INTRODUCTION AND OVERVIEW

I. PRE-QUALIFICATION OF DESIGN-BUILD ENTITIES

Pursuant to Education Code section 17250.25(b), all design-build entities must be pre-qualified in order for the Delano Union School District (“District”) to develop a short-list of design-build entities whose proposals shall be evaluated for final selection. This Pre-Qualification Questionnaire (“Questionnaire”) must be completed and submitted with the proposer’s response to the Request for Qualifications (“RFQ”) by the date set forth in the RFQ. The Questionnaire and financial statement must be verified under oath. The District reserves the right to check other sources available to clarify, confirm or supplement any information provided by the design-build entity. The District reserves the right to adjust, increase, limit, suspend or rescind the Questionnaire scoring based on subsequently learned information. The District reserves the right to waive minor irregularities and omissions in the information contained in any submitted Questionnaire or the pre-qualification process, and to make all final determinations.

II. PRE-QUALIFICATION QUESTIONNAIRE

All questions in the Questionnaire must be answered. If a question is not applicable, then indicate a response of “N/A”. “You” or “Yours” as used herein refers to the prospective all members of the “design-build team” as defined in Public Contract Code section 17250.15(e) and any of their respective owners, officers, principals and qualifying individuals. Any references to owners, officer, principals or partners herein shall include any qualifying individuals including any RME or RMO.

Each Questionnaire must be signed under penalty of perjury in the manner designated at the end of the form, by an individual who has the legal authority to bind the design-build entity. If any information provided by a prospective design-build entity becomes inaccurate, the prospective design-build entity must immediately notify the District and provide updated accurate information in writing, under penalty of perjury.

III. EVALUATION BY DISTRICT

The District will evaluate the information provided and issue each submitting prospective design-build entity a rating of “Prequalified” or “Not Prequalified.” The District’s evaluation will be based on the information provided, references, and such additional outside information as the District in its discretion deems reasonable and necessary to obtain. The District may, but is not obligated to, investigate the truth of any statements or information provided by a prospective design-build entity in response hereto.

IV. APPEALS PROCEDURES

There is no appeal from a finding that a prospective design-build entity is not pre-qualified because of a late application or a failure to submit required information. A prospective design-build entity may appeal the District’s decision with respect to its request for pre-qualification by giving written notice to the District no later than five (5) business days after receipt of notice of its pre-qualification status. Notice shall be sent to the address listed in the RFQ. Unless a

prospective design-build entity files a timely appeal, the prospective design-build entity waives any and all rights to challenge the pre-qualification decision of the District, whether by administrative process, judicial process or any other legal process or proceeding. The date for issuing or receipt of responses to the Request for Proposals and any subsequent contract award will not be delayed or postponed to allow for completion of an appeal process.

After receipt of a timely request for appeal, the District will provide the prospective design-build entity any supporting evidence that has been received from others or adduced as a result of an investigation by the District. The appealing prospective design-build entity will be provided an opportunity to rebut any evidence. The District, in its sole discretion, may conduct a hearing regarding the prospective design-build entity's timely appeal. If such a hearing is conducted, the prospective design-build entity consents to the District's Director of Facilities Planning & Construction, or his or her designee, to act as the hearing officer.

V. APPLICATION OF THE PUBLIC RECORDS ACT

The Questionnaire answers and financial statements included herein and submitted by prospective design-build entities are not public records and are not open to public inspection. All such information provided will be kept confidential to the extent permitted by law, although the contents may be disclosed to third parties for the purpose of verification, investigation of substantial allegations, and in the process of any subsequent proceedings. State law requires that the names of contractors applying for pre-qualification status shall be public records subject to disclosure, and the first page of the Questionnaire will be used for that purpose.

VI. SUBMISSION REQUIREMENTS

The Questionnaire must be signed under penalty of perjury in the manner designated on the certification page, by individuals with the legal authority to bind all members of the design-build entity. If any information provided by any member of the design-build entity becomes inaccurate, the design-build entity must immediately notify the District and provide updated accurate information in writing, under penalty of perjury.

VII. WHAT IS A DESIGN-BUILD ENTITY AND WHO IS BEING PRE-QUALIFIED?

A "design-build entity", its members, and the "design-build team" are defined as set forth in Education Code Section 17250.15. These definitions allows a general contractor some latitude in the composition of its design-build team (but note that mechanical, electrical and plumbing contractors must be pre-qualified as part of the design-build entity and design-build team). The contractor may have all necessary design and construction capabilities "in house" or the contractor may subcontract for these services. This Questionnaire seeks information about the contractor and design professionals that comprise the design-build entity and design-build team, whether all of these services are provided solely by the contractor "in house", or whether some of these services are subcontracted. All design-build entity members must sign the Questionnaire.

Mechanical, Electrical and Plumbing Subcontractors:

All mechanical, electrical and plumbing subcontractors must be pre-qualified. The general contractor may have these capabilities “in house” or subcontract these capabilities. Sections I(D) and III(D) (electrical subcontractors); I(E) and III(E) (mechanical subcontractors); and I(F) and III(F) (plumbing subcontractors) are provided for this purpose. The general contractor must list its mechanical, electrical and plumbing subcontractors as part of the design-build team. As an alternative, the general contractor may pre-qualify several mechanical, electrical and plumbing subcontractors for which it will later accept bids from to perform these services by making copies of appropriate corresponding Sections. These mechanical, electrical and plumbing subcontractors would be entitled to the protection contained in Chapter 4 (commencing with Section 4100) of Part 1 of Division 2 of the Public Contract Code.

Other Subcontractors:

Other Subcontractors who are not pre-qualified as part of the design-build team or identified in the RFQ as requested by the District must be obtained by the general contractor in accordance with Education Code section 17250.35. In addition, those subcontractors are entitled to the protections contained in Chapter 4 (commencing with Section 4100) of Part 1 of Division 2 of the Public Contract Code.

Architects:

The Questionnaire asks questions about the “Architect of Record”, the firm the Architect of Record works for, and other known Architects who will be working on the project. The Architect of Record in this document refers to the architect whose stamp will appear on the Construction Documents as approved by DSA.

Engineers:

In addition, the Questionnaire asks questions about the “Principal Engineers.” Who the “Principal Engineers” are will be dictated by the nature of the project. They may be structural, mechanical, electrical or other types of engineers as requested by the District in the RFQ.

A-6. In the last five years has the General Contractor or its Associates, been debarred, disqualified, removed or otherwise prevented from bidding on, or completing, any government agency or public works project for any reason?

Yes No

If “yes,” explain on a separate page. State the name of the organization debarred, the year of the event, the owner of the project, and the basis for the action.

A-7. Has the General Contractor or its Associates ever been denied an award of a public works contract based on a finding by a public agency that they were not a responsible bidder?

Yes

No

If “yes,” on a separate page identify the year of the event, the entity denied the award, the owner, the project, and the basis for the finding by the public agency.

(NOTE: The following two questions refer only to disputes between contractors and owners of projects. You need not include information about disputes with suppliers, other contractors, or subcontractors. You need not include information about “pass-through” disputes in which the actual dispute is between a subcontractor and a project owner.)

- A-8. In the past five years has any claim in excess of \$10,000 been filed in court or arbitration against the General Contractor or its Associates concerning their work on a construction project?

Yes

No

If “yes,” on a separate page identify the claim(s) by providing the project name, date of the claim, name of the claimant, the name of the entity the claim was filed against, a brief description of the nature of the claim, the court and case number, and a brief description of the status of the claim (pending or, if resolved, a brief description of the resolution).

- A-9. In the past five years has the General Contractor or its Associates made any claim in excess of \$10,000 against a project owner concerning work on a project or payment for a contract and filed that claim in court or arbitration?

Yes

No

If “yes,” on a separate page identify the claim by providing the name of claimant, the project name, date of the claim, name of the entity (or entities) against whom the claim was filed, a brief description of the nature of the claim, the court and case number, and a brief description of the status of the claim (pending, or if resolved, a brief description of the resolution).

- A-10. In the last five years has any insurance carrier, for any form of insurance, refused to renew the insurance policy for the General Contractor or its Associates due to non-payment or contractor losses?

Yes

No

If “yes,” on a separate page give name of the insured, name the insurance carrier, the form of insurance, and the year of the refusal.

- A-11. Has the General Contractor or its Associates ever been found liable in a civil suit or found guilty in a criminal action for making any false claim or material misrepresentation to any public entity?

Yes

No

If “yes,” explain on a separate page, including identifying who was found liable or guilty, the court and case number, the name of the public entity, the civil or criminal verdict, the date and the basis for the finding.

- A-12. Has the General Contractor or its Associates ever been convicted of a crime involving any federal, state, or local law related to construction?

Yes No

If “yes,” explain on a separate page, including identifying who was convicted, the name of the victim, the date of the conviction, the court and case number, the crimes, and the grounds for the conviction.

- A-13. Has the General Contractor or its Associates ever been convicted of a federal or state crime of fraud, theft, or any other act of dishonesty?

Yes No

If “yes,” identify on a separate page, the person or persons convicted, the court and case number, the crimes, and the year convicted.

- A-14. During the last five years, has there ever been a period of time when the General Contractor or its Associates had no surety bond in place during a public construction project when one was required?

Yes No

If yes, indicate the period during which no surety bonds were in place, name of entity without the surety bond, the name of project owner, and if coverage was denied the date coverage was denied and the name of the company that denied coverage.

- A-15. Has CAL OSHA cited and assessed penalties against the General Contractor or its Associates for any “serious,” “willful” or “repeat” violations of its safety or health regulations in the past five years?

(NOTE: If you have filed an appeal of a citation, and the Occupational Safety and Health Appeals Board has not yet ruled on your appeal, you need not include information about it.)

Yes No

If “yes,” on separate page describe the citations, the party against whom the citation was made, date of citation, nature of the violation, project on which the citation was issued, owner of project, and the amount of penalty paid, if any. State the case number and date of any OSHAB decision.

A-16. Has the Federal Occupational Safety and Health Administration cited and assessed penalties against the General Contractor or its Associates in the past five years?

(NOTE: If an appeal of the citation has been filed and the Appeals Board has not yet ruled, or if there is a court appeal pending, you need not include information about the citation.)

Yes No

If “yes,” on separate page describe the citations, the party against whom the citation was made, date of citation, nature of the violation, project on which the citation was issued, owner of project, and the amount of penalty paid, if any. State the case number and date of any decision.

A-17. Has the EPA, any Air Quality Management District or any Regional Water Quality Control Board cited and assessed penalties against either the General Contractor or its Associates or the owner of a project during the time in which the preceding parties were performing on a contract in the past five years?

(NOTE: If an appeal of the citation has been filed and there is no ruling yet, or if there is a court appeal pending, you need not include information about the citation.)

Yes No

If “yes,” on separate page describe the citations, the party against whom the citation was made, date of citation, nature of the violation, project on which the citation was issued, owner of project, and the amount of penalty paid, if any. State the case number and date of any decision.

A-18. How often does the General Contractor require documented safety meetings to be held for construction employees and field supervisors during the course of a project?

A-19. List the General Contractor’s Experience Modification Rate (EMR) (California workers’ compensation insurance) for each of the past three premium years:

(NOTE: An Experience Modification Rate is issued to your firm annually by your workers’ compensation insurance carrier.)

Year: _____	EMR: _____
Year: _____	EMR: _____
Year: _____	EMR: _____

If your EMR for any of these three years is 1.00 or higher you may attach a letter of explanation. The General Contractor’s EMR must comply with the requirements set forth in Education Code section 17250.25(G); otherwise the design-build entity may not be pre-qualified.

A-20. Within the last five years has there ever been a period when the General Contractor or its Associates had employees but was without workers' compensation insurance or state-approved self-insurance?

Yes No

If "yes," please explain the reason for the absence of workers' compensation insurance on a separate page. If "No," please provide a statement by your current workers' compensation insurance carrier that verifies periods of workers' compensation insurance coverage for the General Contractor for the last five years. (If the General Contractor has been in business for less than five years, provide a statement by your workers' compensation insurance carrier verifying continuous workers' compensation insurance coverage for the period that your firm has been in business.)

A-21. Has there been more than one occasion during the last five years in which the General Contractor or its Associates was required to pay either back wages or penalties for failure to comply with the **state's** prevailing wage laws? This includes any civil wage and penalty assessments issued against the General Contractor.

Yes No

If "yes," attach a separate page, describing the violator, nature of each violation, name of the project, date of its completion, the public agency for which it was constructed, the number of employees who were initially underpaid and the total amount of back wages and penalties that were assessed.

A-22. During the last five years, has there been more than one occasion in which the General Contractor or its Associates have been penalized or required to pay back wages for failure to comply with the **Federal** Davis-Bacon prevailing wage requirements?

Yes No

If "yes," attach a separate page, describing the violator, nature of each violation, name of the project, date of its completion, the public agency for which it was constructed; the number of employees who were initially underpaid and the total amount of back wages and penalties that were assessed.
