A person who has been convicted of a controlled substance offense is applying for or is employed in a classified position and has been determined by the Governing Board, from the evidence presented, to have been rehabilitated for at least five years.

A certificated employee may be hired by the district without obtaining a criminal record summary if that employee is employed as a certificated employee in another California school district and became a permanent employee of another California school district as of October 1, 1997.

The Superintendent or designee shall not issue a temporary certificate of clearance to a person whose application for a credential, certificate, or permit is being processed by the Commission on Teacher Credentialing if that person has been convicted of a violent or serious felony, unless the person is otherwise exempt pursuant to Education Code 44332.6 or 44830.1. (Education Code 44332.5, 44332.6)

Pre-Employment Record Check

The Superintendent or designee shall require each person to be employed by the district to submit his/her fingerprints electronically through the Live Scan system so that a criminal record check may be conducted by the Department of Justice (DOJ). The Superintendent or designee shall provide the applicant with a Live Scan request form and a list of nearby Live Scan locations.

When a person is applying for a classified position, the Superintendent or designee shall request that the DOJ also obtain a criminal record check through the Federal Bureau of Investigation whenever the applicant meets one of the following conditions: (Education Code 45125)

1. The applicant has not resided in California for at least one year immediately preceding the application for employment.
2. The applicant has resided in California for more than one year, but less than seven years, and the DOJ has ascertained that the person was convicted of a sex offense where the victim was a minor or a drug offense where an element of the offense is either the distribution to or the use of a controlled substance by a minor.

The Superintendent or designee shall immediately notify the DOJ when an applicant who has submitted his/her fingerprints to the DOJ is not subsequently employed by the district. (Penal Code 11105.2)

Subsequent Arrest Notification

The Superintendent or designee shall enter into a contract with the DOJ to receive notification of subsequent arrests resulting in conviction of any person whose fingerprints have been submitted to the DOJ. (Education Code 44830.1, 45125; Penal Code 11105.2)

Upon telephone or email notification by the DOJ that a current temporary employee, substitute employee, or probationary employee serving before March 15 of his/her second probationary year has been convicted of a

DUSD Criminal Record Check AR 4212.5 (Continued)

violent or serious felony, the Superintendent or designee shall immediately place that employee on leave without pay. (Education Code 44830.1, 45122.1)

When the district receives written electronic notification by the DOJ of the fact of conviction, the temporary employee, substitute employee, or probationary employee serving before March 15 of his/her second probationary year shall be terminated automatically unless the employee challenges the DOJ record and the DOJ withdraws its notification in writing. Upon receipt of the written withdrawal of notification by the DOJ, the Superintendent or designee shall immediately reinstate that employee with full restoration of salary and benefits for the period of time from the suspension without pay to the reinstatement if the employee is still employed by the district. (Education Code 44830.1, 45122.1)

The Superintendent or designee shall immediately notify the DOJ whenever a person whose fingerprints are maintained by the DOJ is terminated. (Penal Code 11105.2)

Notification of Applicant/Employee

The Superintendent or designee shall expeditiously furnish a copy of any DOJ notification to the applicant or employee to whom it relates if the information is a basis for an adverse employment decision. The copy shall be delivered in person or to the last contact information provided by the applicant or employee.

Maintenance of Records

The Superintendent shall designate at least one custodian of records who shall be responsible for the security, storage, dissemination, and destruction of all Criminal Offender Record Information (CORI) furnished to the district and shall serve as the primary contact for the DOJ for any related issues. (Penal Code 11102.2)

An employee designated as custodian of records shall receive a criminal background check clearance from the DOJ prior to serving in that capacity. (Penal Code 11102.2)

DUSD Employee Assistance Programs Board Policy 4259

The Board of Trustees recognizes that school district employees may have personal problems which can have detrimental effects upon job performance and student safety. Many personal problems are easier to resolve when they are addressed early, before they reach disabling proportions. The Board encourages employees to seek help when such problems exist and to take advantage of the resources that are available to assist them.

Employees shall have confidential access to information about community resources that address personal problems. This information shall be available, on a voluntary basis, to all employees, spouses and dependents.

Management and supervisory staff shall be knowledgeable about the district's employee assistance program. When there are indications of declining performance, attendance problems, or on-the-job behavioral problems, supervisors shall consult with the Superintendent or designee to explore the resolution of such problems.

Participation in the assistance program will not jeopardize the employee's employment or career advancement, nor will it protect the employee from disciplinary action for substandard job performance.

DUSD Probation/ Permanent Status Board Policy 4216

The Governing Board desires to employ and retain highly qualified classified personnel to support the district's educational program and operations. Newly hired classified employees shall serve a probationary period during which the Board shall determine their suitability for long-term district employment.

A probationary employee who has been employed by the district for six months or 130 days of paid service, whichever is longer, shall be classified as a permanent employee of the district. (Education Code 45113, 45301)

However, in order to receive permanent classified service status, a full-time district police officer or public safety dispatcher who operates a dispatch center certified by the Commission on Peace Officer Standards and Training shall serve in a probationary status for not less than one year from the date of appointment. (Education Code 45113, 45301)

Probationary employees shall receive written performance evaluations by their supervisor during the probationary period. These evaluations shall indicate whether the evaluator is satisfied or not satisfied with the employee's ability, performance, and compatibility with the job.

The district may, without cause, dismiss a new employee during the probationary period.

Permanent employees promoted to a higher classification shall be considered probationary in their new position until they have satisfactorily completed the probationary period.

A permanent employee who accepts a promotion and fails to complete the probationary period for that promotional position shall be employed in the classification from which the employee was promoted. (Education Code 45113, 45301)

This policy shall be made available to classified employees and the public. (Education Code 45113)

DUSD Awards and Recognition Board Policy 4256.2

The Governing Board values its instructional and non-instructional staff and desires to recognize their outstanding service in order to increase employee morale and encourage creative and innovative performance.

The Board encourages recognition of all staff during days of significance designated by the Board, state law, or state resolution.

The Board authorizes awards to individual employees who: (Education Code 44015)

1. Propose procedures or ideas that result in eliminating or reducing district expenditures or improving district operations
2. Perform special acts or services in the public interest
3. By their superior accomplishments, make exceptional contributions to the efficiency, economy, or other improvement in district operations

As the district budget permits, the Superintendent or designee may recognize such employees by issuing service pins, certificates, plaques, and/or other mementos. In addition, he/she may recommend employees to the Board for recognition at a public Board meeting.

The Superintendent or designee shall establish procedures for the selection of individual employees to receive awards.

The Superintendent or designee may appoint one or more merit award committees consisting of Board members, district employees, and/or private citizens to review employee contributions and recommend awards.

Monetary awards to employees shall not exceed \$200 unless expressly approved by the Board. (Education Code 44015)

DUSD Health and Welfare Benefits

Board Policy/ Administrative Regulation 4254

The Governing Board recognizes that health and welfare benefits are essential to promote employee health and productivity and are an important part of the compensation offered to employees. The district shall provide health and welfare benefits for employees in accordance with state and federal law and subject to negotiated employee agreements.

Certificated management, administrative, and supervisory employees who are not in bargaining units shall receive the same health and welfare benefits as those specified in the collective bargaining agreement for certificated employees. Classified management, administrative, and supervisory employees who are not in bargaining units shall receive the same health and welfare benefits as those specified in the collective bargaining agreement for classified employees.

For purposes of granting benefits, a registered domestic partner and his/her child shall have the same rights, protections, and benefits as a spouse and spouse's child. (Family Code 297.5, 300)

The district shall offer full-time employees who work an average of 30 hours or more per week and their dependents up to age 26 years a health insurance plan that includes coverage for essential health benefits, pays at least 60 percent of the medical expenses covered under the terms of the plan, and meets all other requirements of the federal Patient Protection and Affordable Care Act.

With respect to eligibility to participate in the health benefits plan or the level of health benefits provided, the district shall not discriminate in favor of employees who are among the highest paid 25 percent of all district employees. (26 USC 105; 42 USC 300gg-16)

Continuation of Coverage

Retired certificated employees, other employees who would otherwise lose coverage due to a qualifying event specified in law and administrative regulation, and their qualified beneficiaries may continue to participate in the district's group health and welfare benefits in accordance with state and federal law.

Unless otherwise provided for in the applicable collective bargaining agreement, covered employees and their qualified beneficiaries may receive continuation coverage by paying the premiums, dues, and other charges, including any increases in premiums, dues, and costs incurred by the district in administering the program.

Confidentiality

The Superintendent or designee shall not use or disclose any employee's medical information the district possesses without the employee's authorization obtained in accordance with Civil Code 56.21, except for the purpose of administering and maintaining employee benefit plans and for other purposes specified in law. (Civil Code 56.20)

DUSD Reasonable Accommodation Administrative Regulation 4032

Except when undue hardship would result to the district, the Superintendent or designee shall provide reasonable accommodation:

1. In the job application process, to any qualified job applicant with a disability
2. To enable any qualified employee with a disability to perform the essential functions of the position he/she holds or desires to hold or to enjoy equal benefits or other terms, conditions, and privileges of employment as other similarly situated employees without disabilities

No employee or job applicant who requests an accommodation for his/her physical or mental disability shall be subjected to discrimination or to any punishment or sanction, regardless of whether the request for accommodation was granted. (Government Code 12940)

The district designates the position specified in AR 4030 - Nondiscrimination in Employment as the coordinator of its efforts to comply with the Americans with Disabilities Act (ADA) and to investigate any and all related complaints.

(cf. 4030 - Nondiscrimination in Employment)

Definitions

Disability, with respect to an individual, is defined as any of the following: (Government Code 12926; 20 CFR 1630.2)

1. A physical or mental impairment that limits one or more of the major life activities
2. A record of such an impairment
3. Being regarded as having such an impairment

Limits shall be determined without regard to mitigating measures such as medications, assistive devices, prosthetics or reasonable accommodations, unless the mitigating measure itself limits a major life activity. (Government Code 12926)

Essential functions are the fundamental job duties of the position the individual with a disability holds or desires. The term does not include the marginal functions of the position. (Government Code 12926; 29 CFR 1630.2)

Reasonable accommodation means: (Government Code 12926; 29 CFR 1630.2)

1. For a qualified job applicant with a disability, modifications or adjustments to the job application process that enable him/her to be considered for the position he/she desires
2. For a qualified employee with a disability, modifications or adjustments to the work environment, or to the manner or circumstances under which the position the employee holds or desires is customarily performed, that enable him/her to perform the essential functions of that position or to enjoy equal benefits and privileges of employment as are enjoyed by the district's other similarly situated employees without disabilities

Qualified individual with a disability means a job applicant or employee with a disability who: (29 CFR 1630.15, 1630.2)

1. Satisfies the requisite skill, experience, education, and other job-related requirements of the employment position he/she holds or desires
2. Can perform the essential functions of the position with or without reasonable accommodation
3. Would not pose a significant risk of substantial harm, which cannot be eliminated or reduced by reasonable accommodation, to himself/herself or others in the job he/she holds or desires

DUSD Reasonable Accommodation AR 4032 (Continued)

Undue hardship is a determination based on an individualized assessment of current circumstances that shows that the provision of a specific accommodation would cause significant difficulty or expense to the district. (29 CFR 1630.2)

Request for Reasonable Accommodation

When requesting reasonable accommodation, an employee or his/her representative shall inform the employee's supervisor that he/she needs a change at work for a reason related to a medical condition. The supervisor shall inform the coordinator of the employee's request as soon as practicable.

When requesting reasonable accommodation for the hiring process, a job applicant shall inform the coordinator that he/she will need a reasonable accommodation during the process.

When the disability or the need for accommodation is not obvious, the coordinator may ask the employee to supply reasonable documentation about his/her disability. In requesting this documentation, the coordinator shall specify the types of information that are being sought about the employee's condition, the employee's functional limitations, and the need for reasonable accommodation. The employee may be asked to sign a limited release allowing the coordinator to submit a list of specific questions to his/her health care or vocational professional.

If the documentation submitted by the employee does not indicate the existence of a qualifying disability or explain the need for reasonable accommodation, the coordinator shall request additional documentation that specifies the missing information. If the employee does not submit such additional documentation in a timely manner, the coordinator may require him/her to submit to an examination by a health care professional selected and paid for by the district.

The district may make a medical or psychological inquiry of a job applicant or require him/her to submit to a medical or psychological examination after he/she has been given a conditional offer of employment but before the commencement of his/her job duties, provided the inquiry or examination is job-related, consistent with business necessity, and required for all incoming employees in the same job classification. (Government Code 12940)

The coordinator shall not request any job applicant's or employee's genetic information except as authorized by law. (42 USC 2000ff-1, 2000ff-5)

In accordance with law, the coordinator shall take steps to ensure the confidentiality of information related to medical conditions or history. As applicable, he/she shall notify the supervisor or manager of the qualified individual of any reasonable accommodation granted the individual and may notify first aid and safety personnel when the disability of the qualified individual may require emergency treatment. (42 USC 12112) (cf. 4112.6/4212.6/4312.6 - Personnel Records)

Granting Reasonable Accommodation

Upon receiving a request for reasonable accommodation from a qualified individual with a disability, the coordinator shall:

1. Determine the essential functions of the job involved
2. Engage in an informal, interactive process with the individual to review the request for accommodation, identify the precise limitations resulting from the disability, identify potential accommodations, and assess their effectiveness
3. Develop a plan for reasonable accommodation which will enable the individual to perform the essential functions of the job or gain equal access to a benefit or privilege of employment without imposing undue hardship on the district

DUSD Reasonable Accommodation AR 4032 (Continued)

A determination of undue hardship should be based on several factors, including: (29 CFR 1630.2)

- a. The nature and net cost of the accommodation needed, taking into consideration the availability of tax credits and deductions and/or outside funding
- b. The overall financial resources of the facility making the accommodation, the number of persons employed at this facility, and the effect on expenses and resources of the facility
- c. The overall financial resources, number of employees, and the number, type, and location of facilities of the district
- d. The type of operation of the district, including the composition, structure, and functions of the workforce and the geographic separateness and administrative or fiscal relationship of the facility making the accommodation to other district facilities
- e. The impact of the accommodation on the operation of the facility, including the impact on the ability of other employees to perform their duties and the impact on the facility's ability to conduct business

The coordinator may confer with the site administrator, any medical advisor chosen by the district, and/or other district staff before making a final decision as to the accommodation.

Reasonable Accommodation Committee

The coordinator may appoint a committee to review or assist in the development of appropriate plans to reasonably accommodate qualified individuals who request modifications or adjustments in their work duties or environment because of known physical or mental disabilities.

Committee members shall be selected on the basis of their knowledge of the specific functions and duties required in the position, the physical work environment, available accommodations, and other relevant issues. The committee may include a district administrator, site administrator, medical advisor or rehabilitation specialist, and as necessary, a certificated and/or classified employee. Membership may change on a case-by-case basis

At the coordinator's discretion, the employee or applicant requesting accommodation may participate in the committee's meetings. If the employee or applicant is excluded from the committee's meetings, the coordinator shall communicate with him/her so that he/she has the opportunity to interact and contribute to planning the reasonable accommodation.

Appeal Process

Any qualified individual with a disability who is not satisfied with the decision of the coordinator may appeal in writing to the Superintendent or designee. This appeal shall be made within 10 working days of receiving the decision and shall include:

1. A clear, concise statement of the reasons for the appeal
2. A statement of the specific remedy sought

The Superintendent or designee shall consult with the coordinator and review the appeal, together with any available supporting documents. The Superintendent or designee shall give the individual his/her decision within 15 working days of receiving the appeal.

Any further appeal for reasonable accommodation shall be considered a complaint concerning discrimination in employment and may be taken to the Governing Board in accordance with the district's procedure for such complaints.

DUSD Temporary Modified/Light Duty Assignment Board Policy/Administrative Regulation 4213.4

The Board of Trustees recognizes that when employees suffer work-related injuries, modified or light-duty assignments minimize lost time and may serve to facilitate the transition back to the employee's regular duties or full-time work. Whenever possible, the Superintendent or designee shall offer such employees this kind of temporary assignment.

Any employee who suffers a work-related injury shall provide the district with medical verification of his/her physical condition. Unless the treating physician provides a full release from work, the employee may be considered eligible for a temporary modified or light-duty assignment. If the treating physician does not specify work restrictions, the Superintendent or designee may contact the physician to see if modified or light-duty work might be appropriate.

Modified or light-duty assignments shall be designed to accommodate medical restrictions specified by the employee's physician. They may include work in the same job classification or a different job classification at the employee's regular salary rate.

Modified or light-duty assignments are intended to address short-term medical restrictions and will normally extend for less than eight weeks' duration. These assignments shall not be used as a means to establish new assignments or displace other employees.

The Superintendent or designee shall meet with the employee and his/her supervisor to determine whether the employee can return to his/her regular job with the medical restrictions specified by the physician.

If the employee is not able to return to his/her regular job with restrictions, the Superintendent or designee shall seek a temporary modified or light-duty assignment for the employee. Employees who are given such assignments shall receive written notification of the assignment.

If no temporary modified or light-duty assignment can be found, the employee will be placed on temporary disability, sick leave, or other available leave to the extent available until an appropriate position within the medical restrictions is found, or until the medical restrictions are lifted. The Superintendent or designee shall also monitor the status of any employee for whom the physician provided a full release from work to see if the employee could return to a temporary modified or light-duty assignment at a later date.

If an employee rejects a temporary modified or light-duty assignment, this refusal may provide a basis for terminating temporary disability benefits.

The Superintendent or designee shall monitor all modified and light-duty assignments and may contact the physician for assistance in determining when the employee is ready to resume his/her regular duties.

DUSD Catastrophic Leave AR 4261.9a

When an employee or a member of his/her family experiences a catastrophic illness or injury which requires the employee to take time off from work for an extended period of time, and the employee has exhausted all available sick leave and other paid time off, he/she may request donations of accrued vacation or sick leave credits. (Education Code 44043.5)

In making such a request, the employee shall provide verification of the catastrophic injury or illness. (Education Code 44043.5)

Verification shall be made by means of a letter, dated and signed by the sick or injured person's physician, indicating the incapacitating nature and probable duration of the illness or injury.

Upon determination that the employee is unable to work due to his/her own or a family member's catastrophic illness or injury, any other employee, upon written notice to the Governing Board, may donate accrued vacation and/or sick leave credits to the requesting employee. Donations shall be at a minimum of eight hours, and in hour increments thereafter. (Education Code 44043.5)

All transfers of eligible leave credit shall be irrevocable. (Education Code 44043.5)

The Superintendent or designee shall ensure that all donations are confidential.

The employee who is the recipient of the donated leave credits shall use those credits within 12 consecutive months.

If donated credits are not used by the employee within 12 consecutive months, the credits shall be placed in a pool that will be available to the next eligible employee who requests catastrophic leave.

An employee who receives paid catastrophic leave shall use any leave credits that he/she continues to accrue on a monthly basis before receiving paid leave pursuant to this program. (Education Code 44043.5)

INTRODUCTION TO DUESD TECHNOLOGY DEPARTMENT

Network Privileges

All employees who sign the Acceptable Use Policy (AUP) have a network login and password. Access is available from workstations based upon whether the employee works in the classroom or as administrative support. As the AUP indicates, the email account is restricted to business use. Internet access is filtered by legal requirements. Certain attachments are also restricted to protect the network from viruses and other malicious software.

Data Storage

All data is stored on network drives which are backed up daily; no data is stored on the local C: drive. If necessary, a technician may re-image a workstation which would destroy any data stored locally. Each user has a P: drive to hold private work data. This drive is not accessible by other users. There is also an S: drive for shared data. Folders in the shared drive are available for access by increasingly more District users as they move from Site to District. Depending upon where the file is saved, it becomes available across the network to anyone else who belongs to the group. Only group members have access to the named folder.

Security

Internet and email filtering is in place, as well as antivirus software; however, no filter is perfect. It is expected that employees use discretion in accessing the Internet to prevent access to inappropriate web sites. In order to pass data from home to school and back, there are several ways to proceed. Flash drives, CDRs, and Google Docs/Drive are acceptable, as are most email attachments. Most graphic attachments are prohibited.

Software Availability

District-standard productivity software is available on the network. All software must be installed by Technology staff due to such issues as strict observance of copyright restrictions and minimizing software conflicts.

Admonition

Please refrain from passing around spam emails to other employees via the District's email system or placing any personal files such as family event pictures and videos, personal music files, etc., on the network. These items use up storage and bandwidth that are needed for daily operations. In addition, please remove old or unused files in your P: and Shared drive locations. The District reserves the right to remove any files it deems unnecessary at its discretion.

DELANO UNION ELEMENTARY SCHOOL DISTRICT ELECTRONIC ON-LINE SERVICES RULES OF INTERNET ETIQUETTE “NETIQUETTE”

- Be Polite. Never send, or encourage others to send, abusive messages.
- Use Appropriate Language. Remember that you are a representative of not only yourself but also your school on a publicly accessible system. You may be alone with your computer, but what you say and do can be viewed globally! Never swear, use vulgarities, or any other inappropriate language. Illegal activities of any kind are strictly forbidden.
- Privacy. Remember that revealing your own phone number and address can result in unwanted intrusions of your privacy and should be viewed in the same light as a public listing in a telephone directory. Users shall have no expectation of privacy and understand that the District has the right to monitor and examine all system activities to ensure proper use of the system.
- Electronic Mail. Electronic mail (E-Mail) is not guaranteed to be private. Messages relating to or in support of illegal or unethical activities must be reported to the District.

Recommended Practices

- Use accurate and descriptive titles for your articles and subject lines for your e-mail. Tell people what it is about before they read it.
- Get the most appropriate audience for your message, not the widest. Avoid posting and bulk mailing of large messages.
- Remember that if you post to multiple groups, specify all groups in a single message.
- Be brief. Fewer people will bother to read a long message.
- Minimize spelling errors and make sure your message is easy to understand and read.
- Forgive the spelling and grammatical errors of others.
- Remember that humor and satire are very often misinterpreted.
- Post only to groups you know.
- Cite references for any facts you present.
- Keep signatures brief.
- Remember that all network users are human beings. Don't "attack" correspondents; persuade them with facts.

DUSD Media Relations Board Policy 1112

The Governing Board respects the public's right to information and recognizes that the media significantly influence the community's understanding of school programs. In order to develop and maintain positive media relations, the Board and the Superintendent desire to reasonably accommodate media requests for information and to provide accurate, reliable and timely information.

Media representatives are welcome at all Board meetings and shall receive meeting agendas upon request in accordance with Board policy.

(cf. 9322 - Agenda/Meeting Materials)

(cf. 3515.2 - Disruptions)

The district shall not release information that is private or confidential as required by law, Board policy or administrative regulation. No other access to student records or personally identifiable student information may be provided without written parent/guardian permission.

(cf. 1340 - Access to District Records)

(cf. 5125 - Student Records)

(cf. 5125.1 - Release of Directory Information)

(cf. 9010 - Public Statements)

(cf. 9321.1 - Closed Session Actions and Reports)

Interviewing and Photographing Students

The district shall not impose restraints on students' right to speak freely with media representatives at those times which do not disrupt a student's educational program. However, interviews of students may not create substantial disorder or impinge on the rights of others. Therefore, in order to minimize possible disruption, media representatives who wish to interview students at school are strongly encouraged to make prior arrangements with the principal. At their discretion, parents/guardians may instruct their children not to communicate with media representatives.

In order to protect the privacy and safety of students, a media representative who wishes to photograph students on school grounds should first make arrangements with the principal or designee.

When interviewing or photographing a special education student, he/she shall not be identified as a special education student without prior, written parent/guardian permission.

Media Communications Plan

In order to help develop strong relations with the media, the Superintendent or designee shall develop a proactive media communications plan. This plan may include, but not be limited to, information related to district programs and needs, student awards, school accomplishments and events of special interest.

(cf. 0510 - School Accountability Report Card)

(cf. 1100 - Communication with the Public)

(cf. 1160 - Political Processes)

DUSD Media Relations BP 1112 (Continued)

Superintendent and public information officer. Other Board members and staff may be asked by the Superintendent or designee to speak to the media on a case-by-case basis, depending on their expertise on an issue.

The Superintendent or designee shall provide training on effective media relations to all designated spokespersons.

(cf. 9240 - Board Development)

Crisis Communications Plan

During a disturbance or crisis situation, the first priority of school staff is to assure the safety of students and staff. However, the Board recognizes the need to provide timely and accurate information to parents/guardians and the community during a crisis. The Board also recognizes that the media have an important role to play in relaying this information to the public. In order to help ensure that the media and district work together effectively, the Superintendent or designee shall develop a crisis communications plan to identify communication strategies to be taken in the event of a crisis.

(cf. 0450 - Comprehensive Safety Plan)

(cf. 3516 - Emergencies and Disaster Preparedness Plan)

The crisis communications plan may include but not be limited to identification of a media center location, development of both internal and external notification systems, and strategies for press conference logistics.

The Superintendent or designee shall include local law enforcement and media representatives in the crisis planning process.

Regulation approved: April 10, 2017

DISTRICT SOCIAL MEDIA POLICY

Delano Union School District

The Delano Union School District supports the use of email, text messaging and online social media to facilitate District programs, departments and school sites in building a more successful parent, community, student and employee network, and recognizes the common use of such technology in everyday life.

The District's guidelines pertain to the use of personal email, text messaging, and online social media. The guidelines for use of District email, text messaging, and social media are contained in BP 1114 and BP 4040.

A. Definitions:

"Email" means an employee's personal email and not any District-provided email that is subject to the District's Acceptable Use Policy.

"Text" and "texts" or "text messaging" refers to the use of any form of personal instant messaging technology not utilizing District-provided technology."

"Social Media" includes the various online technology tools that enable people to communicate easily over the internet to share information and resources. Social media can include text, audio, video, images, podcasts, and other multimedia communications. These websites not only provide information, but allow for interaction during this informational exchange through user-generated content. Some specific examples include (but are not limited to):

- Facebook (<http://facebook.com>)
- Hi5 (<http://hi5.com/friend/displayHomePage.do>)
- Flickr (<http://www.flickr.com>)
- Twitter (<http://www.twitter.com>)
- YouTube (<http://www.youtube.com>)

- LinkedIn (<http://linkedin.com>)
- Slogs (Web Logs)
- Any District social media site

“Personal Social Media” includes all social media that is not official District social media.

“Technology” includes computers, notebooks, the Internet, telephones, cellular telephones, personal digital assistants, pagers, MP3 players, such as iPod’s, USB drives, wireless access points (routers), or any wireless communication device.

“District Technology” is that which is owned or provided by the District.

“Personal Technology” is non-District technology.

B. Official District Social Media Presence

The guidelines for official District social media are contained in Board Policy 1114.

C. Guidelines for Use of Personal Social Media

1. **Authorization.** Personal social media should not include any representation of being official District social media without authorization from the District HR Department. Any use of District representations existing without prior authorization will be subject to removal. As appropriate, a recommendation for disciplinary action may result.

2. **Content Disclaimer.** Any approved official presence on social media sites outside of official District social media shall include the following text:

“The views expressed on this site do not reflect the views of the Delano Union School District. This site contains user-created content which is not endorsed by the District. The purpose of this site is” ... (then specify the purpose).

3. **District Logo.** The use of the District logo(s) on a personal social media site must be approved by the HR Department.

4. **Guidelines for Off-Campus versus On-Campus Use of Personal Social Media, Text, Email and Internet.** Although staff members enjoy free speech rights guaranteed by the first Amendment to the United States Constitution, certain types of communication, typically by virtue of their subject-matter connection to campus, may relate enough to school to have ramifications for the author or subject at the District site.

District employment related electronic communications, including use of personal technology, are governed by the District Acceptable Use Policy. Where approved by the

employee's supervisor in advance, an employee may make minimal use of personal technology, texts and email, as long as that use does not violate this Policy or the Acceptable Use Policy, does not result in any additional fee or charge to the District, and does not interfere with the normal business practices of the District or the performance of the employee's duties. Personal social media shall not be used during on-duty hours and no supervisor has authority to authorize use of personal social media during on-duty hours.

Off-campus internet usage is normally unrelated to school; however, off-campus use of personal technology/devices, including use of social media, texts and email, may violate District policy if the conduct or speech will cause actual, material disruption of school activities or adversely impact a staff member's ability to perform his or her job duties in a satisfactory manner.

Work/Personal Distinction – Staff members are strongly encouraged to maintain a clear distinction between their personal social media use and any District-related social media sites.

5. Student Photographs. Absent express parent permission for a specific school-related purpose, staff members may not send, share, or post pictures, text messages, e-mails or other material that personally-identifies District students in electronic or any other form of personal social media, email or texts. Staff members may not use images of students, e-mails, or other personally-identifiable student information for any reason.

6. Professional Effectiveness. District employees must be mindful that any Internet information is ultimately accessible to the world. To avoid jeopardizing their professional effectiveness, employees are encouraged to familiarize themselves with the privacy policies, settings, and protections on any social networking websites to which they choose to subscribe and be aware that information posted online, despite privacy protections, is easily and often reported to administrators or exposed to District students.

7. Personal Social Networking & Media Accounts. Before employees create or join an online social network, they should ask themselves whether they would be comfortable if a "friend" decided to send the information to their students, the student's parents, or the employee's supervisor. Educators must give serious thought to the implications of joining an online social network.

8. Responsible Online Identity Monitoring. Employees are encouraged to monitor their "online identity" by performing search engine research on a routine basis in order to prevent their online profiles from being fraudulently compromised or simply to track information posted about them online. Often, if there is unwanted information posted about the employee online, that employee can contact the site administrator in order to request its removal.

9. "Friending" District Students. Except as provided below, employees are discouraged from having online interactions with students on personal social media or via personal email or texts. District employees' social networking profiles should not be linked to District students' online profiles.

10. Contacting Students Off-Hours. Employees are strongly encouraged to refrain from using personal social media, email or text messaging for online interaction with students without first having obtained the consent of the student's parent or guardian. District employees must never disclose confidential information possessed by the employee by virtue of his or her District employment.

11. Ethical Standards and Professional Behavior. The Governing Board expects District employees and associated persons to maintain the highest ethical standards, exhibit professional behavior, follow District policies and regulations, abide by state and federal laws, and exercise good judgment when interacting with students and other members of the school community – whether that interaction is in person or via electronic means. Because online content can be spread in mere seconds to a mass audience, the District encourages employees to ask themselves before posting any information online whether they would be comfortable having this information printed in the newspaper alongside their photo. If you would not post it in the classroom, do not post it online!

12. Exception for Related Students. Notwithstanding the provisions of the personal email, text messaging and social media guidelines, the District recognizes that employees may have relatives who are also students of the District. Employees may use personal email, texts, and social media, including photographs of these family members, for communication with these students, to the extent such usage does not interfere with the employee's assigned duties, and so long as such usage does not violate the Acceptable Use or other District policy. For the purpose of this policy, "relatives" includes brothers, sisters, sons, daughters, grandchildren, aunts/uncles, in-laws, cousins, nieces, nephews, or persons for whom the employee serves as legal guardian.

DISTRICT SOCIAL MEDIA POLICY
ADOPTED: October 3, 2016

District employees who fail to comply with the DISTRICT SOCIAL MEDIA POLICY may be subject to administrative discipline and/or legal action.

DUSD Employee Use of Technology Board Policy 4040

Personnel

The Governing Board recognizes that technological resources enhance employee performance by offering effective tools to assist in providing a quality instructional program; facilitating communications with parents/guardians, students, and the community; supporting district and school operations; and improving access to and exchange of information. The Board expects all employees to learn to use the available technological resources that will assist them in the performance of their job responsibilities. As needed, employees shall receive professional development in the appropriate use of these resources.

Employees shall be responsible for the appropriate use of technology and shall use district technology primarily for purposes related to their employment.

The Superintendent or designee shall establish an Acceptable Use Agreement which outlines employee obligations and responsibilities related to the use of district technology. Upon employment and whenever significant changes are made to the district's Acceptable Use Agreement, employees shall be required to acknowledge in writing that they have read and agreed to the Acceptable Use Agreement.

Employees shall not use district technology to access, post, submit, publish, or display harmful or inappropriate matter that is threatening, obscene, disruptive, sexually explicit, or unethical or that promotes any activity prohibited by law, Board policy, or administrative regulations.

Harmful matter includes matter, taken as a whole, which to the average person, applying contemporary statewide standards, appeals to the prurient interest and is matter which depicts or describes, in a patently offensive way, sexual conduct and which lacks serious literary, artistic, political, or scientific value for minors. (Penal Code 313)

The Superintendent or designee shall ensure that all district computers with Internet access have a technology protection measure that protects against access to visual depictions that are obscene, child pornography, or harmful to minors and that the operation of such measures is enforced. The Superintendent or designee may disable the technology protection measure during use by an adult to enable access for bona fide research or other lawful purpose. (20 USC 6777; 47 USC 254)

The Superintendent or designee shall annually notify employees in writing that they have no reasonable expectation of privacy in the use of any equipment or other technological resources provided by or maintained by the district, including, but not limited to, computer files, email, text messages, instant messaging, and other electronic communications, even when provided their own password. To ensure proper use, the Superintendent or designee may monitor employee usage of district technology at any time without advance notice or consent and for any reason allowed by law.

In addition, employees shall be notified that records maintained on any personal device or messages sent or received on a personal device that is being used to conduct district business may be subject to disclosure, pursuant to a subpoena or other lawful request.

Employees shall report any security problem or misuse of district technology to the Superintendent or designee.

Inappropriate use of district technology may result in a cancellation of the employee's user privileges, disciplinary action, and/or legal action in accordance with law, Board policy, and administrative regulation.

DUSD Employee Acceptable Use Agreement of Technology Exhibit 4040

What is CSEA?

The California School Employees Association is the largest classified school employees union in the United States. [CSEA represents](#) more than 230,000 public employees in California.

CSEA was [formed in 1927](#) by a determined group of Oakland custodians who saw the need to gain protections for themselves and other classified employees. Through this initial determination, CSEA proved to be an organization that would stand the test of time.

Statewide Organization

The state is divided into ten geographic Areas. Each Area is represented by an Area Director elected by members in that Area. The Area Directors serve on the [Board of Directors](#), along with five additional executive members of the Board who are elected at the annual CSEA conference.

The ten geographic Areas of CSEA are further divided into 100 Regions. Each Region is represented by a Regional Representative appointed by the State President. The Regional Representatives serve the State President for one year. Regional Representatives also serve on many crucial committees at the President's request.

CSEA is democratically controlled through members in more than 750 local chapters. Chapters elect officers, bargain collectively and implement CSEA programs locally. Chapters send delegates to the annual CSEA conference where resolutions and policies are discussed and the future direction for CSEA is democratically decided.

Professional Staff

The professional staff is headed by the Executive Director at [Headquarters](#) in San Jose. Other services housed in San Jose Headquarters are: Accounting, Field Operations, Human Resources, Information Systems, Legal, Member Benefits, Office Services, Public Relations, and Research.

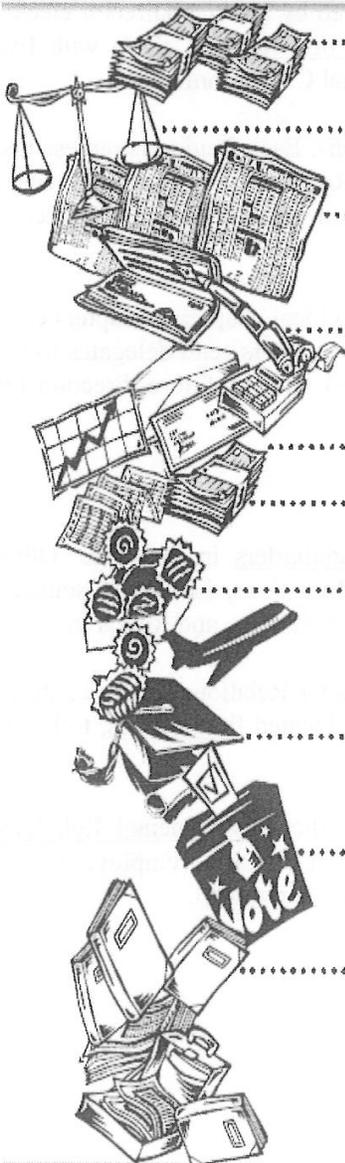

CSEA is served by Labor Relations Representatives statewide. The Labor Relations Representatives perform a range of professional services, working out of strategically located [field offices](#), to better serve local membership.

CSEA also maintains a professional Governmental Relations staff. The [Governmental Relations office](#) is responsible for passing legislation favorable to the interests of classified employees. The Governmental Relations office is located adjacent to the state Capitol in Sacramento.

As concerned parents, we encourage you to discuss the rules and regulations listed below with your children. The school district wishes to thank the parents and guardians for their cooperation.

Instruction shall include responsibilities of passengers seated next to an emergency exit. As part of the instruction, pupils shall evacuate the school bus through emergency exit doors.
3. Prior to departure on any school activity trip, all students riding on a school bus or school pupil activity bus shall receive safety instructions which includes, but is not limited to, location of emergency exits, and location and use of emergency equipment. Instruction may also include responsibilities of passengers seated next to an emergency exit. This information shall be documented prior to each trip departure by the bus driver.
4. Students who wish to get off at a school bus stop other than their designated stop must first get approval from the school office.
