General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

Mission:

We are a Professional Learning Community who is committed to providing a high quality education for all students in a nurturing, safe learning environment.

Vision:

Our mission is to produce life-long learners and citizens of positive character through a focused and caring learning environment.

Goals:

- 1.a We will provide an environment of academic excellence that will develop creative and critical thinkers.
- 1.b We will commit to provide a supportive learning environment that models a strong, positive work ethic, sparks inquiry and enthusiasm for learning, and enables our students to become productive and responsible citizens.
2. We will educate all students in a safe and nurturing family environment, where they will learn to be active citizens of a culturally diverse society.
3. We will engage each of our students as unique individuals in order to prepare them for college and career readiness.

At Del Vista Math & Science Academy, we are a mandatory uniform school. We are committed to developing the learning potential and academic achievement of each and every student. The staff works closely together to provide the best educational program possible to help achieve the goals above, all while nurturing our students social emotional needs. The students at Del Vista Math & Science Academy have many opportunities for extended learning. After school tutoring is offered for students in kindergarten through fifth grades. Migrant students attend the Migrant Extended Day classes which are held twice per week. The students in these classes receive extra help with homework and additional language instruction. Students participating in the GATE program also have after school sessions with the purpose of providing enrichment and culminating in a GATE festival where they showcase a project. The ELOP POWER+ program is also available to all students.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

2020-21 Teacher Preparation and Placement

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

Teachers Without Credentials and Misassignments (considered “ineffective” under ESSA)

2023-24 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Del Vista Math & Science Academy pupils currently use curriculum adopted by our school district in the areas of Reading/English Language Arts, Math, Science, and Social Science. The adopted curriculum has come from the most recent State Board of Education's Adoptions list at the time of the adoption. Each pupil is assigned, and granted access to, all core curriculum material and its supplementary components. Del Vista Math & Science Academy also maintains sufficient amount of textbooks and core material to ensure that all students are guaranteed access in all instances, and core textbooks are inspected annually and replaced as needed as to meet the requirements of the Williams Settlement Implementation Agreement.

School Facility Conditions and Planned Improvements

Del Vista Math & Science Academy was one of the first schools built in Delano. The school is located in a residential neighborhood that includes both single-family homes and apartment buildings. Our site houses a preschool, M/S Preschool, 31 classrooms, cafeteria, office, resource room, fitness lab, and library. We teach, practice, and promote a safe learning environment and positive social behavior with the help of a Multi-Tiered System of Support (MTSS). District and school staff takes great pride in ensuring our classrooms and grounds are clean, safe, functional, and free of dangerous objects. All classrooms, bathrooms, and offices are cleaned daily and repairs are made in a timely manner. A work order process called School Dude is used to ensure efficient service. Remodernization has begun this school year, 2022-2023, and will be completed in phases.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

Mathematics (grades 3-8 and 11)	27	32	23	30	33	34

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2022-23 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2022-23 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT during 2021-22 and 2022-23 school years, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

The Del Vista Math & Science Academy Parent Involvement Policy has been jointly developed and agreed upon by staff and parents/guardians of students served in the school pursuant to Title I.

Del Vista Math & Science Academy recognizes that parents/guardians are partners in their children's education and that student achievement is enhanced through meaningful parent involvement. In order to fulfill the Title I, Part A parental involvement requirements, Del Vista Math & Science Academy will provide full opportunities for the participation of all parents/guardians. The school will provide information in an understandable and uniform format, to the extent practicable, in a language parents understand. Del Vista Math & Science Academy educates students from culturally and linguistically diverse backgrounds. The majority of students are also from socio-economically disadvantaged backgrounds. Thus, all educational partners in our school recognize the importance of parent and family involvement to the education of our children.

Del Vista Math & Science Academy will take the following actions to involve parents and families in the education of their children:

- Convene an annual Title 1 Meeting to inform parents of the requirements of Title 1 and of their right to be involved.
- Offer a flexible number of meetings and provide child care.
- Maintain an active School Site Council involved in the planning, designing, implementing, reviewing, and improving of the school's Title I program. Training for parents will be provided by the district. This School Site Council will be responsible for the development of the Local Control Accountability Plan and the School/Parent Compact.
- Maintain an active English Learner Advisory Committee to represent the needs and interests of English Learners and their parents/guardians.
- Conduct a parent needs survey in applicable languages to determine parents' needs for information and training.
- Provide assistance to parents in the understanding of topics such as: Common Core State Standards, English language proficiency criteria, student performance on the state tests, how to monitor their child's progress, new assessments, and how to extend and enrich learning at home.
- Provide materials and training to help parents work with their children to improve their children's achievement.
- Provide opportunities for parents to celebrate and recognize students.

2023-24 Opportunities for Parental Involvement

- Notify parents annually of testing results and language classroom placement (English learners). Parents will also be involved in the reclassification process of their children from English learners to fluent English speakers.
- Provide written communications in both English and Spanish with translators available during conferences between parents and teachers or administrators, during SAT meetings, and during School Site Council/English Learner Advisory Committee meetings. The school will provide full opportunities for the participation of Title 1 parents with limited English proficiency, parents with disabilities, and parents of migratory students.
- Provide parents information and guidance to help with their children's behavioral issues as well as social emotional well-being:

a. The School Psychologist, social worker or Marriage Family Therapists will hold meetings with parents to help with parenting and discipline skills.

b. A Student Assistance Team (SAT) will meet with parents to provide assistance and address student needs.

c. DVMSA will also refer parents to Child Guidance which provides counseling to families and children.

Together, in a collaborative and cooperative spirit, DVMSA staff and parents will work together to build a strong foundation for the successful education of the children at Del Vista Math & Science Academy.

2023-24 School Safety Plan

Student and Staff safety are a priority at Del Vista Math & Science Academy. Therefore, a school wide Comprehensive Safe School Plan that outlines emergency procedures and protocols for students, teachers and parents has been developed. The school safety plan is reviewed on a yearly basis and updated as needed. All educational partners play an advisory role in developing the plan. School Site Council approves the safety plan on a yearly basis. The current School Safety Plan will be reviewed at a public meeting by the School Site Council in a meeting held in February 2024.

This plan includes identification of the appropriate strategies and programs to provide or maintain a high level of school safety. It also addresses the school's procedures for complying with the existing laws related to school safety. The plan is based on the assessment of the current status of school crimes committed on campus and school related functions. It includes school climate, physical environment, child abuse reporting, disaster procedures, disciplinary procedures, ensuring a safe and orderly environment, and procedures for a safe ingress and egress of pupils, parents, and staff.

The safety plan was reviewed with all staff and parent groups in July of 2023.

In August, a safety week is held to review and practice drills for fire, earthquake, lockdowns, evacuations, and major disasters. Monthly safety drills are practices to remind student and staff of proper safety procedures. A code blue team is also established and trained yearly on the use of an AED.

Fiscal Year 2022-23 Types of Services Funded

Del Vista Math & Science Academy offers a great number of support services to the students. Support personnel who specialize in various fields address the needs of our students. Support personnel include a full-time school psychologist, nurse, speech pathologist and mild/moderate special education teacher as well as a full-time resource teacher and school social worker. Teachers refer students for any needed intervention or Special Education Services. In addition, GATE students attend after school GATE classes and participate in the GATE Festival. Migrant students also have many support services including Migrant Extended Day Classes and various Academies that are offered throughout the school year. Extended Learning Opportunities are also offered to all students through the school's POWER+ program and district academies. English Language Learners and Immigrant students are monitored throughout the school year by the site resource teacher to ensure their needs are met and that they are given the proper assessments in a timely manner. LCAP funds are used to provide instructional aides in Transitional Kindergarten and Kindergarten classrooms. Other site funding is used for after school tutorials for students in all grade levels who are not meeting grade-level standards.

Professional Development

All teachers in the Delano Union School District have access to an extensive amount of staff development every school year. These staff development opportunities include training in Language Arts, ELD, Math, Physical Education, Science and Writing (Thinking Maps). Del Vista Math & Science Academy is also responsible for providing staff with staff development in areas determined by need. The area of need is determined based on data from STAR scores, ELPAC scores, IXL scores, ELA/Math benchmarks and interim assessments. Staff Development is provided in half or full day STPT meetings. Staff also attended conferences outside of regular school hours. For ELA, Math and ELD implementation, teachers are supported through in-class coaching with the assistance of the district Math coach, Reading Intervention Teacher and our District Learning Coordinator. Training implementation is also supported through teacher and administrator communication. Methods by which professional development is delivered are: conference attendance, after-school trainings, district professional development days, and occasional Saturdays.

The primary focus of the staff development at Del Vista Math & Science Academy for the 2023-2024 school year will be in the areas of ELA (including writing), Math, and Next Generation Science Standards.
